1	<p>(i) Unitech Limited ("the Company") held its annual general meeting for last 2 years with delays. The company had not applied for any extension for these annual general meeting to the Registrar of Companies, NCT of Delhi & Haryana and is in the process of estimation of penalty and other implications due to delay in holding of annual general meeting.</p> <p>(ii) Further, the Company also delayed in filing of its quarterly and annual/year to date results with Security and Exchange Board of India "SEBI". The Company has not taken any provision related to penalty on account of such delay and management is now planning to seek relief against such penalty from SEBI.</p> <p>(iii) We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>	<p>(i) The Annual General Meeting (AGM) for the year ended 31st March, 2022 was due to be held latest by 30th September, 2022. However, the AGM for the FY 2021-22 was held on 31.03.2023. The new management did not have access to complete records of various transactions of the Company. It caused delay in the finalization of accounts and convening of Annual General Meeting. The new Management has inherited several legacies under various provisions of law, including non-compliances related to non-holding of Annual General Meeting of Unitech Limited on or before the due dates. Ever since the new Management took control of Unitech Group as whole, it has been endeavoring to make the Group compliant in accordance with the provisions of the Companies Act, 2013 and rules made thereunder and other applicable laws.</p> <p>(ii) The Company has scheduled its Annual General Meeting for the FY 2022-23 on 29th September 2023, which is well within the prescribed time-lines.</p> <p>(iii) The Management had taken up the issue of seeking exemptions and waiver of penalties from MCA as well as SEBI vide its letters dated 11.06.2020, 29.07.2020 and 27.08.2020 and had also sought the intervention of Secretary MCA to take up the matter with SEBI. The Secretary MCA also took up the matter with Chairman SEBI vide his letter dated 05.08.2020. SEBI responded vide its letter dated 09.09.2020 informing that the BSE and NSE had examined the issue in view of moratorium granted by the Hon'ble Supreme Court and the notice for suspension of trading of securities had been withdrawn. Finding that there was no positive response on waiver of penalties, the Management filed an IA No. 81660 of 2021 and 81663 of 2021 on 16.07.2021 in the Supreme Court seeking requisite reliefs, which is still pending. The above defaults on the part of the Company were also placed before the Hon'ble Supreme Court in the Action Taken Report-III filed on 28.03.2022</p>

BOARD'S REPORT

Sr. No.	Auditor's Observations	Management's Response
2.	<p>(i) We have made references to the Resolution Framework (RF) for Unitech group which has been prepared under the directions of the Board of Directors of Unitech Limited appointed by the Central Government pursuant to the afore-said order of the Hon'ble Supreme Court and approved by the Board of Directors in their Meeting held on June 17, 2020/ September 10, 2020/ October 28, 2020/ April 27, 2022 and which has been filed with the Hon'ble Supreme Court. Through RF, the company has requested the Hon'ble Supreme Court to grant some concessions and reliefs so that the company is able to fulfil its obligations towards the construction of the projects and meet other liabilities.</p> <p>(ii) As the RF has not yet been approved by the Hon'ble Supreme Court, the impact of the proposed reliefs, concessions etc. have not been considered in the books of accounts.</p> <p>(iii) We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>	<p>The points mentioned herein are informative in nature and the Management has no further comments to offer on the same.</p>
3.	<p><u>Material uncertainty related to going concern</u></p> <p>(i) Management has represented that the Standalone Financial Statements have been prepared on a going concern basis, notwithstanding the fact that the Company has incurred losses and has challenges in meeting its operational obligations, servicing its current liabilities including bank loans and public deposits. The Company also has various litigation matters which are pending before different forums, and various projects of the Company have stalled/ slowed down.</p> <p>(ii) These conditions indicate the existence of material uncertainty that may cast significant doubt about Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats. This activity is getting conducted under supervision of Justice Abhay Manohar Sapre, as appointed by Hon'ble Supreme Court of India.</p> <p>(iii) We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>	<p>The Management has already stated its position in the Resolution Framework submitted in the Hon'ble Supreme Court on 15.07.2020, followed by updated versions submitted on 05.02.2021 and 08.08.2022, wherein the Hon'ble Supreme Court has been prayed to grant certain concessions and reliefs so that the Company is able to fulfil its obligations towards the construction and completion of projects and meet other liabilities. The reasons for opting against the winding up the Company or its reference under IBC have fully been explained in the application filed for submission of the Resolution Framework.</p>

The same is in contravention of the provisions of Indian Accounting Standards 23 "Borrowing Costs".</p> <p>(v) The impact on the accounts viz. inventory, projects in progress, customer advances, amount payable to or receivable from GNIDA, cannot be ascertained, since the matter is still subjudice, as mentioned hereinabove, vis-à-vis dues of the Company, and hence, we are unable to express an opinion on this matter.</p> <p>We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>

	<p>Considering the fact that the accounts of the above-mentioned foreign entities are not available with the management and for Indian entities, they are not audited since last 3-4 years plus also taking into account the factors such as non-existence of any loan agreement stating terms, conditions and duration of loan, accumulated losses in above said entities, substantial/ full erosion of net worth, significant uncertainty on the future of these entities and significant uncertainty on recovery of investments and loans, there are strong indicators of conducting impairment/ expected credit loss assessment for above mentioned investments and loans in accordance with the principles of Indian Accounting Standards 36, "impairment of assets" and Indian Accounting Standards 109 "financial instruments".</p> <p>Further: -</p> <p>(i) Equity investment – others include investment made in M/s Carnoustie Management (India) Private Limited (Carnoustie) of Rs. 31,005.45 Lakhs as on 31st March, 2023. Regarding this investment, the Company has already filed an Intervention Application "IA" before Hon'ble Supreme Court of India wherein, the Company has stated that erstwhile management has invested in equity shares of Carnoustie @ Rs. 1,000 – Rs. 1,500 per share including a premium of Rs. 990 – Rs. 1,490 per share. As per IA submitted by the Company, there was no basis available with erstwhile management for such share valuation. Also, there were certain plots allotted to Carnoustie at a price much lower than the market rate as on allotment date. Considering the nature of this investment, same is to be valued at fair value through other comprehensive income "FVTOCI" as required under Indian Accounting Standards 109 "financial instruments" but the Company has decided to carry investment made in Carnoustie at cost as the matter is subjudice.</p>	<p>(v) However, keeping in view the investigations being carried out by the ED, and the ED having filed charge-sheets before the Adjudicating Authority under PMLA, the Company is left with no option but to await the final outcome in these matters.</p>

Considering the nature of this investment, same is to be valued at fair value through other comprehensive income "FVTOCI" as required under Indian Accounting Standards 109 "financial instruments" but the Company has decided to carry investment made in CIG funds at cost as the matter is under investigation by various authorities.</p> <p>In view of non-existence of any impairment study, non-existence of any expected credit loss policy in the Company and accounting of investment at cost which were otherwise to be carried at FVTOCI, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these non-current investments and non-current loan and its consequential impact on the Standalone Financial Statement.</p> <p>We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>

BOARD'S REPORT

Sr. No.	Auditor's Observations	Management's Response
10.	<p><u>Inventory and project in progress</u></p> <p>(i) Standalone Financial Statement of the Company as on 31st March, 2023, has shown inventory of Rs. 62,517.96 Lakhs and projects in progress "PIP" of Rs. 17,56,942.48 Lakhs. Company is currently carrying these inventory and PIP items at cost, which is computed based on percentage of completion method under Indian Accounting Standard 115 "Revenue from Contracts with Customers". In view of the fact that in majority of the projects of the Company, construction and other operational activities are on hold since last 24-60 months, there are high indicators that such inventory and PIP assets should be tested for evaluating their respective net realized value "NRV" in accordance with the requirement of Indian Accounting Standard 2 "inventories".</p> <p>(ii) Further, management is in the process of verification of title documents for land and other immovable assets.</p> <p>(iii) As per the explanation provided by the management, pursuant to the approval of Hon'ble Supreme Court of India, Project Management Consultants (PMCs) have been appointed for the projects for estimation of work done till date, cost to be incurred further to complete the projects and to provide applicable completion timelines. These PMCs have also conducted actual physical assessment of the projects and submitted their reports. Management was earlier of the view that NRV assessment of inventory and PIP can be made only after the appointed PMCs complete their assessment of respective projects and submit their final reports but the same is still awaited.</p> <p>(iv) Further, the Company has during the year capitalized expenses to the tune of Rs. 11,249.80 Lakhs as construction expenses (including interest expense of Rs. 6,154.51 Lakhs). The same is in contravention of the provisions of Indian Accounting Standard 16 "Property plant and equipment" and Indian Accounting Standard 23 "Borrowing cost" as construction activity for all the projects is stalled since last 4-5 years. This has resulted in understatement of current year loss by above said amount.</p>	<p>(i) Five Project Management Consultants (PMCs) have been engaged, with the approval of the Hon'ble Supreme Court, who have substantially completed Part-A of the Scope of Work assigned to them. This includes "As-is-assessment" of various projects i.e. the status of work done/ completed during the period of erstwhile management. The PMCs have backed their work with photographs and videography of these projects so as to avoid any conflicts when it comes to the claims of old contractors' vis-à-vis the work to be done by the new contractors. Based on this exercise, the PMCs have worked out the BoQs of the remaining works, which form the basis for preparation of Tender Documents.</p> <p>(ii) About 130 to 140 Tenders would need to be floated to complete the balance works, out of which 35 Tenders (Lot-1) were floated on 02.01.2023. On scrutiny of bids, it was discovered that no bids were received against 18 tenders (out of 35) whereas both the bids received in case of one tender failed to meet the eligibility criteria and both the bids received in respect of another tender were abnormally high, resulting in the rejection of bids for these 02 tenders. Thus, bids were required to be called afresh in respect of these 20 (18+1+1) tenders.</p> <p>(iii) In continuation thereto, 2nd Lot of 31 Tenders was prepared by the PMCs, which was duly reviewed by the EIL. Thus, a total of 51 Tenders (20 re-tenders of Lot-1 and 31 tenders of Lot-2) were approved by the BoD and Justice (Retd.) A. M. Sapre in the month of April 2023 for uploading the same on Unitech's e-Tendering web-portal. Accordingly, these tenders were uploaded on the Unitech's web-portal on 08/09.05.2023.</p> <p>(iv) The extended last date for submission of bids in respect of these 51 Tenders was 22.06.2023. On opening of Technical bids on 23.06.2023, it was discovered that no bids had been received in respect of 09 tenders. After completion of the process of evaluation of Technical and Financial bids, the management finalized the bids received qua 34 tenders. This has been approved by the Board of Directors, followed by Justice (Retd.) A.M. Sapre on 18.08.2023.</p>

	<p>Also further, the Company, in its financial statements has bifurcated PIP under two headings – "Project in progress on which revenue is not recognized" and "Amount recoverable from project in progress (on which revenue is recognized)". We have not been provided with any basis on which this bifurcation is made.</p> <p>In view of the absence of any NRV assessment by the management and absence of any physical verification report, capitalization of expenses and interest cost during the year, and absence of any basis of bifurcation of projects in financial statements, we are unable to express an opinion upon the existence and adjustments, if any, that may be required to the carrying value of these inventories and PIP and its consequential impact on the Standalone Financial Statements.</p> <p>We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>	<p>(v) Projects in Progress (PIP) on which revenue is not recognized refers to those projects where no inventory is available for sale and only expenditure is to be made for the completion of residual works in such projects.</p>

16.	<p>The Company has made many adjustments in accordance with Indian Accounting Standards applicable to the Company as on 31st March, 2020. The Company is in the process of identifying the impact already incorporated in the books of accounts in previous years. In view of the same, we are unable to express an opinion on completeness of the impact of Indian Accounting Standard appearing in the books of account of the Company.</p> <p>We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>	<p>The observations are a statement of fact and need no further comments.</p>
17.	<p><u>Revenue from real estate projects</u></p> <p>(i) The Company is accounting for revenue under real estate projects using percentage of completion method (POCM) with an understanding that performance obligations are satisfied over time. Provisions of paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers" specifies that an entity can recognize revenue over time if it satisfies any one of the following criteria:</p> <p>a) The customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs</p> <p>b) The entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced</p> <p>c) The entity's performance does not create an asset with an alternative use to the entity and; the entity has an enforceable right to payment for performance completed to date.</p> <p>(ii) On perusal of various agreements entered by the Company with homebuyers, it seems that the Company does not satisfy any of the conditions specified in paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers".</p> <p>(iii) Based on the explanation provided by the management, they are in agreement with our understanding and are in the process of evaluation of its impact on the present and earlier presented periods.</p> <p>(iv) In view of the above, we are unable to express an opinion on all the matter mentioned above.</p> <p>(v) We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>	<p>(i) The Audit Observations are a statement of fact and an accounting practice followed since from the period of the erstwhile Management. The Statutory Auditors are of the view that the Company should switch over from the POCM based accounting to "Point-in-Time" system of accounting as prescribed in IND-AS-115 to correct this anomaly. This is expected to fall in line with the Accounting Standards with the Project Accounting System being put in place after the award of Contracts, constructions completed and units delivered to the Homebuyers.</p> <p>(ii) There are about 17,700 homebuyers across 74 residential and 12 Commercial projects where construction is lying stalled at various stages of construction. These units are to be completed and handed over to the homebuyers. The entire exercise is being carried out under the overall guidance and supervision of Hon'ble Supreme Court.</p> <p>(iii) As such, the Management will be in a position to assess the impact thereof only in due course of time after the Projects are completed and handed over.</p>

(NDAs) were signed with these 10 parties. Another Notice was uploaded on the Unitech's Website and on the e-Tendering portal on 26.04.2023 inviting non-binding offers from these 10 parties up to 01.05.2023. In response thereto, non-binding offers were received within the fixed timelines only from 04 parties, namely, (a) M/s Jakson Limited (Rs. 65 Crore), (b) M/s JSC OGCC Kazstroyservice (Rs. 25 Crore), (c) M/s Shilpa Steel and Power Limited (Rs. 20 Crore), and (d) M/s Shree Metals (Mujbi) Private Limited (Rs. 10 Crore). The non-binding term-sheets were opened on 02.05.2023. Since the value offered by M/s Jakson Limited was found to be the highest among all the bidders, it was allowed to conduct Due Diligence as per the process note prepared by E&Y in consultation with UPTL to facilitate the highest bidder to submit its Binding Offer on or before 17.06.2023. Eventually, the Binding Term Sheet for an amount of Rs. 65 Crore was received on 17.06.2023, along with a BG of Rs. 1.00 Crore. The highest bidder had subsequently agreed to improve its offer to Rs. 67.00 Crore. The Board has already approved the proposal by Circulation.

6. The Hon'ble Supreme Court, vide its order dated 18.05.2022, appointed Justice (Retd.) A. M. Sapre to be associated with every stage of tendering process and that the same be carried out under his supervision. Based on the ground-work done by PMCs, it was estimated that about 130 Tenders would be required to be floated for completion of all the 74 residential and 12 commercial projects. Since, it was practically not possible to float all the 130 tenders in one go, the Management decided to float these 130 odd tenders in four to five Lots with each Lot comprising about 30-35 tenders. Accordingly, after the approval of the Board of Directors (BoD) and Justice (Retd.) A. M. Sapre in the month of November/December 2022, a total of 35 Tenders (as Lot-1) were floated on 02.01.2023 on Unitech's e-tendering web portal etenders.unitechgroup.com. After the last date of submission of tenders, it was discovered that no bids were received against 18 tenders (out of 35) whereas both the bids received in case of one tender failed to meet the eligibility criteria and both the bids received in respect of another tender were abnormally high, resulting in the rejection of bids for these 02 tenders. Thus, bids were required to be called afresh in respect of these 20 tenders (18+1+1). Balance 15 tenders, which were found to be technically eligible and financially acceptable, were recommended for Award of Contracts by the PMCs and EIL, which in turn was duly approved by the BoD in April, 2023 and submitted to Justice (Retd.) A.M. Sapre for his approval and onward recommendation to the Hon'ble Supreme Court seeking its permission for Award of Contracts to the successful bidders qua these 15 tenders. Justice (Retd.) A. M. Sapre scrutinized the same and submitted his recommendations to the Hon'ble Supreme Court.

Approval of the Hon'ble Supreme Court for Award of Contracts in respect of these 15 Tenders is awaited. The Letters of Intent (Lols) would be issued to the Contractors after approval of the Hon'ble Supreme Court is received and works would commence at the respective projects thereafter.

7. In continuation of the Tendering process, 2nd Lot of 31 Tenders were prepared by the PMCs and duly reviewed by the EIL. Thus, a total of 51 Tenders (20 re-tenders of Lot-1 and 31 tenders of Lot-2), duly approved by BoD and Justice (Retd.) A. M. Sapre, were uploaded on Unitech's e-tendering web portal on 08.05.2023 and 09.05.2023. Accordingly, these tenders were uploaded/floated on the portal. A total of 103 bids were received against 42 Tenders as no bids were received against 09 Tenders. Finally, after technical and financial evaluation and negotiations held with 15 bidders, bids received against a total of 34 Tenders have been finalised, approved by the Board and Justice Sapre. As on date, 15 Tenders of Lot-1 and 34 Tenders of Lot-2, have been recommended by Justice (Retd.) A.M. Sapre for the approval of the Hon'ble Supreme Court.

MANAGEMENT DISCUSSION AND ANALYSIS (MDA) – FY 2022-23

A. Overview of Global Economy

1. Overview: The global economy was estimated to have grown at a slower rate of 3.20% in 2022, compared to 6% in 2021. Global economic activity experienced a broad-based and sharper-than-expected slowdown, with inflation higher than seen in the past decades. The cost-of-living crisis, tightening financial conditions in most regions, Russia's invasion of Ukraine, and the lingering COVID-19 pandemic all were contributing factors. Global inflation was 8.80% in 2022, among the highest in decades.
2. Outlook: The global economy is projected to grow a weak 2.9% in 2023, marked by sustained Russia-Ukraine conflict and higher interest rates. Global inflation is projected to be 6.5% in 2023 (Source: IMF). On the positive front, the reopening of China's economy after the waning of the pandemic, the decline in the European energy crisis and robust US consumption outlook remain positives. Interestingly, even as the global economy is projected to grow less @ than 3% for five years, India and China are likely to account for half the global growth in 2023 (IMF).

B. Indian Economy Overview

1. India is one of the fastest growing economies of the world and is poised to continue on this path, with aspirations to reach high middle-income status by 2047, the centenary of Indian independence. It is also committed to ensuring that its continued growth path is equipped to deal with the challenges of climate change, and in line with its goal of achieving net-zero emissions by 2070.
2. After real GDP contracted in FY 2020-21 due to the COVID-19 pandemic, growth bounced back in FY 2021-22, supported by accommodative monetary and fiscal policies and wide vaccine coverage. Consequently, India emerged as one of the fastest growing economies in the world in 2022, despite significant challenges in the global environment – including renewed disruptions of supply lines following the rise in geopolitical tensions, the synchronized tightening of global monetary policies, and inflationary pressures.
3. In FY 2022-23, India's real GDP expanded at an estimated 6.9 percent. Growth was underpinned by robust domestic demand, strong investment activity bolstered by the government's push for investment in infrastructure, and buoyant private consumption, particularly among higher income earners. Since Q3 FY 2022-23, however, there have been signs of moderation, although the overall growth momentum remains robust. The persisting headwinds – rising borrowing costs, tightening financial conditions and ongoing inflationary pressures – are expected to weigh on India's growth in FY 2023-24. Real GDP growth is likely to moderate to 6.3 percent in FY 2023-24 from the estimated 6.9 percent in FY 2022-23.

4. Although headline inflation is elevated, it is projected to decline to an average of 5.2 percent in FY 2023-24, amid easing global commodity prices and some moderation in domestic demand. The Reserve Bank of India has withdrawn accommodative measures to rein in inflation by hiking the policy interest rates. India's financial sector also remains strong, buoyed by improvements in asset quality and robust private-sector credit growth.
5. The central government is likely to meet its fiscal deficit target of 5.9 percent of GDP in FY 2023-24 and combined with consolidation in state government deficits, the general government deficit is also projected to decline. As a result, the debt-to-GDP ratio is projected to stabilize. On the external front, the current account deficit is projected to narrow down to 2.1 percent of GDP from an estimated 3 percent in FY 2022-23 on the back of robust service exports and a narrowing merchandise trade deficit.

C. Real Estate Industry Structure and Development

1. The real estate sector is one of the globally most recognized sectors. It comprises of four sub-sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth in the corporate environment and the demand for office space as well as urban and semi-urban accommodation. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.
2. In India, the real estate sector is the second-highest employment generator, after the agriculture sector. It is also expected that this sector will incur some Non-Resident Indian (NRI) investment, both in the short term and the long term. Bengaluru is expected to be the most favoured property investment destination for NRIs, followed by Ahmedabad, Pune, Chennai, Goa, Delhi and Dehradun.

D. Developments

1. Indian real estate sector has witnessed high growth in the recent times. The Private Equity Investments in India's real estate sector stood at US\$ 3.4 billion in 2022. FDI in the sector (including construction development & activities) stood at US\$ 55.5 billion from April 2000-December 2022.
2. Some of the major investments and developments in this sector are as follows:
 - (a) Between January-July 2022, private equity investment inflows into the real estate sector in India stood at US\$ 3.27 billion.
 - (b) Home sales across top eight cities in India surged 68% YoY to reach 308,940 units in 2022, signifying a healthy recovery in the sector.

MANAGEMENT DISCUSSION AND ANALYSIS

- (c) Retail real estate segment attracted institutional investments of US\$ 492 million in 2022.
- (d) Private market investor, Blackstone, which has significantly invested in the Indian real estate sector (worth Rs. 3.8 lakh crore (US\$ 50 billion) is seeking to invest an additional Rs. 1.7 lakh crore (US\$ 22 billion) by 2030.
- (e) Since 2021, working remotely is being adopted at a fast pace and demand for affordable houses with ticket size below Rs. 40-50 lakh is expected to rise in Tier 2 and 3 cities, leading to an increase in prices in those geographies.

E. Government Initiatives

Government of India, along with the governments of respective States, has taken several initiatives to encourage development in the sector. The Smart City Project, with a plan to build 100 smart cities, is a prime opportunity for real estate companies. Below are some of the other major Government initiatives:

- (a) In the Union Budget 2023-24, the Finance Ministry has announced a commitment of Rs. 79,000 crore (US\$ 9.64 billion) for PM Awas Yojana, which represents a 66% increase compared to the last year.
- (b) In order to revive around 1,600 stalled housing projects across top cities in the country, the Union Cabinet has approved the setting up of Rs. 25,000 crore (US\$ 3.58 billion) as an alternative investment fund (AIF).
- (c) Government has created an Affordable Housing Fund (AHF) in the National Housing Bank (NHB) with an initial corpus of Rs. 10,000 crore (US\$ 1.43 billion) using priority sector lending short fall of banks/ financial institutions for micro financing of the HFCs.
- (d) As of December 31, 2022, India formally approved 425 SEZs, and as of January, 2023, 270 SEZs are operational. Most special economic zones (SEZs) are in the IT/ BPM sector.

F. Industry Review

- 1. The post pandemic picture for the real estate sector is a paradigm shift from before. The pandemic brought to light the importance of home ownership and the attitude of customers towards residential properties has also witnessed a substantial shift. The Indian Real Estate industry did very well in 2022. The year can be easily termed as the “turn-around year” for segments such as residential and retail, with all segments recovering from COVID-lows and recording strong year-on-year growth. While growth in India has slowed for multinational corporations, domestic demand has continued to remain steady.

- 2. India’s real estate market is expected to exhibit a growth rate (CAGR) of 9.2% during 2023-2028. Therefore, FY 23-24 is expected to see a strong foundation as there will be more buyers, and home loan rates will be lower. Multiple rating agencies have calculated that the Indian economy is estimated to grow by 8–9%, which will ultimately drive the growth in the real estate market. This growth can be attributed to increasing business activity, improved job markets, and higher income levels, all of which will inevitably lead to a rise in real estate demand.
- 3. Along with important policy initiatives such as “Housing for All” and the Pradhan Mantri Awas Yojana, the government has been developing and constructing infrastructure mega-projects like highways, new airports, metros, etc. These factors will stimulate both the quantitative and qualitative growth of real estate holdings. Intriguingly, real estate in Tier 2 and Tier 3 markets will also grow rapidly, generating substantial returns for investors.
- 4. Tiers 2 and 3 cities are rapidly establishing themselves as real estate hubs where a thriving housing market continues to support the overall infrastructure construction. In the next fiscal year (FY) 23–24, these cities may be competitive with metropolitan areas and offer a variety of residential and commercial investment opportunities. In addition, in 2023–24, the majority of demand will continue to be for housing, primarily ready-to-move-in. While rising interest rates are a cause for concern, the desire for larger, more luxurious homes is also likely to see a surge. The popularity of WFH and hybrid working arrangements has increased the demand for vacation houses. We anticipate that these trends will continue in 2023-24.
- 5. While the residential segment witnessed strong performance, commercial office sector continues to remain sluggish with demand not yet reaching the pre-pandemic levels. The challenge to office space demand has been the ‘work from home’ trend and slowdown in global economic growth. The global slowdown directly impacts sectors like IT/ ITeS, which is the major occupier of office space in India.
- 6. Retail real estate sector though, is back to full swing with consumption recovering beyond pre-pandemic levels and should continue the momentum.

G. Opportunities and Challenges

- 1. Opportunities
 - (i) Post pandemic, there has been a steep rise in housing demand with renewed interest and perspective of the homebuyers toward real estate. The pandemic has nudged a lot of fence-sitters to convert into first-time home buyers and the existing ones to upgrade to larger

MANAGEMENT DISCUSSION AND ANALYSIS

homes thus resulting in rising housing demand across segments. India's real estate market, both residential and commercial, is forecast to cross INR 13 lakh crore by 2023. Key influencing elements comprising rising population, wealth growth and rapid urbanization are the key contributors to this growth. Hybrid working models will also continue to further drive the demand for larger homes. Employers are expected to continue to offer flexibility to their employees in order to attract and retain talent.

- (ii) The rise of dollar against Indian rupee along with favorable investment opportunities has also drawn the interest of NRIs towards Indian real estate. Rich Indian consumers today are eager to spend money on luxury properties across the country, preferably in their hometown to establish or sustain the emotional connect with their home country. Going forward, NRI investments are likely to keep flowing in and make up a sizeable portion of the market for luxury residential and prime commercial properties.
- (iii) Affordable housing continues to remain a significant opportunity for developers and key focus area of the government. This segment could see a meaningful uptick in demand with an expected economic recovery and rising income levels.

2. Threats and Challenges

- (i) The Indian real estate market is going through a transformational phase. From witnessing the after-effects of COVID-19 to the emergence of new technologies to the heightened concern of a global recession, the industry is going through a lot.
- (ii) Real estate sector is a regulated sector and any unfavorable changes in government policies and the regulatory environment can adversely impact the performance of the sector. There are substantial procedural delays with regard to land acquisition, land use, project launches and construction approvals.
- (iii) The time-taking nature of construction necessitates the need of funding for new small-scale developers. But developers have always faced difficulties in availing funds from banks and financial institutions. Decisions are framed on the basis of speculative cash flows. As a result, the financial institutions typically exercise great care and consume a lot of time while reviewing loan applications. Due to non-availability of funding and insufficient finance, many realtors actually fail to execute projects on time.

- (iv) The construction sector is also heavily dependent on manual labour. During the Coronavirus pandemic, the sector was badly hit due to labor availability issues, which severely affected the project completion timelines. This emphasizes the need for development of technologically less labour intensive alternative methods of construction.
- (v) Further, there has been a steep increase in the cost of construction materials, including the cost of essential materials like cement and steel. The global shortage of raw materials is the main factor contributing to the price increase. Moreover, rising fuel costs have driven up the logistics costs, pushing up the entire cost of the materials and as a result the real estate.

H. Unitech Specific

1. The Unitech Group has to be recognized as an exception in view of the peculiar facts and circumstances. The Group got into financial constraints or mismanagement as has been alleged sometime from 2013-2014 onwards, which resulted in non-delivery of sold units to the Homebuyers. This followed litigation at various fora and the promoters were lodged in jail in 2017. Finally, the Hon'ble Supreme Court intervened, which led to supersession of the erstwhile management, replaced by an independent Board of Directors in January 2020. The new management has been facing a plethora of challenges on various fronts. However, it has been working under the guidance and supervision of the Hon'ble Supreme Court.
2. Taking a leaf from the directions of the Hon'ble Supreme Court, the new management has taken up the construction and completion of various residential and commercial projects as its first priority. It has made plans for commencement of construction of 74 residential and 12 commercial projects, completion of which would facilitate delivery of completed units to more than 17,000 homebuyers. The management has already finalized a total of 49 Tenders in this direction, which is awaiting approval of the Hon'ble Supreme Court for award of contracts. The remaining tenders are also being finalized and proposed to be floated in the next lots on an ongoing basis. Funds for completion of these projects are to be arranged from the balance receivables from the Homebuyers and proceeds from sale of unsold inventories.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF UNITECH LIMITED

Report on the Audit of the standalone financial statements

Disclaimer of Opinion

We have audited the accompanying Standalone Financial Statements of the Company which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows, and a summary of significant accounting policies and other explanatory information, in which are incorporated the financial information for the year ended on that date of the Company's branch office at Libya which are not yet audited by the branch auditor. As at 31st March 2023, the Company has made provision for non-recoverability of assets and provision for write-back of trade liabilities in respect of the Libya branch office (also refer sr no iii of other matters paragraph of this report for details).

Our audit indicates that, because of the substantive nature and significance of the matter described below, we have not been able to obtain sufficient appropriate evidence to provide a basis for expressing an opinion on the statement as to whether these Standalone Financial Statements are prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other recognized accounting practices and policies generally accepted in India and has disclosed the information required to be disclosed under the Companies Act, 2013 including the manner in which it is to be disclosed, or that it does not contain any material misstatement.

Basis for Disclaimer of Opinion

We conducted our audit of the Standalone Financial Statements in accordance with standard on auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibility for the audit of the Standalone financial statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the institute of Chartered Accountant of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. Because of the significance of the matters described below we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We draw your attention to the following matters:

- (i) We draw attention to Note no. 55 of the Standalone Financial Statements, which have made references to the Resolution Framework (RF) for Unitech group which has been prepared under the directions of the Board of Directors of Unitech Limited appointed by the Central Government pursuant to the afore-said order of the Hon'ble Supreme Court and approved by the Board of Directors in their Meeting held on June 17, 2020/ September 10, 2020/ October 28, 2020/ April 27, 2022 and which has been filed with the Hon'ble Supreme Court. Through RF, the company has requested the Hon'ble Supreme Court to grant some concessions and reliefs so that the company is able to fulfil its obligations towards the construction of the projects and meet other liabilities.

As the RF has not yet been approved by the Hon'ble Supreme Court, the impact of the proposed reliefs, concessions etc. have not been considered in the books of accounts.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

(ii) Material uncertainty related to going concern

We draw attention to Note no. 39 of the Standalone Financial Statements wherein the management has represented that the Standalone Financial Statements have been prepared on a going concern basis, notwithstanding the fact that the Company has incurred losses and has challenges in meeting its operational obligations, servicing its current liabilities including bank loans and public deposits. The Company also has various litigation matters which are pending before different forums, and various projects of the Company have stalled/ slowed down.

These conditions indicate the existence of material uncertainty that may cast significant doubt about Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats. This activity is getting conducted under supervision of Justice A.M. Sapre, as appointed by Hon'ble Supreme Court of India.

Considering the above, we are unable to express an opinion on this matter.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

- (iii) We draw attention to Note no. 53 of the Standalone Financial Statements, Unitech Limited ("the Company") held its annual general meetings for last 2 years with delays. The company had not applied for any extension for these annual general meeting to the Registrar of Companies, NCT of Delhi & Haryana and is in the process of estimation of penalty and other implications due to delay in holding of annual general meeting.

Further, the Company also delayed in filling of its quarterly and annual/year to date results with Security and Exchange Board of India "SEBI". The Company has not taken any provision related to penalty on account of such delay and management is now planning to seek relief against such penalty from SEBI.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

- (iv) We draw attention to Note no. 61 of the Standalone Financial Statements, the Company had received a 'cancellation of

INDEPENDENT AUDITORS' REPORT

lease deed' notice from Greater Noida Industrial Development Authority ("GNIDA") dated 18 November 2015. As per the Notice, GNIDA cancelled the lease deed in respect of Residential/ Group Housing plots on account of non-implementation of the project and non-payment of various dues amounting to Rs. 105,483.26 Lakhs. The said land is also mortgaged and the Company has registered such mortgage to a third party on behalf of lender for the Non-Convertible Debenture (NCD) facility extended to the Company and, due to default in repayment of these NCDs, the debenture holders have served a notice to the Company under section 13(4) of the SARFAESI Act and have also taken notional possession of this land. The Company had contractually entered into agreements to sell with 352 buyers and has also received advances from such buyers amounting to Rs. 6,682.10 Lakhs (net of repayment). No contract revenue has been recognized on this project.

GNIDA has, in the meanwhile, in terms of the Order of the Hon'ble Supreme Court dated 18.09.2018, deposited on behalf of the Company, an amount of Rs. 7,436.35 Lakhs (Rs. 6,682.10 Lakhs and interest @ 6% on the principal amount of Rs. 6,682.10 Lakhs), out of the monies paid by the Company, with the registry of the Hon'ble Supreme Court. Out of the amount received from GNIDA, the Hon'ble Supreme Court has refunded the amount received in advance along with the interest to those 342 homebuyers who has submitted the relevant documents, as per details of the position of accounts as on 22nd November, 2022 received from Hon'ble Supreme Court.

GNIDA has adjusted Rs. 9,200.00 Lakhs of Unitech group's liabilities towards the Company's other projects with GNIDA and forfeited Rs. 13,893.42 Lakhs.

The Company had paid a sum of Rs. 34,221.90 Lakhs, including Rs. 4,934.95 Lakhs of stamp duty on the land, for the said land.

The matter in respect of the land is still pending before the Hon'ble High Court of Allahabad, and pending the final disposal, the Company has, subsequently, shown the amount of Rs. 18,339.80 Lakhs as recoverable from GNIDA in its books of accounts including stamp duty of Rs. 4,934.95 Lakhs and lease rent paid of Rs. 61,13.11 Lakhs. Further, the Company is also carrying.

a) Other construction costs amounting to Rs. 80,575.05 Lakhs in respect of the projects to come upon the said land which also includes interest capitalized of Rs. 696,84.68 Lakhs.

b) Deferred liability on account of interest payable to GNIDA appearing in the books of accounts as on 31st March, 2023 amounting to Rs. 3,72,777.42 Lakhs (including Rs. 52,220.54 Lakhs booked on account of interest during the year ended 31st March, 2023). Out of the interest mentioned above Rs. 4,846.67 Lakhs has been capitalised in the books of accounts of the company. The same is in contravention of the provisions of Indian Accounting Standards 23 "Borrowing Costs".

The impact on the accounts viz. inventory, projects in progress, customer advances, amount payable to or receivable from GNIDA, and profit/(loss) for the year cannot be ascertained,

since the matter is still subjudice, as mentioned hereinabove, vis-à-vis dues of the Company, and hence we are unable to express an opinion on this matter.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

(v) We draw attention to Note no. 71 of the Standalone Financial Statements, Confirmations/ reconciliations are pending in respect of amounts deposited by the Company with the Hon'ble Supreme Court. As per books of account an amount of Rs. 31,191.85 Lakhs deposited with the Hon'ble Supreme Court Registry ("Registry") is outstanding as at 31st March, 2023. Management has received certain details of payments made and monies received in the registry from the Court and has accrued the same in its books of accounts. However, there are still variations of Rs. 934.15 Lakhs between balance as per books of accounts vs balance as per registry details and management is in the process of reconciliation of the same.

Further, for the payments made from its registry, there was no deduction made on account of tax at source and no goods and services tax liability, wherever applicable on reverse charge basis have been complied with.

In view of the reconciliation exercise still in process, possible tax non compliances, we are unable to comment on the completeness and correctness of amounts outstanding with the Registry and of the ultimate impact these transactions would have on the Standalone Financial Statements of the Company, and hence we are unable to express an opinion on this matter.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

(vi) We draw attention to Note no. 2, 3 and 4 of the Standalone Financial Statements, according to information given and explanation provided to us by the management, in respect of Property, Plant and Equipment (PPE) including Investment Property having net value of Rs. 2,996.56 Lakhs (net of accumulated depreciation of Rs. 7,527.88 Lakhs), there is no physical verification conducted by the Company since last year. Further, the company does not maintain proper records showing full particulars, including quantitative details and situation of Fixed Assets comprising 'property, plant and equipment, 'Intangible Assets' & 'investment property'. In view of this and also of the fact that these PPE's are kept as security for obtaining bank loans and all the loan accounts of the Company (except loan obtained from Punjab National Bank) are at non performing levels, we are not able to express an opinion on this matter.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

Advances to Joint Ventures and Associates	21.68	-	21.68
Share Application Money	46.50	-	46.50

We draw attention to Note no. 5, 6 and 13 of the Standalone Financial Statements, considering the fact that the accounts of these above mentioned foreign entities are not available with the management and for Indian entities, they are not audited since last 4-5 years plus also taking into accounts the factors such as non exitance of any loan agreement stating terms, conditions and duration of loan, accumulated losses in above said entities, substantial/ full erosion of net worth, significant uncertainty on the future of these entities and significant uncertainty on recovery of investments and loans, there are strong indicators of conducting impairment/ expected credit loss assessment for above mentioned investments and loans in accordance with the principles of Indian Accounting Standards 36, "impairment of assets" and Indian Accounting Standards 109 "financial instruments".

Further: -

- Equity investment – others include investment made in M/s Carnoustie Management (India) Private Limited (Carnoustie) of Rs. 310,05.45 Lakhs as on 31st March, 2023. Regarding this investment, the Company has already filed an Intervention Application "IA" before Hon'ble Supreme Court of India wherein, the Company has stated that erstwhile management has invested in equity shares of Carnoustie @ Rs. 1,000 – Rs. 1,500 per share including a premium of Rs. 990 – Rs. 1,490 per share. As per IA submitted by the Company, there

was no basis available with erstwhile management for such share valuation. Also, there were certain plots allotted to Carnoustie at a price lower than the market rate as on allotment date. Considering the nature of this investment, same is to be valued at fair value through other comprehensive income "FVTOCI" as required under Indian Accounting Standards 109 "financial instruments" but the Company has decided to carry investment made in Carnoustie at cost as the matter is subjudice.

- Investment – CIG – The Company made investment of Rs. 254,53.18 Lakhs in CIG realty fund for which no details are available with the Company. As explained by management, the Company is planning to file a separate Intervention Application "IA" before Hon'ble Supreme Court of India requesting Hon'ble Court to take up this matter. Management also explained that CIG funds are already under investigation by Enforcement Directorate (ED) and Serious Fraud Investigation Office (SFIO). Considering the nature of this investment, same is to be valued at fair value through other comprehensive income "FVTOCI" as required under Indian Accounting Standards 109 "financial instruments" but the Company has decided to carry investment made in CIG funds at cost as the matter is under investigation by various authorities.

In view of non-existence of any impairment study, non-existence of any expected credit loss policy in the Company and accounting of investment at cost which were otherwise to be carried at FVTOCI, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these non-current investments and non-current loan and its consequential impact on the Standalone Financial Statement.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

(viii) Impairment Assessment of Bank and Corporate Guarantees

We draw attention to Note no. 50 of the Standalone Financial Statements, wherein it is stated that the company is having outstanding bank and corporate guarantee of Rs. 1,07,059.26 Lakhs as per audited financials for year ending 31st March, 2023. The company has not conducted any impairment assessment on the same in accordance with the principles of Indian Accounting Standards 109 "financial instruments". In view of the same, we are unable to express an opinion on the same.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

INDEPENDENT AUDITORS' REPORT

(ix) Trade receivables and other financial assets

The company has trade receivable and other financial assets as on 31st March, 2023 are as follows: -

Particulars	Amounts in Lakhs of Rs.		
	Amount	Provision accounted for till 31.03.2023	Carrying Amount
Trade Receivable	78,751.93	31,521.87	47,230.06
Security Deposits	52,818.32	934.04	51,884.28
Non-Current Loans and Advances	100.00	-	100.00
Current Loans and Advances	6,617.34	520.00	6,097.34
Advances for purchase of Shares	31,079.48	31,079.48	-
Staff Imprest & Advances	47.09	-	47.09
Advances to others	13.08	-	13.08

We draw attention to Note no. 7, 10, 13 and 14 of the Standalone Financial Statements, the company has not assessed loss allowance for expected credit losses on financial assets in accordance with the principles of Indian Accounting Standards AS 109 - "Financial Instruments".

In view of non-existence of any expected credit loss policy in the Company, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these financial assets and its consequential impact on the Standalone Financial Statement.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

(x) Inventory and project in progress

We draw attention to Note no. 9 and 16 of the Standalone Financial Statements, Company, as on 31st March, 2023, has shown inventory of Rs. 62,517.96 Lakhs and project in progress "PIP" of Rs. 17,56,942.48 Lakhs. Company is currently carrying these inventory and PIP items at cost which is computed based on percentage of completion method under Indian Accounting Standard 115 "Revenue from Contracts with Customers". In view of the fact that in majority of the projects of the Company, construction and other operational activities are on hold since last 24-60 months, there are high indicators that such inventory and PIP assets should be tested for evaluating their respective net realisable value "NRV" in accordance with the requirement of Indian Accounting Standard 2 "inventories".

Further, management is in the process of verification of title documents for land and other immovable assets.

As per the explanation provided by the management, pursuant to the approval of Hon'ble Supreme Court of India, Project Management Consultants (PMCs) have been appointed for the projects for estimation of work done till date, cost to be incurred further to complete the projects and to provide applicable completion timelines. These PMC's have also conducted actual

physical assessment of the projects and submitted their reports. Management was earlier of the view that NRV assessment of inventory and PIP can be made only after the appointed PMCs complete their assessment of respective projects and submit their final reports but the same is still awaited.

Further, the Company has during the year capitalized expenses to the tune of Rs. 11,249.80 Lakhs as construction expenses (including interest expense of Rs. 6,154.51 Lakhs). This Same is in contravention of the provisions of Indian Accounting Standard 16 "Property plant and equipment" and Indian Accounting Standard 23 "Borrowing cost" as construction activity for all the projects is stalled since last 5-6 years. This has resulted in understatement of current year loss by above said amount.

Also further, the Company, in its financial statements has bifurcated PIP under two headings - "Project in progress on which revenue is not recognized" and "Amount recoverable from project in progress (on which revenue is recognized)". We have not been provided with any basis on which this bifurcation is made.

In view of the absence of any NRV assessment by the management and absence of any physical verification report, capitalization of expenses and interest cost during the year, and absence of any basis of bifurcation of projects in financial statements, we are unable to express an opinion upon the existence and adjustments, if any, that may be required to the carrying value of these inventories and PIP and its consequential impact on the Standalone Financial Statements.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

The company has not initiated the process of external confirmation for outstanding balances of following areas as on 31st March, 2023 are as follow:

Inter Corporate Deposits	13,853.66	-	13,853.66
Other Assets	6,349.22	-	6,349.22

We draw attention to Note no. 66 of the Standalone Financial Statements, the company has expressed its inability to send confirmation requests in respect of above-mentioned areas due to uncertainty about the amount receivable and payable appearing in the books of accounts which are outstanding for significantly long period of time. In view of non-existence of adequate supporting documents, we are unable to express an opinion upon completeness of the balances appearing in books of accounts of the Company.

We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

The other information comprises the information included in Annual Report but does not include the Standalone Financial Statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit report of the Standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and if required issue a revised Audit report on Standalone Financial Statements.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the company or to cease operation, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we

are also responsible for explaining our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

	<u>Material uncertainty related to going concern</u>	
	<p>The management has represented that the Standalone Financial Statements have been prepared on a going concern basis, notwithstanding the fact that the Company has incurred losses and has challenges in meeting its operational obligations, servicing its current liabilities including bank loans and public deposits. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats. Sapre, as appointed by Hon'ble Supreme Court of India.</p> <p>Considering the above, we are unable to express an opinion on this matter.</p> <p>We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>

Further: -</p> <ul style="list-style-type: none"> • Equity investment – others include investment made in M/s Carnoustie Management (India) Private Limited (Carnoustie) of Rs. 310,05.45 Lakhs as on 31st March, 2023. Regarding this investment, the Company has already filed an Intervention Application “IA” before Hon’ble Supreme Court of India wherein, the Company has stated that erstwhile management has invested in equity shares of Carnoustie @ Rs. 1,000 – Rs. 1,500 per share including a premium of Rs. 990 – Rs. 1,490 per share. As per IA submitted by the Company, there was no basis available with erstwhile management for such share valuation. Also, there were certain plots allotted to Carnoustie at a price lower than the market rate as on allotment date. Considering the nature of this investment, same is to be valued at fair value through other comprehensive income “FVTOCI” as required under Indian Accounting Standards 109 “financial instruments” but the Company has decided to carry investment made in Carnoustie at cost as the matter is subjudice. • Investment – CIG – The Company made investment of Rs. 254,53.18 Lakhs in CIG realty fund for which no details are available with the Company. As explained by management, the Company is planning to file a separate Intervention Application “IA” before Hon’ble Supreme Court of India requesting Hon’ble Court to take up this matter. Management also explained that CIG funds are already under investigation by Enforcement Directorate (ED) and Serious Fraud Investigation Office (SFIO). Considering the nature of this investment, same is to be valued at fair value through other comprehensive income “FVTOCI” as required under Indian Accounting Standards 109 “financial instruments” but the Company has decided to carry investment made in CIG funds at cost as the matter is under investigation by various authorities. In view of non-existence of any impairment study, non-existence of any expected credit loss policy in the Company and accounting of investment at cost which were otherwise to be carried at FVTOCI, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these non-current investments and non-current loan and its consequential impact on the Standalone Financial Statement. 5	For Audit Qualification(s) where the impact is not quantified by the auditor:
	(i) Management's estimation on the impact of audit qualification:
	(ii) If management is unable to estimate the impact, reasons for the same:
	(i) Unitech Limited has 186 Indian Subsidiary Companies out of which 08 subsidiary Companies have been struck off by the Registrar of Companies, NCT Delhi and Haryana. The Company has moved the National Company Law Tribunal (NCLT) for the revival of the subsidiaries which have been struck off, out of which 02 have already been ordered to be revived.
	(ii) For 149 Indian Subsidiary Companies, Statutory Auditors have been appointed so far whereas the due process for settlement of accounts with the existing Statutory Auditors in case of 16 other Subsidiaries is underway. For the remaining 13 Subsidiaries, wherein there is a substantial foreign investment, necessary steps are being taken by the Company in this regard.
	(iii) As regards 32 foreign subsidiaries along with Libya Division and 03 foreign JVs, the management has listed down their available details. The Audited Balance Sheets of 04 foreign subsidiaries, 02 foreign JVs, and that of Libya Division are not available with the Company. For rest of the Companies, the last audited available Balance Sheets are those of 31.03.2017 except for two Companies whose available Balance Sheets are those of 31.03.2010 and 31.03.2016. Moreover, it is pertinent to mention that, as per information available to the new management, the Central Investigating Agencies are believed to be engaged with the issues pertaining to these entities.
	(iv) The matter regarding investment in Carnoustie and CIG is already under scrutiny by the Investigating Agencies and various attachment orders have been passed by the Enforcement Directorate. The Management has included the position of Carnoustie and CIG in the Resolution Framework submitted before the Hon’ble Supreme Court. It is pertinent to mention here that Unitech Limited has also filed an IA in the Hon’ble Supreme Court for the recovery of the amount invested. The matter has been heard but the order is awaited.
	(v) However, keeping in view the investigations being carried out by the ED, and the ED having filed charge-sheets before the Adjudicating Authority under PMLA, the Company is left with no option but to await the final outcome in these matters.

	(i) Management's estimation on the impact of audit qualification:
	(ii) If management is unable to estimate the impact, reasons for the same:
	(i) There are a number of secured, unsecured and operational creditors qua the Company and its subsidiaries, JVs and other affiliates. Further, the Company and the promoters have also given various kinds of Guarantees, including Bank Guarantees and Corporate Guarantees, the lists whereof (to the extent of availability of records), surviving or matured, have been shared with the Statutory Auditors. However, it may not be possible to vouchsafe at this stage that these are the only Guarantees given by the Company.
	(ii) The issues pertaining to secured, unsecured and operational creditors have been covered in Chapter-3 of the Resolution Framework (RF). Apart from seeking various reliefs and concessions qua such creditors, the RF also contains a provision on invitation of Claims and settlement thereof (3.2). These issues have yet not been adjudicated by the Hon'ble Supreme Court. Hence, it is neither possible nor feasible at this stage to undertake any impairment assessment of secured creditors, and/ or Corporate Guarantees till these related issues are crystalized and settled by the Hon'ble Supreme Court. Likewise, some of the investments/ advances made by the Company are a subject matter of investigations being conducted by various Central Investigating Agencies.

Matter 10

1	Details of Audit Qualifications:-
	Inventory and project in progress
	(i) Standalone Financial Statement of the Company as on 31st March, 2023, has shown inventory of Rs. 62,517.96 Lakhs and projects in progress "PIP" of Rs. 17,56,942.48 Lakhs. Company is currently carrying these inventory and PIP items at cost, which is computed based on percentage of completion method under Indian Accounting Standard 115 "Revenue from Contracts with Customers". In view of the fact that in majority of the projects of the Company, construction and other operational activities are on hold since last 24-60 months, there are high indicators that such inventory and PIP assets should be tested for evaluating their respective net realizable value "NRV" in accordance with the requirement of Indian Accounting Standard 2 "inventories".
	(ii) Further, management is in the process of verification of title documents for land and other immovable assets.
	(iii) As per the explanation provided by the management, pursuant to the approval of Hon'ble Supreme Court of India, Project Management Consultants (PMCs) have been appointed for the projects for estimation of work done till date, cost to be incurred further to complete the projects and to provide applicable completion timelines.

	<p>These PMCs have also conducted actual physical assessment of the projects and submitted their reports. Management was earlier of the view that NRV assessment of inventory and PIP can be made only after the appointed PMCs complete their assessment of respective projects and submit their final reports but the same is still awaited.</p> <p>(iv) Further, the Company has during the year capitalized expenses to the tune of Rs. 11,249.80 Lakhs as construction expenses (including interest expense of Rs. 6,154.51 Lakhs). The same is in contravention of the provisions of Indian Accounting Standard 16 "Property plant and equipment" and Indian Accounting Standard 23 "Borrowing cost" as construction activity for all the projects is stalled since last 4-5 years. This has resulted in understatement of current year loss by above said amount.</p> <p>Also further, the Company, in its financial statements has bifurcated PIP under two headings – "Project in progress on which revenue is not recognized" and "Amount recoverable from project in progress (on which revenue is recognized)". We have not been provided with any basis on which this bifurcation is made.</p> <p>In view of the absence of any NRV assessment by the management and absence of any physical verification report, capitalization of expenses and interest cost during the year, and absence of any basis of bifurcation of projects in financial statements, we are unable to express an opinion upon the existence and adjustments, if any, that may be required to the carrying value of these inventories and PIP and its consequential impact on the Standalone Financial Statements.</p> <p>We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>

5	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(i) Management's estimation on the impact of audit qualification:	
	(ii) If management is unable to estimate the impact, reasons for the same:	
	<p>(i) Five Project Management Consultants (PMCs) have been engaged, with the approval of the Hon'ble Supreme Court, who have substantially completed Part-A of the Scope of Work assigned to them. This includes "As-is-assessment" of various projects i.e. the status of work done/ completed during the period of erstwhile management. The PMCs have backed their work with photographs and videography of these projects so as to avoid any conflicts when it comes to the claims of old contractors' vis-à-vis the work to be done by the new contractors. Based on this exercise, the PMCs have worked out the BoQs of the remaining works, which form the basis for preparation of Tender Documents.</p> <p>(ii) About 130 to 140 Tenders would need to be floated to complete the balance works, out of which 35 Tenders (Lot-1) were floated on 02.01.2023. On scrutiny of bids, it was discovered that no bids were received against 18 tenders (out of 35) whereas both the bids received in case of one tender failed to meet the eligibility criteria and both the bids received in respect of another tender were abnormally high, resulting in the rejection of bids for these 02 tenders. Thus, bids were required to be called afresh in respect of these 20 (18+1+1) tenders.</p> <p>(iii) In continuation thereto, 2nd Lot of 31 Tenders was prepared by the PMCs, which was duly reviewed by the EIL. Thus, a total of 51 Tenders (20 re-tenders of Lot-1 and 31 tenders of Lot-2) were approved by the BoD and Justice (Retd.) A. M. Sapre in the month of April 2023 for uploading the same on Unitech's e-Tendering web-portal. Accordingly, these tenders were uploaded on the Unitech's web-portal on 08/09.05.2023.</p> <p>(iv) The extended last date for submission of bids in respect of these 51 Tenders was 22.06.2023. On opening of Technical bids on 23.06.2023, it was discovered that no bids had been received in respect of 09 tenders. After completion of the process of evaluation of Technical and Financial bids, the management finalized the bids received qua 34 tenders. This has been approved by the Board of Directors, followed by Justice (Retd.) A.M. Sapre on 18.08.2023.</p> <p>(v) Projects in Progress (PIP) on which revenue is not recognized refers to those projects where no inventory is available for sale and only expenditure is to be made for the completion of residual works in such projects.</p>

	<p>(i) It is stated that as per Standards on Auditing (SA)-505, prescribed by the Institute of Chartered Accountants of India (ICAI), the process of external confirmation is to be initiated by the Statutory Auditors for directly obtaining the evidence from the confirming parties at their level. However, the management would initiate this exercise now keeping the Statutory Auditors in loop for the with respect to outstanding balances as on 31.03.2023. It would, therefore, be appropriate that the Statutory Auditors take up external confirmations based on random sampling basis since obtaining confirmation from all the parties would be a time-consuming exercise.</p> <p>(ii) As far as the liability of the Company towards the secured, unsecured or operational creditors is concerned, the same has been covered in Chapter-3 of the Resolution Framework (RF) submitted before the Hon'ble Supreme Court. The RF also contains a provision on the Process of Claim Settlement qua such creditors according to which the Company shall be inviting claims from all such stakeholders but it can be done only after a definitive view on the RF is taken by the Hon'ble Supreme Court.</p>

	(i) Management's estimation on the impact of audit qualification:

	(i) Unitech Limited, during the period of erstwhile Management, had signed a binding term sheet with M/s Sterling & Wilson (SW) and had agreed to sell the entire shareholding of M/s Unitech Power Transmission Limited (UPTL) for an overall equity value of Rs. 105 Crore, out of which Rs. 68.40 Crore was the firm component whereas Rs. 35 Crore was to be backed by a Bank Guarantee and was to be paid on meeting certain conditions as set out in the purchase agreement. SW was further required to pay Rs. 1.6 Crore as the agent fee directly out of the total equity value of Rs. 105 Crore. However, the said transaction did not mature and the Hon'ble Supreme Court permitted the new Management to explore new buyers.
	(ii) Thereafter, the new Management made two more unsuccessful attempts. The Board of Directors of Unitech Limited in its meeting held on 14.02.2023 decided to appoint M/s E&Y as the Transaction Advisor for the sale/ divestment of UPTL on as-is-where-is basis, for which exclusivity period of 09 months was approved.

Another notice was uploaded on the Unitech website and e-tendering portal on 26.04.2023 inviting non-binding offers up to 01.05.2023. Four non-binding offers were received, which were opened on 02.05.2023, for amounts of Rs. 65 Crore (Jakson Limited), Rs. 25.00 Crore (M/s JSC OGCC), Rs. 20.00 Crore (Shilpa Steel) and Rs. 10.00 Crore (Shree Metals). The highest bidder thereafter submitted his Binding offer on 27.07.2023. The highest bidder subsequently revised his offer to Rs. 67.00 Crore. The binding Term Sheet submitted by the highest bidder was considered by the Board of Directors by circulation of an agenda on 11.08.2023. The said binding term sheet has been approved by the Board of Directors of Unitech Limited on 14.08.2023. After the decision of the Board, the transaction advisor has been requested to submit the final version of the binding term sheet.</p> <p>(iv) A fair valuation report as per the provisions prescribed under section 56 of Income Tax Act, 1961, read with Rule 11UA of Income Tax Rules, 1962, has been obtained from a registered Merchant Banker. 1	Details of Audit Qualifications:-	
	Revenue from real estate projects	
	<p>We draw attention to Note no. 32 of the Standalone Financial Statements, The Company is accounting for revenue under real estate projects using percentage of completion method (POCM) with an understanding that performance obligations are satisfied over time. Provisions of paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers" specifies that an entity can recognise revenue over time if it satisfies any one of the following criteria: -</p> <ul style="list-style-type: none"> • The customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs • The entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced • The entity's performance does not create an asset with an alternative use to the entity and; the entity has an enforceable right to payment for performance completed to date. <p>On perusal of various agreements entered by the Company with home buyers, it seems that the Company does not satisfy any of the conditions specified in paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers".</p> <p>Based on the explanation provided by the management, they are in agreement with our understanding and are in the process of evaluation its impact on the present and earlier presented periods.</p> <p>During the year, the company has handed over some units to homebuyers after receiving outstanding applicable dues. Company has accounted for money received as advance and has kept sold inventory in its current assets as Project in Progress "PIP", which is in contravention of the provisions of Indian Accounting Standard 115. Also, the Company has received some interest on delayed payment of dues and has accounted for the interest received as advance from customer which resulted in under reporting of other income by Rs. 40.26 lakhs and over reporting of loss before tax by said amount.</p> <p>In view of the above, we are unable to express an opinion on the all the matter mentioned above.</p> <p>We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.</p>

	(i) Management's estimation on the impact of audit qualification:	
	(ii) If management is unable to estimate the impact, reasons for the same:	

(i) The Audit Observations are a statement of fact and an accounting practice followed since the erstwhile Management. The Statutory Auditors are of the view that the Company should switch over from the POCM based accounting to "Point-in- Time" system of accounting as prescribed in IND-AS-115 to correct this anomaly. Though desirable to do so, it would take some time and its impact on the overall accounts of the Company would need to be examined.
(ii) There are more than 15,000 homebuyers across 74 residential and 12 Commercial projects where construction is lying stalled at various stages of construction. These units are to be completed and handed over to the homebuyers. The entire exercise is being carried out under the overall guidance and supervision of Hon'ble Supreme Court.
(iii) As such, the Management will be in a position to assess the impact thereof only in due course of time after the Projects are completed and handed over.

	(ii) If management is unable to estimate the impact, reasons for the same:	
	<p>(i) After the new Management took over pursuant to the order dated 20.01.2020 passed by the Hon'ble Supreme Court, the Company has been making efforts to collect the title papers of pan-India land parcels held by Unitech Group and keep them in the safe custody in the Central Record Room at Gurugram.</p> <p>(ii) There have been challenges in the reconciliation of land parcels between the Land Division and the Accounts Division. Since a large number of landholdings have been charged or mortgaged, the process of reconciliation has been taken in hand, which is at an advance stage of completion and is expected to be completed by 30.06.2023. The statement of reconciliation would be shared thereafter with the Statutory Auditors for appropriate appraisal and review.</p> <p>(iii) The delay in reconciliation has primarily been because of the problems inherited by the new Management and also on account of the fact that various key personnel left the Company after the appointment of new Board of Directors.</p> <p>(iv) Management has no details of benami property, which is subject matter of investigations by Investigation Agencies.</p> <p>(v) Since all the Loan Accounts, except PNB Loan Account pertaining to Ciena, are NPAs and, therefore, quarterly returns and statements of current assets are not being filed by the Company with the Banks and Financial Institutions.</p> <p>(vi) As to whether the Company has been declared a Wilful Defaulter by the Banks or Financial Institutions or other Lenders or not, the Company shall share the information in this regard with the Statutory Auditors in due course of time. It is, however, pointed out that the Company has recently received a communication from Bank of Maharashtra, whose reference has been made in Note No. 81 of the Standalone Financial Statement for the FY 2021-22.</p>	

	(vii) No funds have been borrowed by the Company from any Bank or Financial Institution after the appointment of the new Board of Directors. As far as the funds borrowed prior to the appointment of new Board of Directors are concerned, the specific details about their utilization are not available in the Company and that this aspect is also being looked into by the Central Investigating Agencies.
	(viii) As far as other Observations mentioned in Sr. No. 24 are concerned, the Company has already started the process to collect the relevant information from various sources which are available to the new Management. 	(i) The relevant information pertains to the period of the erstwhile Management which has since been superseded by the Hon'ble Supreme Court vide its order dated 20.01.2020. Further, even the availability of relevant records has been a serious challenge for the new Management.																				
	(ii) The Central Investigating Agencies, like Enforcement Directorate, SFIO, and CBI, among others, are already investigating on various issues. Since the Company is not aware about the stage of the completion of these investigations, it is neither possible nor feasible for the new Management to quantify the liabilities of the Company at this stage.																				
	(iii) As far as the court cases are concerned, it is pointed out that there were in all 4,001 court cases pending pan-India against the Company, out of which 1,558 cases have so far been disposed of. Hence, there are at present 2,443 active cases, out of which except those which have been filed by the Company, all other cases have been laid to rest by virtue of the moratorium granted by the Hon'ble Supreme Court vide its order dated 20.01.2020. 	The company has not performed the process of identification of creditors to be classified as Micro and Small Enterprises (MSE) during the year and due to absence of details of MSE, the company cannot determine the amount outstanding to MSE creditors and interest due thereon under "The Micro, Small and Medium Enterprises Development Act, 2006".
	In view of above, we are unable to express an opinion on the same.
	We had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March, 2022 in respect of this matter.

5	For Audit Qualification(s) where the impact is not quantified by the auditor:
	(i) Management's estimation on the impact of audit qualification:
	(ii) If management is unable to estimate the impact, reasons for the same:
	(i) The observation is admitted as correct. However, the MSMEs are entitled to a speedier remedy under the MSME Act, 2006. The management has not received any notice from any such authority in any state where the MSMEs can seek relief.
	(ii) It is believed that the MSME creditors, if any, should primarily be from among the Vendors/ Contractors of the Company or any of its subsidiaries. It may open a Pandora's box if the management starts writing to all its creditors to ascertain if they are MSMEs or not.
	(iii) The information about their registration under the MSME Act is to be supplied by the concerned parties only in order to claim the benefits as prescribed therein. It is best left to the claimant to exercise any such privilege if he/she is entitled to the same.
	(iv) In the absence of the requisite information on this account, the Company is not in a position to quantify the amounts including interest, which may or may not have become due to such MSME Suppliers. As such, it is proposed that as and when any such claim is received, the same would be processed on priority and shared with the Auditors in due course.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

SIGNIFICANT ACCOUNTING POLICIES

I. Nature of operations

M/S Unitech Limited (the "Company"), having CIN: L74899DL1971 PLC009720, was incorporated on 9th February 1971 with its Registered Office at 6, Community Centre, Saket, New Delhi-110017. The Company is a Real Estate Developer in India and also has interest in the business of Power Transmission and Hospitality, among others. The Company's main line of business is Real Estate Development and related activities, including Construction and allied Services. The Company's equity shares are listed on The Bombay Stock Exchange Limited (BSE) and The National Stock Exchange of India Limited (NSE).

II. Basis of preparation

The Standalone Financial Statements of the Company for the year ended March 31, 2023 were authorized for issue by the Board of Directors in its meeting held on August 29, 2023. These Financial Statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as notified by Ministry of Corporate Affairs (MCA) under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

The preparation of the Company's Financial Statements, in conformity with Ind AS, requires the Company to exercise its judgment in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements. These estimates and assumptions are assessed on an on-going basis and are based on past experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances and presented under the historical cost convention on accrual basis of accounting. Accounting Policies have been applied consistently to all periods presented in these Financial Statements. All assets and liabilities have been classified as current or non-current as per the operating cycle of the Company as per the General Instructions for preparation of Balance Sheet and Statement of Profit and Loss of a Company set out in Schedule III to the Companies Act, 2013.

III. Use of estimates

The preparation of Financial Statements, in conformity with generally accepted Accounting Principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the Financial Statements and the result of operations during the reporting period. Although these estimates

are based on Management's best knowledge of current events and actions, actual results could differ from these estimates. Significant estimates used by the Management in the preparation of these Financial Statements include project revenue, project cost, saleable area, economic useful lives of fixed assets, accrual of allowance for bad and doubtful receivables, loans and advances and current and deferred taxes. Any revision to accounting estimates is recognized prospectively in accordance with the applicable Accounting Standards.

Significant management judgments

Recognition of Deferred Tax Assets - The extent to which deferred tax assets can be recognized is based on an assessment of the probability of future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets - The evaluation of applicability of indicators of impairment of assets requires determination of cash generating units and assessment of several external and internal factors, which could result in deterioration of recoverable amount of assets.

Impairment of financial assets - At each Balance Sheet date, based on historical default rates observed over expected life, the Management assesses the expected credit loss on outstanding financial assets.

Provisions - At each Balance Sheet date based on the Management's judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgment.

Significant estimates

Revenue and Inventories - Inventory recognition requires forecasts to be made of the total Real Estate Development Costs with the outcomes of underlying construction and service contracts which require assessment and judgment to be made on changes in Scope of Work, claims (compensation, rebates, etc.) and other payments to the extent they are probable and they are capable of being reliably measured.

Useful lives of depreciable/ amortizable assets - Management reviews its estimate of the useful lives of depreciable/ amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of the assets.

Defined Benefit Obligations (DBO) - Management's estimates of the DBO is based on a number of underlying assumptions, such as, standard rates of

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair market value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

IV. Property, plant and equipment & depreciation

Transition to Ind AS

The Company has elected to use a previous Generally Accepted Accounting Principles (GAAP) cost {Cost (-) accumulated depreciation and impairment losses, if any,} of an item of property, plant and equipment at or before the date of transition to Ind AS as deemed cost at the date of transition in accordance with the option provided under Ind AS-101.

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The initial cost of PPE is the cost of acquisition or construction, inclusive of freight, erection & commissioning charges and any directly attributable costs of bringing an asset to working condition and location for its intended use, including borrowing costs relating to the qualified asset over the period up to the date the asset is ready to commence commercial production. The carrying amount of a PPE is de-recognized when no future economic benefits are expected from its use or on disposal.

The Property, plant and equipment are subsequently measured at cost net of accumulated depreciation and accumulated impairment losses, if any. Depreciation on property, plant and equipment is provided on a straight-line basis over the estimated useful lives of the assets, as prescribed in Part C of Schedule II of the Companies Act, 2013.

The PPE acquired under finance leases, if any, is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term, if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term. Freehold land is not depreciated. Borrowing costs relating to acquisition of PPE which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Depreciation on PPE is provided based on useful lives of the assets assigned to each asset in accordance with Schedule II to the Companies Act, 2013 on straight-line method. Fixtures and lease hold improvements installed in leased buildings are

amortized over the initial period of lease.

V. Intangible assets under development

'Intangible assets under development' represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes land, related acquisition expenses, development/construction costs, borrowing costs and other direct expenditure.

VI. Intangibles and amortization

Intangible assets are recognized when it is probable that future economic benefits attributable to asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets (acquired or developed in-house) are measured on initial recognition at cost. The cost of an intangible asset includes purchase cost (net of rebates and discounts), including any import duties and non-refundable taxes, and any directly attributable costs on making the asset ready for its intended use. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, which meet capitalization criteria, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred. Cost of software is amortized over a period of 05 years, being the estimated useful life as per the Management's estimates.

VII. Impairment of assets

The amortization period and method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Management at each Balance Sheet date assesses using external and/ or internal sources whether there is an indication that an asset or group of assets or a cash generating unit, as the case may be, may become impaired. Impairment exists where the carrying amount exceeds the fair market value of the asset, represented by the present value of future cash flows expected to arise from the continuing use of the asset and its realizable value. The impairment loss, if any, is charged off to statement of profit and loss.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use. Gains and losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the statement of profit and loss when the asset is de-recognized or on disposal.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

VIII. Lease accounting

At the inception of a contract, the Company assesses whether a contract is or it contains a lease agreement or a contract is or it contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an asset the Company assesses whether:

- (i) The contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capability of a physical distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- (ii) The Company has the right to substantially obtain all of the economic benefits from use of the asset throughout the period of use; and
- (iii) The Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changes how and for what purpose the asset is used.

Company as a lessee

(i) *Right of use Asset*

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee, and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

(ii) *Lease Liability*

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

(iii) *Short-term lease and leases of low-value assets*

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term

leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right of use relates. A class of underlying asset is a grouping of underlying assets of a similar nature and use in Company's operations. The election for leases, for which the underlying asset is of low value, can be made on a lease-by-lease basis.

Company as a lessor

Leases in which the Company does not substantially transfer all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred by lessors in negotiating and arranging an operating lease shall be added to the carrying amount of the leased asset and recognized as an expense over the lease term on the same basis as the lease income. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee.

IX. Investment property

(i) *Recognition and initial measurement*

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. On transition to IND AS, the Company had elected to measure all of its investment properties at the previous GAAP carrying value (deemed cost). The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in the statement of profit or loss as incurred.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(ii) *Subsequent measurement (depreciation and useful lives)*

Investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation on investment properties is provided on the straight-line method over the useful lives of the assets as follows:

Asset Category	Useful life (in years)	Estimated useful life as per Schedule II to the Companies Act, 2013 (in years)
Land & Building	60	60

The Company, based on technical assessment made by technical expert and/ or management estimates, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on evaluation performed by an accredited external independent valuer applying valuation model acceptable internationally.

(iii) *De-recognition*

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefits are expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of profit or loss in the period of de-recognition.

X. Inventories

- (i) The cost of inventories comprises the cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Inventories are valued at cost or net realizable value, whichever is lower on the basis of first-in-first-out method, average cost method or specific identification, as the case may be.
- (ii) Finished stock of completed Real Estate Projects,

land and land development rights are valued at lower of the cost or net realizable value on the basis of actual identified units.

XI. Projects in progress

Project in progress disclosed as at reporting date in respect of Real Estate development and related activities includes aggregate amount of project costs incurred and recognized profit (less recognized losses) including unbilled revenue and project costs that relate to future activity on the contract where it is probable that these costs will be recovered in future upto the reporting date less amount received from customers, for all projects.

Project costs include cost of land, land development rights, construction costs, job work, allocated borrowing costs and other incidental costs including the cost of any delayed penalty, already committed to the customers that are attributable to project and such other costs as are specifically chargeable to the customer being costs incurred upto the reporting date.

Unbilled revenue represents revenue recognized on percentage of completion method to the extent not billed to customers as per contractual payment plan/ milestones. The application of IND AS 115 has impact on Projects in Progress and must be read along with 'Significant accounting policy no. XII below.

XII. Borrowing Costs

Borrowing cost relating to acquisition/ construction development of qualifying assets of the Company are not capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is the one that necessarily takes substantial period of time to get ready for its intended use/ sale. Borrowing costs that are attributable to the project in progress and qualifying land advances as well as any capital work in progress are charged to respective qualifying asset. Borrowing costs incurred/ proportioned on projects, otherwise qualified for capitalization, where ultimate expected profitability is expected to be negative, is not capitalized, and is charged to statement of profit and loss. All other borrowing costs, not eligible for capitalization, are charged to the statement of profit and loss.

XIII. Revenue recognition

The Company derives revenues primarily from the business of Real Estate development and related activities including construction, consultancy and rentals etc. Further, most of the business conducted is within the geographical boundaries of India.

Revenue is recognized in accordance with the principles laid down under IND AS-115.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(1) Real estate projects

The Company recognizes revenue using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.

Performance obligations are satisfied over time when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (i) the Company's performance creates or enhances the asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (ii) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

Revenues in excess of invoicing are classified as contract assets (also referred to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (also referred to as unearned revenues).

The amount of contract revenue may increase or decrease from one period to the next on account of:

- (i) Variations or claims contractually agreed that increase or decrease contract revenue in a period subsequent to that in which the contract with customers was initially agreed; and
- (ii) Penalties arising from delays caused by the Company in the completion of the contract where such penalties are certain. These penalties do not include those which have not yet been committed to the customers where the possession of the unit has not been handed over.

Further, the Company recognizes revenue on Percentage of Completion Method (POCM) on completion of the following events:

- (i) All critical approvals necessary for commencement of the project have been obtained including, wherever applicable - environmental & other clearances, approval of plans, designs etc., title to land or other rights of development/ construction & change in land use;
- (ii) The expenditure incurred on construction & development is not less than 25% of the construction and development costs;
- (iii) At least 25% of the saleable project area is secured by contracts or agreements with buyers;

(iv) The Company starts giving possession in that project and has qualified for the criterion as stated in IND AS 115; and

(v) At least 10% of the total revenue as per the agreements of sale or any other legally enforceable document are realized at the reporting date in respect of each of the contracts & it is reasonable to expect that the parties to such contracts will comply with the payment terms as defined in the contracts.

When it is probable that total costs will exceed total project revenue, the expected loss is recognized as an expense immediately.

An entity shall account for a contract with a customer that is within the scope of this Standard only when all of the following criteria are met:

- (i) The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- (ii) The entity can identify each party's rights regarding the goods or services to be transferred;
- (iii) The entity can identify the payment terms for the goods or services to be transferred;
- (iv) The contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- (v) It is probable that the entity will conduct the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

(2) Construction contracts

The Company recognizes revenue from construction contracts using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.

Performance obligations are satisfied over time

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (a) the Company's performance creates or enhances an asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (b) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

- (i) The stage of completion under the POC method is measured on the basis of percentage that actual costs incurred on construction contracts to the total estimated cost of the contract.
- (ii) Revenue on account of contract variations, claims and incentives are recognized/adjusted upon settlement or when it becomes reasonably certain that such variations, claims and incentives are both measurable and recoverable/adjustable.

Contract revenue is measured at fair value of the consideration received or receivable. The measurement of contract revenue is affected by a variety of uncertainties that depend on the outcome of future events. The estimates often need to be revised as events occur and uncertainties are resolved. Therefore, the amount of contract revenue may increase or decrease from one period to the next.

(3) Accounting of projects with co-developers (JVs)

All the development expenses and sale proceeds booked during the year are transferred to the co-developer at the year-end as per the mutual agreement with each such co-developer.

(4) Sale of land and land development rights

Revenue from sale of land and development rights is recognized upon transfer of all significant risks and rewards of ownership of such real estate/property, as per the terms of the contracts entered into with buyers, which generally coincides with the firming of the sales contracts/ agreements.

(5) Sale of construction material

Revenue from sale of construction material is recognized when transfer of significant risk and rewards of such material takes place. Such sale is recognized net of taxes.

(6) Sale of investment

Net sale proceeds of the investments including the investment in subsidiaries, joint ventures

and associates developing real estate projects, are recognized on completion of sale of such investment.

(7) Consultancy income

Consultancy income is recognized on accrual basis based on contractual terms on the performance of such services. Revenue is recognized proportionately by reference to the performance of acts defined contractually. The revenue is recognized when it is reasonably sure that the Company has completed its performance obligation and the revenue shall ultimately be realized. The revenue recognized is determined on the basis of contract value, associated costs, number of acts or other suitable basis. .

(8) Interest income

Interest income is recognized only when no significant uncertainty as to measurability or collectability exists. Income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income from financial Assets is recognized using E.I.R. method.

(9) Dividend income

Dividend income is recognized when the right to receive the same is established.

(10) Income from interest on delayed payment by customers

The revenue on account of interest on delayed payment by customers is accounted for at the time of acceptance/ settlement with customers due to uncertainties with regard to determination of amount receivable until then.

XIV. Foreign currency transactions

These Financial Statements are presented in Indian Rupees (INR), which is the Company's functional currency. A foreign currency transaction is recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of the transaction. Monetary items denominated in a foreign currency are reported using the closing rate or at the amount which is likely to be realized from, or required to disburse such items at the balance sheet date as the situation demands. Non-monetary items carried in term of historical cost denominated in foreign currency, are reported using exchange rate at the date of transaction. Exchange differences arising on the settlement of monetary items or on reporting an enterprise's monetary items at rates different from those at which they were initially

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

recorded during the period, or reported in previous financial statements, are recognized as income or as expenses in the period in which they arise. Exchange differences arising on reporting of long term monetary assets at rates different from those at which they were initially reported during the period or previous periods in so far they relate to the acquisition of depreciable capital asset is added to or deducted from the cost of assets.

The Financial Statement of an integral operation is translated using the above principle and procedures. In translating the Financial Statement of a non-integral foreign operation for incorporation in its Financial Statement, the following principles and procedures are followed:

- (i) Assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate.
- (ii) Income and expense items of the non-integral foreign operation are translated at exchange rates at the date of the transactions.
- (iii) All resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment.

XV. Taxes on income

Tax Expenses have been computed as per the provisions contained in IND AS 12. The tax expense for the period comprises the sum of current tax and deferred income tax. Tax is recognized in the statement of Profit & Loss, except to the extent that it relates to items recognized in the other comprehensive income or in equity, in which case, the tax is also recognized in Other Comprehensive income.

(i) Current tax

Current tax assets & liabilities are measured at the amount expected to be recovered from or paid to the income tax authorities, based on tax rates and laws that are enacted at balance sheet date.

(ii) Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets & liabilities in the Financial Statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax assets & liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying

amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

XVI. Employee benefits

Employee benefits have been computed as per the provisions contained in IND AS 19

(i) Short-term employee benefits

The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered by employees as -

- (a) a liability (accrued expense) after deducting any amount already paid. Excess of amounts paid over liability incurred is treated as prepaid expenses; or
- (b) an expense unless it is eligible to be charged to project in progress or capital work in progress or fixed asset as the case may be.

(ii) Post-employment benefits

(a) Defined contribution plans

The Company, as per details hereunder, operates defined contribution plans pertaining to Employees State Insurance scheme, Government administered Pension Fund scheme, Provident Fund plan and Superannuation scheme for eligible employees.

The above defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities (funds) or to financial institutions or state managed benefit schemes. The Company's contribution to defined contribution plans are recognized in the statement of profit and loss in the financial year to which they relate.

❖ Employees State Insurance/ Pension Fund scheme:

The Company makes specified monthly contribution towards Employees State Insurance scheme and government administrated pension fund scheme.

❖ Provident Fund plan:

The Company is obliged to make specified monthly contributions towards Employee Provident Fund registered with the Regional Provident Fund Commissioner.

(b) Defined benefit obligations

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

The cost of providing benefits i.e. gratuity and leave encashment is determined using the projected unit credit method, with actuarial valuations carried out annually as at the balance sheet date. Actuarial gains and losses are recognized immediately in the statement of profit and loss. The fair value of the plan assets is reduced from the gross obligation under the defined benefit plan, to recognize the obligation on net basis. Past service cost is recognized as expense on a straight-line basis over the average period until the benefits become vested.

XVII. Provisions, contingent liabilities and contingent assets

Provisions: Provisions are recognized in respect of liabilities, which can be measured only by using a substantial degree of estimates when:

- (i) the Company has a present obligation as a result of a past event;
- (ii) a probable outflow of resources embodying economic benefits will be required to settle the obligation; and
- (iii) the amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent Liability: Contingent liability is disclosed in the case of:

- (i) a present obligation arising from a past event, when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- (ii) a possible obligation, that arises out of past events and the existence of which will be confirmed only by one or more uncertain future events unless the probability of outflow of resources is remote.

Contingent Assets: Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

XVIII. Cash & cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of twelve months or less. Cash flow statement is prepared using the indirect method.

XIX. Earnings per share

Basic earnings per share is calculated by dividing the

net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue, a share split and share warrants conversion.

Diluted earnings per share is calculated by adjusting net profit or loss for the period attributable to equity shareholders and the weighted number of shares outstanding during the period for the effect of all dilutive potential equity shares.

Further, where the statement of profit and loss includes extraordinary items, the Company discloses basic and diluted earnings per share computed on the basis of earnings excluding extraordinary items (net of tax expenses).

XX. Fair value measurement

The Company is required to measure the financial instruments at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities, for which fair value is measured or disclosed in the financial statements, are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

XXI. Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets includes trade receivable, loan to body corporate, loan to employees, security deposits and other eligible current and non-current assets. Financial liabilities include Loans, trade payables and eligible current and non-current liabilities.

(1) Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (i) the entity's business model for managing the financial assets; and
- (ii) the contractual cash flow characteristics of the financial asset.

A financial asset is measured at amortized cost if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income.

All financial liabilities are subsequently measured at amortized cost using the effective interest method or fair value through profit or loss.

(2) Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value at initial recognition, plus or minus, any transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss.

(3) Financial assets subsequent measurement

Financial assets are subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL), as the case may be, except for the investments where no information is available with the Company. Such investments are subsequently measured at cost. Financial liabilities are subsequently measured at amortized cost or fair value through profit or loss.

(4) Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

(5) Trade receivables

Trade receivables are the contractual right to receive cash or other financial assets and recognized initially at fair value. These are subsequently measured at amortized cost (Initial fair value less expected credit loss). Expected credit loss is the difference between all contractual cash flows that are due to the Company and all that the Company expects to receive (i.e. all cash shortfall), discounted at the effective interest rate.

(6) Equity investments

All equity investments in the scope of IND AS 109 are measured at fair value other than investments

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

in subsidiary, associate & Joint Venture which are stated at cost as per IND AS 27 'separate financial statement'. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument – by - instrument basis. For other equity instrument due to non-availability of sufficient and recent information, cost is taken as appropriate estimate of fair value with reference to IND AS 109 'financial instrument'.

(7) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

(8) Financial liabilities

Financial liabilities are recognized initially at fair value less any directly attributable transaction costs. These are subsequently carried at amortized cost using the effective interest method or fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(9) Trade payables

Trade payables represent liabilities for goods and services provided to the Company prior to the end of financial year and which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period or not paid/ payable within operating cycle. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

(10) Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there

is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the Company does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(11) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of Company after deducting all of its liabilities. Equity instruments are recognized at the proceeds received, net of direct issue costs.

(12) Derecognition of financial instrument

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(13) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(14) Financial guarantee

Financial guarantee contracts issued by the entities are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of IND AS 109 and the amount recognized less cumulative amortization.

XXII. Non-current assets held for sale/ distribution to owners and discontinued operations

The Company classifies non-current assets (or disposal

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

groups) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Held for sale is classified only if the asset (or disposal group) is available for immediate sale in its present condition subject only to the terms that are usual and customary for sale for such assets (or disposal group) and its sale is highly probable i.e. management is committed to sale, which is expected to be completed within the period of contract, as may have been extended by the term of the contract or otherwise. Sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. Non-current assets (or disposal group) that is to be abandoned are not classified as held for sale. Non-current assets held for sale and disposal groups are measured at cost as the fair value is not available with the Company the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Interest and other expenses attributable to the liabilities of a disposal group classified as 'held for sale' will continue to be recognized.

Non-current asset (or disposal group) is reclassified from 'held to sale' if the criteria are no longer met and measured at lower of:

- (i) Its carrying amount before the asset (or Disposal group) was classified as held for sale, adjusted for any depreciation, amortization or revaluations that would have been recognized had the asset (or disposal group) not been classified as held for sale; and
- (ii) Its recoverable amount at the date of the subsequent decision not to sell.

Any adjustment to the carrying amount of a non-current asset that ceases to be classified as held for sale is charged to profit or loss from continuing operations in the period in which criteria are no longer met.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed-off, or is classified as held for sale, and:

- (i) represents a separate major line of business or geographical area of operations;
- (ii) is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or
- (iii) is a subsidiary acquired exclusively with a view to re-sell.

65. As regards trade payables, which primarily relate to the unpaid bills of Contractors and Vendors, and which prima facie may not be payable to the extent shown in the books, the management is in the process of ascertaining the genuineness of all the operational liabilities, which are being carried forward as a legacy from the erstwhile management in the accounts. The exact liability towards trade payables can be ascertained only after the process of invitation and settlement of claims, as provided in the Resolution Framework, is taken up and completed.

Further, as regards trade receivables, which primarily relate to the part/ full amount receivable from customers and other receivables/ advances, the Management has already started a recovery process by sending recovery notices for the advances and has also established the process of recovering the dues from the customers, which is pending due to stoppage of projects.

Consequent to voluminous transactions with large number of parties, the management is in the process of preparing of ageing schedule for receivables and payables, from the available data in multiple software for different periods. As regards all other opening balances which are outstanding for a long period of time and which are also being carried forward as a legacy balance, the Company is in the process of collecting the supporting documents to take an appropriate decision in the matter. Though some progress has been made in this behalf, the process of compiling banks statements/ bank balance confirmations from all the concerned banks of the Company is likely to take some time as some of the banks are not cooperating. However, the Company had already settled the said loan account and nothing remains outstanding against the same. The new Management has filed an Intervention Application before Hon'ble Supreme Court for the recovery of the amounts deposited with M/s Dandamundi Estate and Mr. D.A. Kumar along with interest @ 18% p.a. and the Company has not created any provision against the said deposit in the Books of Accounts on account of the matter being sub-judice.

The management of Holding Company is in process of appointing auditors for these subsidiaries. As on the date of the report, for 138 Indian subsidiaries companies, auditors have been appointed and the appointed auditors are in the process of conducting their audit exercise. For remaining subsidiaries, management is in the process of appointing auditors. Also, to mention here that there are few subsidiaries wherein directors are less than the minimum threshold limit prescribed under the Companies Act, 2013. As on the date of this report, management is in the process of compiling list of such companies. For the purpose of consolidation, management has considered unaudited accounts available with them for these subsidiaries. Also included in details of subsidiary companies above are 32 foreign subsidiaries for which Holding Company is not having updated books of accounts available for these foreign subsidiaries and for the purpose of preparation of these Consolidated Financial Statements, last audited balance sheets, as available with the Holding Company, were used for these foreign subsidiaries. These last available audited balance sheets pertain to the financial year ending 31st March, 2017 (for 26 companies), 31st March, 2016 (for 1 company) and 31st March, 2010 (for 1 company). In case of 4 companies, last available unaudited details are used for preparation of these Consolidated Financial Statements.

Further, no details are available with the Holding Company for 4 associates and 17 joint ventures for year ending 31st March, 2023 and accordingly the same have not been considered for consolidation.

For the purpose of disclosures made in the consolidated financial statements (note no 42 onwards), details of holding company and the subsidiary companies, of which audited financial statements are available, have been used. These disclosures do not contain numbers/values for 214 subsidiaries whose audited accounts are not available. INDEPENDENT AUDITORS' REPORT

management, they are in the process of initiating action to activate these companies.

In view of the above, we have not applied any audit procedures on any of the subsidiaries, associates or joint ventures and hence cannot express an opinion on the same.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

- (ii) We draw attention to Note no. 55 of the Consolidated Financial Statements, which have made references to the Resolution Framework (RF) for Unitech group which has been prepared under the directions of the Board of Directors of Unitech Limited appointed by the Central Government pursuant to the afore-said order of the Hon'ble Supreme Court and approved by the Board of Directors in their Meeting held on June 17, 2020/ September 10, 2020/ October 28, 2020/ April 27, 2022 and which has been filed with the Hon'ble Supreme Court. Through RF, the company has requested the Hon'ble Supreme Court to grant some concessions and reliefs so that the company is able to fulfil its obligations towards the construction of the projects and meet other liabilities.

As the RF has not yet been approved by the Hon'ble Supreme Court, the impact of the proposed reliefs, concessions etc. have not been considered in the books of accounts.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

(iii) Material uncertainty related to going concern

We draw attention to Note no. 42 of the Consolidated Financial Statements wherein the management has represented that the Consolidated Financial Statements have been prepared on a going concern basis, notwithstanding the fact that the Holding Company has incurred losses and has challenges in meeting its operational obligations, servicing its current liabilities including bank loans and public deposits. The Holding Company also has various litigation matters which are pending before different forums, and various projects of the Holding Company have stalled/ slowed down.

These conditions indicate the existence of material uncertainty that may cast significant doubt about Holding Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Holding Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the

Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats. This activity is getting conducted under supervision of Justice A.M. Sapre, as appointed by Hon'ble Supreme Court of India.

Considering the above, we are unable to express an opinion on this matter.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

- (iv) We draw attention to Note no. 53 of the Consolidated Financial Statements, Unitech Limited ("the Holding Company") held its annual general meetings for last 2 years with delays. The Holding Company had not applied for any extension for conducting annual general meeting to the Registrar of Companies, NCT of Delhi & Haryana. The Holding Company is in the process of estimation of penalty and other implications due to delay in holding of annual general meeting.

Further, the Holding Company has also delayed in filling of its quarterly and annual/year to date results with Security and Exchange Board of India "SEBI". The Company has not taken any provision related to penalty on account of such delay and management is now planning to seek relief against such penalty from SEBI.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

- (v) We draw attention to Note no. 60 of the Consolidated Financial Statements, the Holding Company had received a 'cancellation of lease deed' notice from Greater Noida Industrial Development Authority ("GNIDA") dated 18 November 2015. As per the Notice, GNIDA cancelled the lease deed in respect of Residential/ Group Housing plots on account of non-implementation of the project and non-payment of various dues amounting to Rs. 105,483.26 lakhs. The said land is also mortgaged and the Holding Company has registered such mortgage to a third party on behalf of lender for the Non-Convertible Debenture (NCD) facility extended to the Company and, due to default in repayment of these NCDs, the debenture holders have served a notice to the Holding Company under section 13(4) of the SARFAESI Act and have also taken notional possession of this land. The Company had contractually entered into agreements to sell with 352 buyers and has also received advances from such buyers amounting to Rs. 6,682.10 lakhs (net of repayment). No contract revenue has been recognized on this project.

INDEPENDENT AUDITORS' REPORT

GNIDA has, in the meanwhile, in terms of the Order of the Hon'ble Supreme Court dated 18.09.2018, deposited on behalf of the Company, an amount of Rs. 7,436.35 Lakhs (Rs. 6,682.10 Lakhs and interest @ 6% on the principal amount of Rs. 6,682.10 Lakhs), out of the monies paid by the Holding Company, with the registry of the Hon'ble Supreme Court. GNIDA has adjusted Rs. 9,200.00 lakhs of Unitech group's liabilities towards the Holding Company's other projects with GNIDA and forfeited Rs. 13,893.42 lakhs.

The Holding Company had paid a sum of Rs. 34,221.90 lakhs, including Rs. 4,934.95 lakhs of stamp duty on the land for the said land.

The matter in respect of the land is still pending before the Hon'ble High Court of Allahabad, and pending the final disposal, the Holding Company has, subsequently, shown the amount of Rs. 18,339.80 lakhs as recoverable from GNIDA in its books of accounts including stamp duty of Rs. 4,934.95 lakhs and lease rent paid of Rs. 61,13.11 lakhs. Further, the Company is also carrying

- a) Other construction costs amounting to Rs. 80,575.05 lakhs in respect of the projects to come upon the said land which also includes interest capitalized of Rs. 696,84.68 lakhs.

Out of the interest mentioned above Rs. 4,846.67 Lakhs has been capitalized in the books of accounts of the company. The same is in contravention of the provisions of Indian Accounting Standards 23 "Borrowing Costs".

The impact on the accounts viz. inventory, projects in progress, customer advances, amount payable to or receivable from GNIDA, cannot be ascertained, since the matter is still subjudice, as mentioned hereinabove, vis-à-vis dues of the Holding Company, and hence we are unable to express an opinion on this matter.

Financial Statements, Confirmations/ reconciliations are pending in respect of amounts deposited by the Holding Company with the Hon'ble Supreme Court. As per books of account an amount of Rs. 31,191.85 Lakhs deposited with the Hon'ble Supreme Court Registry ("Registry") is outstanding as at 31st March, 2023. Management of Holding Company has received certain details of payments made and monies received in the registry from the Court and has accrued the same in its books of accounts. However, there are still variations of Rs. 934.15 Lakhs between balance as per books of accounts vs balance as per registry details and management is in the process of reconciliation of the same.

Further, for the payments made from its registry, there was no deduction made on account of tax at source and no goods and services tax liability, wherever applicable on reverse charge basis have been complied with.

In view of the reconciliation exercise still in process, possible tax non compliances, we are unable to comment on the completeness and correctness of amounts outstanding with the Registry and of the ultimate impact these transactions would have on the Consolidated Financial Statements of the Holding Company, and hence we are unable to express an opinion on this matter.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

INDEPENDENT AUDITORS' REPORT

We draw attention to Note no. 6 and 15 of the Consolidated Financial Statements, considering the fact that the accounts of these above mentioned foreign entities are not available with the management and for Indian entities, they are not audited since last 3-4 years plus also taking into accounts the factors such as accumulated losses in above said entities, substantial/full erosion of net worth, significant uncertainty on the future of these entities and significant uncertainty on recovery of investments and loans, there are strong indicators of conducting impairment/ expected credit loss assessment for above mentioned investments and loans in accordance with the principles of Indian Accounting Standards 36, "impairment of assets" and Indian Accounting Standards 109 "financial instruments".

Further: -

- Equity investment-others include investment made in M/s Carnoustie Management (India) Private Limited (Carnoustie) of Rs. 310,05.45 lakhs as on 31st March, 2023. Regarding this investment, the Holding Company has already filed an Intervention Application "IA" before Hon'ble Supreme Court of India wherein, the Company has stated that erstwhile management has invested in equity shares of Carnoustie @ Rs. 1,000 – Rs. 1,500 per share including a premium of Rs. 990 – Rs. 1,490 per share. As per IA submitted by the Holding Company, there was no basis available with erstwhile management for such share valuation. Also, there were certain plots allotted to Carnoustie at a price lower than the market rate as on allotment date. Considering the nature of this investment, same is to be valued at fair value through other comprehensive income "FVTOCI" as required under Indian Accounting Standards 109 "financial instruments" but the Holding Company has decided to carry investment made in Carnoustie at cost as the matter is subjudice.
- Investment – CIG – The Holding Company made investment of Rs. 254,53.19 lakhs in CIG realty fund for which no details are available with the Company. As explained by management, the Holding Company is planning to file a separate Intervention Application "IA" before Hon'ble Supreme Court of India requesting Hon'ble Court to take up this matter. Management also explained that CIG funds are already under investigation by Enforcement Directorate (ED) and Serious Fraud Investigation Office (SFIO). Considering the nature of this investment, same is to be valued at fair value through other comprehensive income "FVTOCI" as required under Indian Accounting Standards 109 "financial instruments" but the Holding Company has decided to carry investment

made in CIG funds at cost as the matter is under investigation by various authorities.

In view of non-existence of any impairment study, non-existence of any expected credit loss policy in the Holding Company and accounting of investment at cost which were otherwise to be carried at FVTOCI, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these non-current investments and non-current loan and its consequential impact on the Consolidated Financial Statements.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

The Holding Company has not conducted any impairment assessment on the same in accordance with the principles of Indian Accounting Standards 109 "financial instruments". In view of the same, we are unable to express an opinion on the same.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

INDEPENDENT AUDITORS' REPORT

We draw attention to Note no. 7, 12 and 16 of the Consolidated Financial Statements, the Holding Company has not assessed loss allowance for expected credit losses on financial assets in accordance with the principles of Indian Accounting Standards AS 109 - "Financial Instruments".

In view of non-existence of any expected credit loss policy in the Holding Company, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these financial assets and its consequential impact on the Consolidated Financial Statements.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

(x) Inventory and project in progress

We draw attention to Note no. 10 and 17 of the Consolidated Financial Statements, The Holding Company, as on 31st March, 2023, has shown inventory of Rs. 62,517.96 Lakhs and project in progress "PIP" of Rs. 17,56,942.48 Lakhs. The Holding Company is currently carrying these inventory and PIP items at cost which is computed based on percentage of completion method under Indian Accounting Standard 115 "Revenue from Contracts with Customers". In view of the fact that in majority of the projects of the Holding Company, construction and other operational activities are on hold since last 24-60 months, there are high indicators that such inventory and PIP assets should be tested for evaluating their respective net realisable value "NRV" in accordance with the requirement of Indian Accounting Standard 2 "inventories".

Further, management is in the process of verification of title documents for land and other immovable assets.

As per the explanation provided by the management, pursuant to the approval of Hon'ble Supreme Court of India, Project Management Consultants (PMCs) have been appointed for the projects for estimation of work done till date, cost to be incurred further to complete the projects and to provide applicable completion timelines. These PMC's have also conducted actual physical assessment of the projects and submitted their reports. Management was earlier of the view that NRV assessment of inventory and PIP can be made only after the appointed PMCs complete their assessment of respective projects and submit their final reports but the same is still awaited.

Further, the Holding Company has during the year capitalized expenses to the tune of Rs. 11,249.80 Lakhs as construction expenses (including interest expense

of Rs. 6,154.51 lakhs). This Same is in contravention of the provisions of Indian Accounting Standard 16 "Property plant and equipment" and Indian Accounting Standard 23 "Borrowing cost" as construction activity for all the projects is stalled since last 4-5 years. This has resulted in understatement of current year loss by above said amount.

Also further, the Holding Company, in its financial statements has bifurcated PIP under two headings - "Project in progress on which revenue is not recognized" and "Amount recoverable from project in progress (on which revenue is recognized)". We have not been provided with any basis on which this bifurcation is made.

In view of the absence of any NRV assessment by the management and absence of any physical verification report, capitalization of expenses and interest cost during the year, and absence of any basis of bifurcation of projects in financial statements, we are unable to express an opinion upon the existence and adjustments, if any, that may be required to the carrying value of these inventories and PIP and its consequential impact on the Consolidated Financial Statements.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

In view of non-existence of adequate supporting documents, we are unable to express an opinion upon completeness of the balances appearing in books of accounts of the Holding Company.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter

With respect to the loans and borrowings taken by the Holding Company amounting to Rs. 2,79,186.01 Lakhs as on 31st March, 2023, no confirmation has been received till date of this report.

The holding company is accruing interest expense on the said loans is accrued at a provisional rate of interest. Such provisional rate of interest is based on the details available with the Holding Company regarding interest rates charged by banks/ financial institutions and the same are 4-5 years old. The holding company, has before the date of approval of consolidated financial statements for the year ended 31st March, 2023, obtained statement of accounts from several banks/ financial institutions regarding its borrowings. The Holding Company analysed the statements, obtained from banks/ financial institutions, and additional liability, related to interest and penal interest, was identified to the tune of Rs. 907,77.98 Lakhs. The holding company accrued the additional liability in the year ended 31st

March, 2023 whereas the interest/ penal interest pertained to the earlier periods also. Non accounting of interest/ penal interest in earlier period, as part of error accounting, is in contravention to the provisions of Indian Accounting Standard 8 "Accounting policies, changes in accounting estimates and errors". The Holding Company, is still in process of getting these statements from remaining banks/financial institutions. In view of these, we are unable to comment upon completeness of the balances appearing in books of accounts of the Holding Company and adjustments, if any, that may be required to the books of accounts and its consequential impact on the Consolidated Financial Statements.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

In view of the same, we are unable to express an opinion on completeness of the impact of Indian Accounting Standard appearing in the books of account of the Holding Company.

We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

(xiv) Revenue from real estate projects

We draw attention to Note no. 33 of the Consolidated Financial Statements, The Holding Company is accounting for revenue under real estate projects using percentage of completion method (POCM) with an understanding that performance obligations are satisfied over time. Provisions of paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers" specifies that an entity can recognise revenue over time if it satisfies any one of the following criteria: -

INDEPENDENT AUDITORS' REPORT

- The customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs
- The entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced
- The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

On perusal of various agreements entered by the Holding Company with home buyers, it seems that the Holding Company does not satisfy any of the conditions specified in paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers".

Based on the explanation provided by the management, they are in agreement with our understanding and are in the process of evaluation its impact on the present and earlier presented periods.

AUDITORS' RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with Standards on

INDEPENDENT AUDITORS' REPORT

Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Holding Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Holding Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Further, the Company and the promoters have also given various kinds of Guarantees, including Bank Guarantees and Corporate Guarantees, the lists whereof (to the extent of availability of records), surviving or matured, have been shared with the Statutory Auditors. Matter 10	
1	Details of Audit Qualifications:- Inventory and project in progress
	<p>The Holding Company, as on 31st March, 2023, has shown inventory of Rs. 62,517.96 Lakhs and project in progress "PIP" of Rs. 17,56,942.48 Lakhs. Company is currently carrying these inventory and PIP items at cost which is computed based on percentage of completion method under Indian Accounting Standard 115 "Revenue from Contracts with Customers". In view of the fact that in majority of the projects of the Holding Company, construction and other operational activities are on hold since last 24-60 months, there are high indicators that such inventory and PIP assets should be tested for evaluating their respective net realisable value "NRV" in accordance with requirement of Indian Accounting Standard 2 "inventories".</p> <p>Further, management is in the process of verification of title documents for land and other immovable assets.</p> <p>As per the explanation provided by the management, pursuant to the approval of Hon'ble Supreme Court of India, Project Management Consultants (PMCs) have been appointed for the projects for estimation of work done till date, cost to be incurred further to complete the projects and to provide applicable completion timelines. These PMC's have also conducted actual physical assessment of the projects and submitted their reports. Management was earlier of the view that NRV assessment of inventory and PIP can be made only after the appointed PMCs complete their assessment of respective projects and submit their final reports but the same is still awaited. Further, the Holding Company has during the year capitalized expenses to the tune of Rs. 11,249.80 Lakhs as construction expenses (including interest expense of Rs. 6,154.51 lakhs). This Same is in contravention of the provisions of Indian Accounting Standard 16 "Property plant and equipment" and Indian Accounting Standard 23 "Borrowing cost" as construction activity for all the projects is stalled since last 4-5 years. This has resulted in understatement of current year loss by above said amount.</p> <p>Also further, the Holding Company, in its financial statements has bifurcated PIP under two headings – "Project in progress on which revenue is not recognized" and "Amount recoverable from project in progress (on which revenue is recognized)". We have not been provided with any basis on which this bifurcation is made.</p> <p>In view of the absence of any NRV assessment by the management and absence of any physical verification report, capitalization of expenses and interest cost during the year, and absence of any basis of bifurcation of projects in financial statements, we are unable to express an opinion upon the existence and adjustments, if any, that may be required to the carrying value of these inventories and PIP and its consequential impact on the Consolidated Financial Statements.</p> <p>We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.</p>

5	For Audit Qualification(s) where the impact is not quantified by the auditor:
	(i) Management's estimation on the impact of audit qualification:
	(ii) If management is unable to estimate the impact, reasons for the same:
	<p>(i) Five Project Management Consultants (PMCs) have been engaged, with the approval of the Hon'ble Supreme Court, who have substantially completed Part-A of the Scope of Work assigned to them. This includes "As-is-assessment" of various projects i.e. the status of work done/ completed during the period of erstwhile management. The PMCs have backed their work with photographs and videography of these projects so as to avoid any conflicts when it comes to the claims of old contractors' vis-à-vis the work to be done by the new contractors. Based on this exercise, the PMCs have worked out the BoQs of the remaining works, which form the basis for preparation of Tender Documents.</p> <p>(ii) About 130 to 140 Tenders would need to be floated to complete the balance works, out of which 35 Tenders (Lot-1) were floated on 02.01.2023. On scrutiny of bids, it was discovered that no bids were received against 18 tenders (out of 35) whereas both the bids received in case of one tender failed to meet the eligibility criteria and both the bids received in respect of another tender were abnormally high, resulting in the rejection of bids for these 02 tenders. Thus, bids were required to be called afresh in respect of these 20 (18+1+1) tenders.</p> <p>(iii) In continuation thereto, 2nd Lot of 31 Tenders was prepared by the PMCs, which was duly reviewed by the EIL. Thus, a total of 51 Tenders (20 re-tenders of Lot-1 and 31 tenders of Lot-2) were approved by the BoD and Justice (Retd.) A. M. Sapre in the month of April 2023 for uploading the same on Unitech's e-Tendering web-portal. Accordingly, these tenders were uploaded on the Unitech's web-portal on 08/09.05.2023.</p> <p>(iv) The extended last date for submission of bids in respect of these 51 Tenders was 22.06.2023. On opening of Technical bids on 23.06.2023, it was discovered that no bids had been received in respect of 09 tenders. After completion of the process of evaluation of Technical and Financial bids, the management finalized the bids received qua 34 tenders. This has been approved by the Board of Directors, followed by Justice (Retd.) A.M. Sapre on 18.08.2023.</p> <p>(v) Projects in Progress (PIP) on which revenue is not recognized refers to those projects where no inventory is available for sale and only expenditure is to be made for the completion of residual works in such projects.</p>

	<p>(i) It is stated that as per Standards on Auditing (SA) – 505, prescribed by the Institute of Chartered Accountants of India (ICAI), the process of external confirmation is to be initiated by the Statutory Auditors for directly obtaining the audit evidence from the confirming parties at their level. However, the management would initiate this exercise now keeping the Statutory Auditors in loop for the with respect to outstanding balances as on 31.03.2023. It would, therefore, be appropriate that the Statutory Auditors take up external confirmations based on random sampling since obtaining confirmation from all the parties would be a time-consuming exercise.</p> <p>As far as the liability of the Company towards the secured, unsecured or operational creditors is concerned, the same has been covered in Chapter-3 of the Resolution Framework (RF) submitted before the Hon'ble Supreme Court. 1	<u>Details of Audit Qualifications:-</u>	
	<u>External Confirmation</u>	
	The Holding Company is accounting for revenue under real estate projects using percentage of completion method (POCM) with an understanding that performance obligations are satisfied over time. Provisions of paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers" specifies that an entity can recognise revenue over time if it satisfies any one of the following criteria: -	
	<ul style="list-style-type: none"> • The customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs • The entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced • The entity's performance does not create an asset with an alternative use to the entity and; the entity has an enforceable right to payment for performance completed to date. 	
	On perusal of various agreements entered by the Holding Company with home buyers, it seems that the Holding Company does not satisfy any of the conditions specified in paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers".	
	Based on the explanation provided by the management, they are in agreement with our understanding and are in the process of evaluation its impact on the present and earlier presented periods.	
	In view of the above, we are unable to express an opinion on the all the matter mentioned above.	
	We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

	(i) Management's estimation on the impact of audit qualification:		
	(ii) If management is unable to estimate the impact, reasons for the same:		
	(i) The Audit Observations are a statement of fact and an accounting practice followed since the erstwhile Management. The Statutory Auditors are of the view that the Company should switch over from the POCM based accounting to "Point-in- Time" system of accounting as prescribed in IND-AS-115 to correct this anomaly. Though desirable to do so, it would take some time and its impact on the overall accounts of the Company would need to be examined.		
	(ii) There are more than 15,000 homebuyers across 74 residential and 12 Commercial projects where construction is lying stalled at various stages of construction. These units are to be completed and handed over to the homebuyers. The entire exercise is being carried out under the overall guidance and supervision of Hon'ble Supreme Court.		
	(iii) As such, the Management will be in a position to assess the impact thereof only in due course of time after the Projects are completed and handed over.

Matter 25				
1	Details of Audit Qualifications:-			
	The Holding Company has not performed the process of identification of creditors to be classified as Micro and Small Enterprises (MSE) during the year and due to absence of details of MSE, the company cannot determine the amount outstanding to MSE creditors and interest due thereon under "The Micro, Small and Medium Enterprises Development Act, 2006". In view of above, we are unable to express an opinion on the same. We had given a disclaimer of opinion on the consolidated financial statements for the year ended 31st March, 2022 in respect of this matter.

4	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views			
5	For Audit Qualification(s) where the impact is not quantified by the auditor:			

	(i) Management's estimation on the impact of audit qualification:
	(ii) If management is unable to estimate the impact, reasons for the same:
	<p>(i) The observation is admitted as correct. However, the MSMEs are entitled to a speedier remedy under the MSME Act, 2006. The management has not received any notice from any such authority in any state where the MSMEs can seek relief.</p> <p>(ii) It is believed that the MSME creditors, if any, should primarily be from among the Vendors/ Contractors of the Company or any of its subsidiaries. It may open a Pandora's box if the management starts writing to all its creditors to ascertain if they are MSMEs or not.</p> <p>(iii) The information about their registration under the MSME Act is to be supplied by the concerned parties only in order to claim the benefits as prescribed therein. It is best left to the claimant to exercise any such privilege if he/she is entitled to the same.</p> <p>(iv) In the absence of the requisite information on this account, the Company is not in a position to quantify the amounts including interest, which may or may not have become due to such MSME Suppliers. As such, it is proposed that as and when any such claim is received, the same would be processed on priority and shared with the Auditors in due course.</p>

(ii) Significant Accounting Policies

(a) Basis of presentation

Compliance with Indian Accounting Standards (IND AS)

(i) The Holding Company and its Subsidiaries included in the Group ("Group" has been defined under "Principles of Consolidation" herein below) have adopted accounting policies that comply with Indian Accounting Standards (IND AS) notified by the Ministry of Corporate Affairs, vide notification dated 16 February 2015, under section 133 of the Companies Act, 2013. The Holding Company has adopted "IND AS 115, Revenue from Contract with Customers" with effect from 1st April, 2018 which has been detailed in Significant Accounting Policy No. XII below. While applying the new Standards, the Holding Company has applied the modified retrospective approach to such contracts with customers where the Holding Company has not commenced delivery of housing units as yet and, accordingly, adjusted and re-stated the comparatives, as per performance obligations satisfied over a period of time (Percentage of Completion Method).

(ii) The Consolidated Financial Statements of the Company for the year ended March 31, 2023 were authorized for issue by the Board of Directors in its meeting held on August 29, 2023. These Financial Statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as notified by Ministry of Corporate Affairs (MCA) under section 133 of the Companies Act, 2013, read with Companies (Indian Accounting Standards) Rules as amended from time to time.

(iii) The Group's Financial Statements have been prepared in accordance with the prescribed IND AS. The preparation of the Group's Financial Statements in conformity with Indian Accounting Standard (IND AS) requires the Group to exercise its judgment in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements. These estimates and assumptions are assessed on an ongoing basis and are based on past experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances and presented under the historical cost convention on accrual basis of accounting. Accounting policies have been applied consistently to all periods presented in these consolidated Financial Statements.

(iv) All assets and liabilities have been classified as current or non-current as per the operating cycle of the Holding Company as per the general Instructions for preparation of Balance Sheet and Profit and Loss of a Company set out in Schedule III to the Companies Act, 2013.

Principles of Consolidation

The Consolidated Financial Statements (CFS) relate to Holding Company and its subsidiaries (Group) described in "Details of Subsidiaries" in Note-62 and Note-80 below. In the preparation of the CFS, investments in Subsidiaries, Associates and Joint Ventures are accounted for in accordance with the requirements of Ind AS 110 (Consolidated Financial Statements) and Ind AS 28 (Investments in Associates and Joint Ventures) notified under section 133 of the Companies Act, 2013.

Investment in Subsidiaries

(i) The Consolidated Financial Statements incorporate the Financial Statements of the Holding Company and its subsidiaries (including structured entities) controlled by the Holding Company and its subsidiaries. Control is achieved when the Holding Company:

- (a) has power over the investee;
- (b) is exposed, or has rights, to variable returns from its involvement with the investee; and
- (c) has the ability to use its power to affect its returns.

(ii) The Holding Company re-assesses whether or not it controls an investee if facts and circumstances indicate there are changes to one or more of the three elements of control listed above.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

- (iii) When the Holding Company has less than a majority of the voting rights of an investee, it has power over investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Holding Company considers all relevant facts and circumstances assessing whether or not the Holding Company's voting rights in an investee are sufficient to give it power including:
- The contractual arrangement with the other vote holders of the investee;
 - Rights arising from other contractual arrangements;
 - Group's voting rights and potential voting rights; and
 - The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.
- (iv) Consolidation of a Subsidiary begins when the Holding Company obtains control over the Subsidiary and ceases when the Holding Company loses control thereof. Specifically, income and expenses of a Subsidiary acquired or disposed of during the year are included in the Consolidated Statement of Profit and Loss from the date the Holding Company gains control until the date when the Holding Company ceases to control the Subsidiary.
- (v) The CFS is prepared on the following basis:
- Combining items of assets, liabilities, equity, income, expenses and cash flows of the Holding Company with those of its Subsidiaries on a line-by-line basis.
 - Eliminating in full intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group.
 - Offsetting (eliminating) the carrying amount of Holding Company's investment in each Subsidiary (directly or indirectly) and the Holding Company's portion of equity of each Subsidiary.
 - Profit or Loss and each component of other comprehensive income are attributed to the Holding Company and to the non-controlling interests. Total comprehensive income of Subsidiaries attributed to the Holding Company and to the non-controlling interests even if this results in non-controlling interests having a deficit balance.
- (e) Necessary adjustments are made to the Financial Statements of Subsidiaries to bring accounting policies into line with the Group's accounting policies.
- (f) The Holding Company presents non-controlling interests in the Consolidated Balance Sheet within equity, separately from the equity of the Holding Company. Changes in a Holding Company's ownership interest in a Subsidiary that do not result in the Holding Company losing control of the Subsidiary are considered as equity transactions.
- (g) As far as possible, the CFS are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Holding Company's separate Financial Statements, where it is not practical to use uniform accounting policies, adjustments are made to the Financial Statements of Subsidiaries to bring accounting policies into line with the Group's accounting policies.
- (h) The Financial Statements of the Group entities used for the purpose of consolidation are drawn up to the same reporting date as that of the Holding Company.

Investments in Joint Ventures & Associates

- An Associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not in a position to control or have joint control over those policies.
- A Joint Venture is a joint arrangement whereby the parties that have joint control have rights to the net assets of the joint arrangement. Joint control is the contractually-agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.
- The results and assets and liabilities of Associates or Joint Ventures are incorporated in these Consolidated Financial Statements using the equity method of accounting. Under the equity method, an investment in an Associate or a Joint Venture is initially recognized in the Consolidated Balance Sheet at cost and adjusted thereafter to recognize the Group's share of the Profit or Loss and other comprehensive income of the Associate or Joint Venture. When the Group's

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

share of losses of an Associate or a Joint Venture exceeds the Group's interest in that Associate or Joint Venture, the Group discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on their behalf.

- (iv) On acquisition of the investment in an Associate or a Joint Venture, any excess of the cost of the investment over the Group's share of the Net Fair Value of the identifiable assets and liabilities of the investee is recognized as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the Net Fair Value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognized directly in equity as capital reserve during the period in which the investment is acquired.
- (v) When there is any objective evidence of impairment, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with IND AS 36 'Impairment of Assets' as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognized forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognized in accordance with IND AS 36 to the extent that the recoverable amount of the investment subsequently increases.
- (vi) The Group discontinues the use of the equity method from the date when the investment ceases to be an Associate or a Joint Venture, or when the investment is classified as held for sale. When the investment becomes a Subsidiary, the Group accounts for its investment in accordance with IND AS 103 'Business Combination'. When the Group retains an interest in the former Associate or Joint Venture and the retained interest is a financial asset, the Group measures it at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with IND AS 109. The difference between the carrying amount of the Associate or Joint Venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest is included in the determination of the gain or loss on disposal of the Associate or Joint Venture.

(b) Use of estimates

The preparation of Financial Statements in conformity

with generally accepted accounting principles requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the Financial Statements and the result of operations during the reporting period. Although these estimates are based upon Management's best knowledge of current events and actions, actual results could differ from these estimates. Significant estimates used by the Management in the preparation of these Financial Statements include project revenue, project cost, saleable area, economic useful lives of fixed assets, accrual of allowance for bad and doubtful receivables, loans and advances and current and deferred taxes. Any revision to accounting estimates is recognized prospectively in accordance with applicable Accounting Standards.

Significant management judgments

Recognition of Deferred Tax Assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires determination of cash generating units and assessment of several external and internal factors, which could result in deterioration of recoverable amount of assets.

Impairment of financial assets – At each Balance Sheet date, based on historical default rates observed over expected life, the Management assesses the expected credit loss on outstanding financial assets.

Provisions – At each Balance Sheet date based on the Management's judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgment.

Significant estimates

Revenue and Inventories – Inventory recognition requires forecasts to be made of the total Real Estate Development costs with the outcomes of underlying construction and service contracts which require assessment and judgment to be made on changes in scope of work, claim (compensation, rebates, etc.) and other payments to the extent they are probable and they are capable of being reliably measured.

Useful lives of depreciable/ amortizable assets – Management reviews its estimate of the useful lives of depreciable/ amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

obsolescence that may change the utility of the assets.

Defined Benefit Obligations (DBO) - Management's estimates of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements - Management applies valuation techniques to determine the fair market value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

(c) Property, plant and equipment & depreciation

Transition to Ind As

The Company has elected to use a previous GAAP cost (cost (-) accumulated depreciation and impairment losses (if any)) of an item of property, plant and equipment at, or before, the date of transition to Ind AS as deemed cost at the date of transition in accordance with option provided under Ind AS 101.

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The initial cost of PPE is the cost of acquisition or construction, inclusive of freight, erection & commissioning charges and any directly attributable costs of bringing an asset to working condition and location for its intended use, including borrowing costs relating to the qualified asset over the period up to the date the asset is ready to commence commercial production. The carrying amount of a PPE is de-recognized when no future economic benefits are expected from its use or on disposal.

The Property, plant and equipment are subsequently measured at cost net of accumulated depreciation and accumulated impairment losses, if any. Depreciation on property, plant and equipment is provided on a straight-line basis over the estimated useful lives of the assets, as prescribed in Part C of Schedule II of the Companies Act, 2013.

The PPE acquired under finance leases, if any, is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term, if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term. Freehold land is not depreciated. Borrowing costs relating to acquisition of PPE which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Depreciation on PPE is provided based on useful lives of the assets assigned to each

asset in accordance with Schedule II to the Companies Act, 2013 on straight-line method. Fixtures and lease hold improvements installed in leased buildings are amortized over the initial period of lease.

(d) Capital work-in-progress and intangible assets under development

Capital work-in-progress and intangible assets under development represents expenditure incurred in respect of capital projects/ intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes land, related acquisition expenses, development/ construction costs, borrowing costs and other direct expenditure.

(e) Intangibles and amortization

Intangible assets are recognized when it is probable that future economic benefits that are attributable to asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets (acquired or developed in-house) are measured on initial recognition at cost. The cost of an intangible asset includes purchase cost (net of rebates and discounts), including any import duties and non-refundable taxes, and any directly attributable costs on making the asset ready for its intended use. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs which meet capitalization criteria, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred. Cost of software is amortized over a period of 05 years, being the estimated useful life as per the Management's estimates.

(f) Impairment of assets

The amortization period and method are reviewed at least at each financial year-end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Management at each Balance Sheet date assesses using external and/ or internal sources whether there is an indication that an asset or group of assets or a cash generating unit as the case may be, may become impaired. Impairment exists where the carrying amount exceeds the fair market value of the asset, represented by the present value of future cash flows expected to arise from the continuing use of the asset and its realizable value. The impairment loss (if any) is charged off to statement of profit and loss.

An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use. Gains and losses arising from de-recognition of an

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the statement of profit and loss when the asset is de-recognized or on disposal.

(g) Lease accounting

At the inception of a contract, the Company assesses whether a contract is or contains a lease agreement or a contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an asset the Company assesses whether:

- (i) The contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represents substantially all of the capability of a physical distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- (ii) The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- (iii) The Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changes how and for what purpose the asset is used.

Company as a lessee

(i) Right of use Asset

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

(ii) Lease Liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the

lessee's incremental borrowing rate.

(iii) Short-term lease and leases of low-value assets

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right of use relates. A class of underlying asset is a grouping of underlying assets of a similar nature and use in Company's operations. The election for leases for which the underlying asset is of low value can be made on a lease-by-lease basis.

Company as a lessor

Leases in which the Company does not substantially transfer all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred by lessors in negotiating and arranging an operating lease shall be added to the carrying amount of the leased asset and recognized as an expense over the lease term on the same basis as the lease income. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee.

(h) Investment property

(i) Recognition and initial measurement

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. On transition to IND AS, the Company had elected to measure all of its investment properties at the previous GAAP carrying value (deemed cost). The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

- (ii) Subsequent measurement (depreciation and useful lives)

Investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation on investment properties is provided on the straight-line method over the useful lives of the assets as follows:

Asset Category	Useful life (in years)	Estimated useful life as per Schedule II to the Companies Act, 2013 (in years)
Land & Building	60	60

The Company, based on technical assessment made by technical expert and/or Management estimate, depreciates certain items of building, plant and equipment over estimated useful lives, which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying valuation model acceptable internationally.

- (iii) *De-recognition*

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefits expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of profit or loss in the period of de-recognition.

(i) Inventories

- (i) The cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Inventories are valued at cost or net realizable value, whichever is lower on the basis of first in first out method,

average cost method or specific identification; as the case may be.

- (ii) Finished stock of completed real estate projects, land and land development rights are valued at lower of cost or net realizable value on the basis of actual identified units.

(j) Projects in progress

Projects in progress disclosed as at reporting date in respect of Real Estate Development and related activities includes aggregate amount of project costs incurred and recognized profit (less recognized losses) including unbilled revenue and project costs that relate to future activity on the contract where it is probable that these costs will be recovered in future up to the reporting date less amount received from customers, for all projects.

Project costs include cost of land, land development rights, construction costs, job work, allocated borrowing costs and other incidental costs including the cost of any delayed penalty, already committed to the customers that are attributable to project and such other costs as are specifically chargeable to the customer being costs incurred upto the reporting date.

Unbilled revenue represents revenue recognized on percentage of completion method to the extent not billed to customers as per contractual payment plan/ milestones. The application of IND AS 115 has impact on Projects in Progress and must be read along with 'Significant accounting policy no. XII below.

(k) Borrowing Costs

Borrowing cost relating to acquisition/construction development of qualifying assets of the Company are not capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is the one that necessarily takes substantial period of time to get ready for its intended use/sale. Borrowing cost that are attributable to the project in progress and qualifying land advances as well as any capital work in progress are charged to respective qualifying asset. Borrowings costs incurred/proportioned on projects, otherwise qualified for capitalization, where ultimate expected profitability is expected to be negative, is not capitalized, and is charged to statement of profit and loss. All other borrowing costs, not eligible for capitalization, are charged to the statement of profit and loss.

(l) Revenue recognition

The Company derives revenues primarily from the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

business of Real Estate Development and related activities including construction, consultancy and rentals etc. Further, most of the business conducted is within the geographical boundaries of India. Revenue is recognized in accordance with the principles laid down under IND AS-115.

(i) Real Estate Projects

The Company recognizes revenue using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.

Performance obligations are satisfied over time when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (i) the Company's performance creates or enhances the asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (ii) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

Revenues in excess of invoicing are classified as contract assets (also referred to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (also referred to as unearned revenues).

The amount of contract revenue may increase or decrease from one period to the next on account of:

- (a) Variations or claims contractually agreed that increase or decrease contract revenue in a period subsequent to that in which the contract with customers was initially agreed;
- (b) Penalties arising from delays caused by the Company in the completion of the contract, where such penalties are certain. These penalties do not include those which have not yet been committed to the customers where the possession of the unit has not been handed over.

Further, the Company recognizes revenue on Percentage of Completion Method (POCM) on completion of the following events:-

- (a) All critical approvals necessary for commencement of the project have been obtained including, wherever applicable - environmental & other clearances, approval of plans, designs etc., title to land or other rights of development / construction & change in land use.

- (b) The expenditure incurred on construction & development is not less than 25% of the construction and development costs.
- (c) At least, 25% of the saleable project area is secured by contracts or agreements with buyers.
- (d) The Company starts giving possession in that project and has qualified for the criterion as stated in IND AS 115.
- (e) At least, 10% of the total revenue as per the agreements of sale or any other legally enforceable document are realized at the reporting date in respect of each of the contracts & it is reasonable to expect that the parties to such contracts will comply with the payment terms as defined in the contracts.

When it is probable that total costs will exceed total project revenue, the expected loss is recognized as an expense immediately.

An entity shall account for a contract with a customer that is within the scope of this Standard only when all of the following criteria are met:

- (a) the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- (b) the entity can identify each party's rights regarding the goods or services to be transferred;
- (c) the entity can identify the payment terms for the goods or services to be transferred;
- (d) the contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- (e) It is probable that the entity will conduct the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

(ii) Construction contracts

The Company recognizes revenue from construction contracts using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.

Performance obligations are satisfied over time when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (i) the Company's performance creates or enhances an asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (ii) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

(a) The stage of completion under the POC method is measured on the basis of percentage that actual costs incurred on construction contracts to the total estimated cost of the contract.

(b) Revenue on account of contract variations, claims and incentives are recognized/ adjusted upon settlement or when it becomes reasonably certain that such variations, claims and incentives are both measurable and recoverable/ adjustable.

(c) Contract revenue is measured at the fair value of the consideration received or receivable. The measurement of contract revenue is affected by a variety of uncertainties that depend on the outcome of future events. The estimates often need to be revised as events occur and uncertainties are resolved. Therefore, the amount of contract revenue may increase or decrease from one period to the next.

(iii) Accounting of projects with co-developers (JVs)

All the development expenses and sale proceeds booked during the year are transferred to the co-developer at the year-end as per the mutual agreement with each such co-developer.

(iv) Sale of land and land development rights

Revenue from sale of land and development rights is recognized upon transfer of all significant risks and rewards of ownership of such real estate/ property, as per the terms of the contracts entered into with buyers, which generally coincides with the firming of the sales contracts/ agreements.

(v) Sale of construction material

Revenue from sale of construction material is

(m) Foreign currency transactions

These Financial Statements are presented in Indian Rs. (INR) which is the Company's functional currency. A foreign currency transaction is recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Monetary items denominated in a foreign currency are reported using the closing rate or at the amount which is likely to be realized from, or required to disburse such items at the Balance

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Sheet date as the situation demands. Non-monetary items carried in term of historical cost denominated in foreign currency, are reported using exchange rate at the date of transaction. Exchange differences arising on the settlement of monetary items or on reporting an enterprise's monetary items at rates different from those at which they were initially recorded during the period, or reported in previous Financial Statements, are recognized as income or as expenses in the period in which they arise. Exchange differences arising on reporting of long-term monetary assets at rates different from those at which they were initially reported during the period or previous periods in so far they relate to the acquisition of depreciable capital asset is added to or deducted from the cost of assets.

The financial statement of an integral operation is translated using the above principle and procedures. In translating the financial statement of a non-integral foreign operation for incorporation in its financial statement, the following principles and procedures are followed:

- (i) Assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate.
- (ii) Income and expense items of the non-integral foreign operation are translated at exchange rates at the date of the transactions.
- (iii) All resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment.

(n) Taxes on income

Tax expense have been computed as per the provisions contained in IND AS 12. The tax expense for the period comprises the sum of current tax and deferred income tax. Tax is recognized in the statement of Profit & Loss, except to the extent that it relates to items recognized in the other comprehensive income or in equity, in which case, the tax is also recognized in Other Comprehensive income.

- (i) Current tax
Current tax assets & liabilities are measured at the amount expected to be recovered from or paid to the income tax authorities, based on tax rates and laws that are enacted at Balance Sheet date.
- (ii) Deferred Tax
Deferred tax is recognized on temporary differences between the carrying amounts of assets & liabilities in the Financial Statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax asset & liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(o) Employee benefits

Employee benefits have been computed as per the provisions contained in IND AS 19

(i) Short-term employee benefits

The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered by employees as

- (a) a liability (accrued expense) after deducting any amount already paid. Excess of amounts paid over liability incurred is treated as prepaid expenses; or
- (b) an expense unless it is eligible to be charged to project in progress or capital work in progress or fixed asset as the case may be.

(ii) Post-employment benefits

(a) Defined contribution plans

The Company, as per detail hereunder, operates defined contribution plans pertaining to Employees State Insurance scheme, Government administered Pension Fund scheme, Provident Fund plan and Superannuation scheme for eligible employees.

The above defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities (funds) or to financial institutions or state managed benefit schemes. Company's contribution to defined contribution plans are recognized in the statement of profit and loss in the financial year to which they relate.

❖ Employees State Insurance/ Pension Fund scheme:

❖ Provident Fund plan:

The Company is obliged to make specified

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

monthly contributions towards employee Provident Fund registered with Regional Provident Fund Commissioner.

(b) **Defined benefit obligations**

The cost of providing benefits i.e. gratuity and leave encashment is determined using the projected unit credit method, with actuarial valuations carried out annually as at the Balance Sheet date. Actuarial gains and losses are recognized immediately in the statement of profit and loss. The fair value of the plan assets is reduced from the gross obligation under the defined benefit plan, to recognize the obligation on net basis. Past service cost is recognized as expense on a straight-line basis over the average period until the benefits become vested.

(p) **Provisions, contingent liabilities and contingent assets**

Provisions: Provisions are recognized in respect of liabilities which can be measured only by using a substantial degree of estimates when:

- (i) the Company has a present obligation as a result of a past event;
- (ii) a probable outflow of resources embodying economic benefits will be required to settle the obligation; and
- (iii) the amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent Liability: Contingent liability is disclosed in the case of:

- (i) a present obligation arising from a past event, when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- (ii) a possible obligation, that arises out of past events and the existence of which will be confirmed only by one or more uncertain future events unless the probability of outflow of resources is remote.

Contingent Assets: Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

(q) **Cash & cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and

short-term investments with an original maturity of twelve months or less. Cash flow statement is prepared using the indirect method.

(r) **Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue, a share split and share warrants conversion.

Diluted earnings per share is calculated by adjusting net profit or loss for the period attributable to equity shareholders and the weighted number of shares outstanding during the period for the effect of all dilutive potential equity shares.

Further where the statement of profit and loss includes extraordinary items, the Company discloses basic and diluted earnings per share computed on the basis of earnings excluding extraordinary items (net of tax expenses).

(s) **Fair value measurement**

The Company is required to measure the financial instruments at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the Financial Statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

(t) Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets includes trade receivable, loan to body corporate, loan to employees, security deposits and other eligible current and non-current assets. Financial liabilities includes Loans, trade payable and eligible current and non-current liabilities

(i) Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets, and
- (b) the contractual cash flow characteristics of the financial asset.

A financial asset is measured at amortized cost if both of the following conditions are met:

- (a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- (a) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial

assets; and

- (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income.

All financial liabilities are subsequently measured at amortized cost using the effective interest method or fair value through profit or loss.

(ii) Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value at initial recognition, plus or minus, any transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss.

(iii) Financial assets subsequent measurement

Financial assets are subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) as the case may be except for the investment where no information available with the Company. Such investments are subsequently measured at cost. Financial liabilities are subsequently measured at amortized cost or fair value through profit or loss.

(iv) Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

(v) Trade receivables

Trade receivables are the contractual right to receive cash or other financial assets and recognized initially at fair value. Subsequently measured at amortized cost (Initial fair value less expected credit loss). Expected credit loss

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

is the difference between all contractual cash flows that are due to the Company and all that the Company expects to receive (i.e. all cash shortfall), discounted at the effective interest rate.

(vi) Equity investments

All equity investments in scope of IND AS 109 are measured at fair value other than investment in subsidiary, associate & Joint Venture which are stated at cost as per IND AS 27 'separate financial statement'. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by- instrument basis. For other equity instrument due to non-availability of sufficient and recent information, cost is taken as appropriate estimate of fair value with reference to IND AS 109 'financial instruments.

(vii) Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

(viii) Financial liabilities

Financial liabilities are recognized initially at fair value less any directly attributable transaction costs. These are subsequently carried at amortized cost using the effective interest method or fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(ix) Trade payables

Trade payables represent liabilities for goods and services provided to the Company prior to the end of financial year and which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period or not paid/payable within operating cycle. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

(x) Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is

recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the Company does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the Financial Statements for issue, not to demand payment as a consequence of the breach.

(xi) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of Company after deducting all of its liabilities. Equity instruments are recognized at the proceeds received, net of direct issue costs.

(xii) De-recognition of financial instrument

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under IND AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(xiii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(xiv) Financial guarantee

Financial guarantee contracts issued by the entities are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

at the higher of the amount of loss allowance determined as per impairment requirements of IND AS 109 and the amount recognized less cumulative amortization.

(u) Non-current assets held for sale/ distribution to owners and discontinued operations

The Company classifies non-current assets (or disposal groups) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Held for sale is classified only if the asset (or disposal group) is available for immediate sale in its present condition subject only to the terms that are usual and customary for sale for such assets (or disposal group) and its sale is highly probable i.e. Management is committed to sale, which is expected to be completed within the period of contract, as may have been extended by the term of the contract or otherwise. Sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. Non-current assets (or disposal group) that is to be abandoned are not classified as held for sale. Non-current assets held for sale and disposal groups are measured at cost as the fair value is not available with the Company the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the Balance Sheet.

Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale will continue to be recognized.

Non-current asset (or disposal group) is reclassified from held to sale if the criteria are no longer met and measured at lower of:

- (i) Its carrying amount before the asset (or Disposal group) was classified as held for sale, adjusted for any depreciation, amortization or revaluations that would have been recognized had the asset (or disposal group) not been classified as held for sale; and
- (ii) Its recoverable amount at the date of the subsequent decision not to sell.

Any adjustment to the carrying amount of a noncurrent asset that ceases to be classified as held for sale is charged to profit or loss from continuing operations in the period in which criteria are no longer met.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed-off, or is classified as held for sale, and:

- (i) represents a separate major line of business or geographical area of operations;
- (ii) is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or
- (iii) is a subsidiary acquired exclusively with a view to resell.

42. Going concern

The Holding Company has incurred losses in the current and previous years. The Holding Company has huge challenges in meeting its operational obligations, current liabilities including outstanding dues to the Statutory Authorities, Bank Loans and Public Deposits. The Board of Directors of the Holding Company, as appointed by Union of India with the approval of Hon'ble Supreme Court, is in the process of estimating the contractual liabilities and the final outcome of contingent liabilities from the realizable value of the available assets at the contracted value in the current form, which is an on-going activity.

In compliance of the directions of the Hon'ble Supreme Court as contained in its order dated 20th January 2020, the newly appointed Board of Directors has already stated its position in the Resolution Framework submitted in the Hon'ble Supreme Court on 15.07.2020, followed by an updated version whereof submitted before the Hon'ble Supreme Court on 05.02.2021 and 08.08.2022, vide which the Hon'ble Supreme Court has been requested to grant certain concessions and reliefs so that the Holding Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities. The reasons for opting against the winding up of the Holding Company or its reference under IBC have also explained in the application filed with the Resolution Framework. Auditors' Report – Qualified Observations		
Management Response to Independent Statutory Auditor's Report on the Audited Standalone Financial Results of M/s Unitech Limited for the Quarter and Financial Year ended 31.03.2024		
Sr. No.	Auditor's Qualifications	Management's Response
1.	<p><u>Resolution Framework</u></p> <p>We draw attention to Note no. 54 of the Standalone Financial Statements, which have made references to the Resolution Framework (RF) for Unitech group. The company has requested the Hon'ble Supreme Court to grant some concessions and reliefs so that the company is able to fulfil its obligations towards the construction of the projects and meet other liabilities. Since the RF has not yet been approved by the Hon'ble Supreme Court, the impact of the proposed reliefs, concessions etc. have not been considered in the Books of Accounts.</p>	<p>The points mentioned herein are informative in nature and the Management has no comments to offer on the same.</p>
2.	<p><u>Material uncertainty related to going concern</u></p> <p>We draw attention to Note no. 38 of the Standalone Financial Statements wherein the management has represented that the Standalone Financial Statements have been prepared on a going concern basis, notwithstanding the fact that the Company has eroded its net worth and has incurred losses, both in the current and previous year, and has challenges in meeting its obligations, servicing its current liabilities including bank loans and public deposits. The Company also has various litigation matters which are pending before different forums, and further, various projects of the Company have stalled/ slowed down.</p> <p>In compliance of the directions of the Hon'ble Supreme Court, as contained in court's order dated 20th January 2020, the appointed Board of Directors has requested the Hon'ble Supreme Court to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities.</p> <p>These conditions indicate the existence of material uncertainty that may cast significant doubt about Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats.</p> <p>Considering the above, we are unable to express an opinion on this matter.</p>	<p>The Management has already stated its position in the Resolution Framework submitted in the Hon'ble Supreme Court on 15.07.2020, followed by updated versions submitted on 05.02.2021 and on 08.08.2022, wherein the Hon'ble Supreme Court has been prayed to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of stalled projects and meet other liabilities.</p> <p>The reasons for opting against winding up the Company or its reference under IBC have fully been explained in the application filed for submission of the Resolution Framework. The Management is hopeful that as per the mandate given by Hon'ble Supreme Court, the company would be able to generate sufficient funds to complete the projects as per the timelines notified in the award of contracts and, accordingly, no material uncertainty exists in the Company continuing as a going concern. As such, expressing doubts about the Company as an ongoing concern is rather pre-mature at this stage.</p>

3.	<p><u>Impairment Assessment</u></p> <p>The Management of the Company has not conducted any impairment assessment for the investments made by the erstwhile management in subsidiary companies, joint venture and associates having aggregate carrying value of Rs. 954,96.43 lakhs, despite strong indicators existing for impairment assessment, as required by Ind AS 36, 'Impairment of Assets'. In view of non-existence of any impairment study, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these investments and its consequential impact on the Standalone Financial Statements. (refer Note 5 of the Standalone Financial Statements)</p>	<p>M/s Unitech Limited has 186 Indian subsidiary companies out of which 08 subsidiary Companies were struck off by the Registrar of Companies, NCT Delhi and Haryana. The Company moved the National Company Law Tribunal (NCLT) for the revival of the 08 struck off subsidiaries, which have now ultimately been ordered to be revived.</p> <p>A. <u>Indian Subsidiaries:</u></p> <p>The progress in audit of accounts of these 186 Indian subsidiaries is as under:</p> <p>(a) Statutory Auditors have been appointed in respect of 157 Indian subsidiary companies;</p> <p>(b) The process for the Appointment of Statutory Auditors in the case of 8 subsidiaries is under process;</p> <p>(c) Necessary steps are being taken in the case of remaining 13 Subsidiaries, wherein there is a substantial foreign investment.</p> <p>(d) In the case of those subsidiaries (08), which have been ordered to be revived by the Hon'ble NCLT, the Statutory Auditors have been appointed in respect of 2 companies.</p> <p>B. <u>Overseas Subsidiaries:</u></p> <p>As regards 32 foreign subsidiaries, along with Libya Division and 03 foreign JVs, the management has listed down their available details. These are as under:</p> <p>(a) Audited Balance Sheets of 04 foreign subsidiaries, 02 foreign JVs, and that of Libya Division are not available with the Company.</p> <p>(b) For rest of the entities, the last audited available Balance Sheets are those of 31.03.2017 except for two Companies whose available Balance Sheets are those of 31.03.2010 and 31.03.2016. 		<p>The Management has included the transactions with CMPL and investment in CIG Fund as avoidable in the Resolution Framework submitted before the Hon'ble Supreme Court. It is pertinent to mention here that M/s Unitech Limited has also filed an IA in the Hon'ble Supreme Court for the recovery of the investments made in CMPL, which has been heard but the order is awaited.</p> <p>However, keeping in view the investigations being carried out by the ED, approval of the Provisional Attachment Orders (PAOs) by the Adjudicating Authority and the ED having filed Prosecution Complaints before the Special Court under the PMLA, the Company is left with no option but to await the final outcome in these matters.</p> <p>In view of the position explained above, it is neither possible nor feasible at this stage to undertake any impairment assessment. However, the fair estimation w.r.t. the recognition of fair value of the estimated loss allowance on loans given by the erstwhile management to subsidiary companies, joint ventures and associates and trade receivables from subsidiary companies, joint ventures and associates, is not feasible as of now, because of the ongoing investigations by the ED, and the ED having filed cases before the Adjudicating Authority for confirmation of the PAOs, and further Prosecution Complaints before the competent Court under the PMLA and the matter being sub-judice.</p> <p>This exercise can be completed with engagement of experts only after the final verdicts are announced by the Hon'ble Court(s).</p>

We are therefore unable to express an opinion on the fair value of estimated loss allowance on corporate and bank guarantee.</p>	<p>The issues pertaining to secured, unsecured and operational creditors have been covered in Chapter-3 of the Resolution Framework (RF). Apart from seeking various reliefs and concessions qua such creditors, the RF also contains a provision on invitation of Claims and Settlement thereof (3.2). The Hon'ble Supreme Court has yet not adjudicated these issues.</p> <p>Hence, in view of the above, it is neither feasible nor possible at this stage to undertake any impairment assessment of secured creditors, and/ or Corporate Guarantees. Likewise, some of the investments/ advances made by the company are a subject matter of investigations being conducted by various Central Investigating Agencies. In these cases too, therefore, it is neither feasible nor possible at this stage to undertake any impairment assessment till these related issues are crystallized and settled by the Hon'ble Supreme Court.</p>

8.	<p><u>Outstanding balances pending for Reconciliation/ Confirmation</u></p> <p>Balance of amounts due to / from trade receivables, trade payables, bank balances, borrowings, advance received from customers, advance to suppliers, security deposits, other loans and advances, advance for purchase of land, inter corporate deposits and other assets are pending for reconciliation / confirmation. The overall impact of the above and the consequential impact of same on standalone financial statements are not ascertainable and hence, we are unable to express an opinion on the same. (refer Note 51 and 64 of the Standalone Financial Statements)</p>	<p>It is stated that as per Standards on Auditing (SA)-505 prescribed by the Institute of Chartered Accountants of India (ICAI), the process of external confirmation is to be initiated by the Statutory Auditors for directly obtaining the evidence from the confirming parties at their level. However, the Management would initiate the process for follow-up on this aspect, keeping the Statutory Auditors in loop with respect to the outstanding balances as on 31.03.2024. It would, therefore, be appropriate that the Statutory Auditors take up external confirmations based on <u>random sampling basis</u> since obtaining confirmation from all the parties would be a time consuming exercise and would be a challenge.</p>
9.	<p><u>Amount recoverable from GNIDA</u></p> <p>Amount recoverable from GNIDA amounting Rs. 183,39.80 lakhs is subject to confirmation/reconciliation. In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements. (refer Note 60 of the Standalone Financial Statements)</p>	<p>It is a statement of fact that the said balance is subject to confirmation/ reconciliation and the matter is pending for adjudication in the Hon'ble Court. Attention in this behalf is invited to the orders dated 01.02.2023 passed by the Hon'ble Supreme Court wherein it has been held that the determination of dues of Noida, (including those of GNIDA) would be taken up separately after hearing the Government appointed Board and the Authorities.</p>
10.	<p>Variation of Rs. 934.15 lakhs has been observed between balance lying with Supreme Court registry and books of accounts and the same is under reconciliation. In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements. (refer Note 68 of the Standalone Financial Statements)</p>	<p>The variations amounting to Rs 934.15 lakh were observed between the Balance as per Books of Accounts vis-à-vis the balance lying in the Supreme Court's Registry during Financial Year 2022-23.</p> <p>The issue has been taken up with the Supreme Court Registry and will be reconciled as soon as the relevant information is received from the Registry.</p>
11.	<p>Refer Note 49 of Standalone Financial Statements:-</p> <p>(a) Statutory dues related to Income-tax Act, 1961 amounting Rs. 102,46.88 lakhs, Professional Tax amounting Rs. 0.59 Lakhs, Employees Provident Funds and Miscellaneous Provisions Act, 1952 amounting to Rs. 24,42.87 Lakhs pertaining to the period of erstwhile management, are unpaid since long. In view of non-payment of statutory dues, possibility of levies, some penalties by the respective departments cannot be ruled out. On account of the above, we are unable to express an opinion on the consequential impact of same on standalone financial statements.</p> <p>(b) In certain cases, we observed that Tax Deducted at Source (TDS) has not been deducted on estimated liability created by the Company based on memorandum statement of accounts received from lenders other than banks. Same is in contravention of the provisions of chapter XVII of Income-tax Act, 1961 which mandates deduction of tax at source at earlier of booking or payment.</p>	<p>(a) The Government appointed Board of Directors has submitted its Resolution Framework (RF) before the Hon'ble Supreme Court on 16.07.2020, followed by updated versions dated 02.05.2021 and 08.08.2022, wherein the Company has sought various concessions and reliefs on account of penalties, interest liabilities etc., among others, due to be paid by the company to the Statutory Authorities, Banks, Financial Institutions etc.</p> <p>(b) Since a definitive view on various reliefs sought in the RF is yet to be taken by the Hon'ble Supreme Court, it is not feasible at this stage to assess the overall impact of its Outstanding Statutory Liabilities.</p> <p>(c) The new management is committed to make the company compliant in terms of various provisions contained in the Companies Act, 2013 and other related Acts, Rules, Regulations etc.</p>

	<p><u>Reconciliation of Input Credit Receivable</u></p> <p>(c) Input Credit Receivable (GST) of Rs. 61,40.53 lakh is subject to reconciliation with the balance of input credit claimable from GST Department (in GST portal). In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements</p>	<p>(d) The Management has taken an independent opinion on Tax Deduction at Source (TDS) on estimated liability created by the Company based on memorandum statement of accounts received from lenders other than banks. The opinion given by an Independent Professional Firm is on the following lines:</p> <p><u>Query</u></p> <p>Whether TDS under section 194 A of Income Tax Act, 1961 (TDS deduction on Interest payments to residents), should be deducted or not on interest on Inter-Corporate Deposits/ Additional Term Loan facilities availed by Unitech Limited from Financial Institutions/ ARCs which are Non-Performing Assets as declared by Financial Institutions/ ARCs as per the RBI Guidelines.</p> <p><u>Reply</u></p> <p>It is opined that the interest on NPA accounts are not falling in the definition of income and income tax is not payable on such amounts and no constructive credit can be said to be payable to NBFCs and ARCs as the realization of the interest and principal component will depend upon the restructuring or settlement of loan accounts. The company is providing unpaid interest in its Books of Account to satisfy the requirements of accounting standards as prescribed by the Companies Act, 2013.</p> <p>Thus, the TDS, in respect of aforesaid amounts, should not be deducted under section 194-A of Income Tax Act, 1961.</p> <p>(e) The Company is providing unpaid interest in its Books of Accounts in order to remain compliant with the requirements of the Accounting Standards, as prescribed by the Companies Act and not deducting TDS on the provision of interest.</p> <p>Due to various litigations, non-availability of old data/ records and non-compliances during the period of erstwhile management, cancellations and restorations of various GST Numbers and peculiar facts and circumstances, there are serious difficulties in completing the reconciliation process. Despite various challenges, however, it is planned to complete the Reconciliation Process during FY 2024-25.</p>

12.	<p><u>Balance Confirmations on Loans from Lenders</u></p> <p>In view of the instances of non-compliance with certain debt covenants including interest & principal repayment defaults, we would like to draw attention to the fact that the Company has not obtained the balance confirmations on loans from lenders (including non-convertible debentures) amounting to Rs. 9337,02.50 lakhs (including interest accrued of Rs. 5930,97.85 lakhs). In the absence of adequate and sufficient audit evidence to establish the amounts payable to the lenders, we are unable to express an opinion on the correctness of these amounts reflected in the standalone financial statement and also on their consequential impact including potential tax liabilities. (refer Note 53 of the Standalone Financial Statements)</p>	<p>The total financial liability of Unitech Group has been captured in Annexure-C of the Resolution Framework (RF) submitted before the Hon'ble Supreme Court.</p> <p>A total of 19 Lenders, including Banks and ARCs have filed 65 cases in various DRTs, namely, New Delhi (DRT-1), Chandigarh, Chennai, Kolkata, Mumbai, Lucknow and Allahabad. In view of the moratorium granted by the Hon'ble Supreme Court, however, all these cases have been ordered to be adjourned sine die.</p> <p>Various Lenders have also filed IAs in the Hon'ble Supreme Court, which are pending consideration. Since the matter has already been covered in the Resolution Framework, the determination and final payment of principal amount and/ or interest thereon shall be made only in accordance with the decision of the Hon'ble Supreme Court in this behalf.</p> <p>The company is providing for interest payable to Banks/ Financial Institutions based on the loan statements to the extent available and the balances are matching with statements. 13.(a)	<p><u>Revenue from Real Estate Projects (IND AS 115)</u></p> <p>We draw attention to Note no. 1.3 (x) (a) of the Standalone Financial Statements, stating that the Company is accounting for revenue under real estate projects using percentage of completion method (POCM) with an understanding that performance obligations are satisfied over time whereas, the terms of the agreements entered by the Company with buyers of the property does not satisfy the conditions specified in paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers" in all the cases.</p>	<p>(a) The Company recognizes revenue over time if one of the following criteria of Paragraph 35 of Ind AS 115 is met, particularly 35 (c), 36 and 37, as given below:</p> <p>(i) <u>Paragraph 35 (c)</u>: the entity's performance does not create an asset with an alternative use to the entity (paragraph 36) and the entity has an enforceable right to payment for performance completed to date (paragraph 37).</p> <p>(ii) <u>Paragraph 36</u>: An asset created by an entity's performance does not have an alternative use to an entity if the entity is either restricted contractually from readily directing the asset for another use during the creation or enhancement of that asset or limited practically from readily directing the asset in its completed state for another use. The assessment of whether an asset has an alternative use to the entity is made at contract inception.</p>

		<p>After contract inception, an entity shall not update the assessment of the alternative use of an asset unless the parties to the contract approve a contract modification that substantively changes the performance obligation.</p> <p>(iii) <u>Paragraph 37:</u> - An entity shall consider the terms of the contract, as well as any laws that apply to the contract, when evaluating whether it has an enforceable right to payment for performance completed to date in accordance with paragraph 35(c). The right to payment for performance completed to date does not need to be for a fixed amount. However, at all times throughout the duration of the contract, the entity must be entitled to an amount that at least compensates the entity for performance completed to date if the contract is terminated by the customer or another party for reasons other than the entity's failure to perform as promised.</p> <p>(b) Following points are also considered by the company at the time of Revenue Recognition under POCM:</p> <p>(i) The company has an enforceable right to claim the payment from Customer for performance completed which has been agreed by customers in the Agreements to Sell (Builders-Buyer Agreements).</p> <p>(ii) The Company cannot change or substitute the residential/ commercial unit specified in the Builder-Buyer Agreement ("The contract") entered with the customer, and thus the customer could enforce his/ her rights to the residential/ commercial unit if the Company sought to direct the asset for another use. In the opinion of the Management of the Company, the contractual restriction is substantive, and the real estate unit does not have an alternative use to the Company.</p> <p>(iii) Further, the Company has the right to claim the instalments of the Residential/ Commercial properties from the buyers based on the milestones given in Builder-Buyer Agreement and in case of defaults by the customers, the said unit is not freely transferrable to another customer. The unit is not available for alternate use of the Company until cancelled.</p>

		<p>(iv) In certain cases, buyers of the property have availed bank finance against the property purchased by them and the Company has entered into the "Tripartite Agreement". In the event of defaults by Customer in repayment of any instalment, the Company has the right to cancel the allotment and forfeit the entire amount of Earnest Money deposited by the allottee and the allottee shall be left with no right or lien on said property and the developer i.e. Company shall be free to sell the same to any other person in its sole discretion as it may deem fit.</p> <p>In the opinion of the Company, customer i.e. buyer of the unit is the beneficial owner of the unit purchased till the time of cancellation of the allotment of the unit on account of defaults in repayment schedule of the installments agreed in Builder Buyer's agreement.</p> <p>(d) Further, it is to point out that a majority of the projects are brown-field projects lying stalled at different stages of construction.</p> <p>(e) The Company has relied on the clarification issued by ICAI on 20th July 2018 w.r.t. Revenue from Contracts in context of Real Estate Sector wherein it was clarified that Ind AS 115 does allow recognition of revenue using Percentage of Completion Method (POCM).</p> <p>(f) Prior to FY 2020-21, there was no qualification on Revenue Recognition under POCM by the earlier Statutory Auditors. The Company has not created any provision for interest payable during the financial year amounting Rs. 65,26.69 lakhs (accumulated unaccounted interest is Rs. 483,22.14 lakhs). The State of the Company's Affairs

1. As the Members are aware, the Company has a total of incomplete 74 residential and 12 commercial projects at 11 locations, the Management has initiated the requisite pre-construction processes in respect of all these projects.
2. One major clusters of projects is at Gurugram (Haryana) accounting for about 7000 Homebuyers in various projects. The management has been able to obtain the requisite approvals (like renewal of licences, additional licenses, approval of layout and zoning plans, building plans and Occupation Certificates) from the Department of Town & Country Planning, Haryana from time to time. The issue renewal of license in respect of the Rewari Project is still pending consideration of the Hon'ble Supreme Court. However, Environmental Clearances in respect of two major projects in Gurugram (Nirvana Country-II and Uniworld Resorts) are still under process. Works have already been commenced on ground in respect of a number of projects in Gurugram, Ambala and Mohali.
3. The Projects at Kolkata, Chennai and Bangalore have not been able to take off due to pendency of grant of approvals of the competent authorities qua the layout Plans, Building Plans and the ECs in case of these projects even though contracts have already been awarded for certain parts of these projects.
4. In the case of Noida based projects, which account for the second largest cluster of Homebuyers after Gurugram, there have been significant developments. In compliance of the directions of the Hon'ble Supreme Court dated 01.02.2023, the new Management of Unitech Group uploaded the Revised Layout Plans in respect of Sector 96-97-98, Noida on OBPAS (the designated portal of Noida Authority) on 08.02.2023. Similarly, revised building plans in respect of the project at Sector-113, Noida were uploaded on 08.02.2023. The Revised Building Plans in respect of Sector-117, Noida were submitted vide application No. 2023/02/08/8434. However, the OBPAS system had some technical problems and the challans for payment of applicable fees could not be generated. Though the Revised Layout Plans/ Building Plans were uploaded on 08.02.2023, but the technical issue of online generation of challans and payment of application money and processing fees through on-line challan could be resolved by Noida Authority only on 17.02.2023 for Sector 117, on 18.02.2023 for Sector 113 and on 23.02.2023 for Sector 96-97-98. After online payment of the prescribed Processing Fees, Noida Authority started the scrutiny of the Layout Plans and Building Plans. Meetings were held between teams of Unitech and Noida Authority on 07.04.2023, 11.04.2023, 12.04.2023, and 13.04.2023 in this behalf pursuant to which the said Plans were technically cleared on OBPAS on 28.04.2023. The Noida Authority subsequently raised the demand for submission of NOCs and other clearances without confirming/ conveying the "In-principal approval of Layout Plans/ Building Plans", which had already been cleared on the OBPAS without any technical objections. The Unitech Management submitted its response/ reply to Noida's letters requesting therein to issue the in-principle approvals in respect of the Revised Layout Plans (Sector 96-97-98) and Revised Building Plans (for Sectors 113 and 117), which would be necessarily required for submission of applications for Environmental Clearances. The Management has got the Fire NOCs for all the three projects and submitted the same to Noida Authority. Similar is the case in case of NOCs from the Airport authority of India. The management also got the District Collector's approval for setting up the Swimming Pools. Further to the above, the Management also engaged consultants, namely, M/s Perfect Enviro Solutions Private Limited for preparation of the Base-line data, applications and Environment Management Plans (EMPs) required for obtaining the same on 06.02.2023. inviting Expressions of Interest (EOI) from interested parties till 19.04.2023. In addition, M/s E&Y had also sent communications to 37 prospective investors. A total of 10 parties submitted their EOIs by the due date. Following from the above, Non-disclosure Agreements (NDAs) were signed with these 10 parties. The Non-Binding Term-Sheets were opened on 02.05.2023. Since the value offered by M/s Jakson Limited was found to be the highest among all the bidders, it was allowed to conduct Due Diligence as per the process note prepared by E&Y in consultation with UPTL to facilitate the highest bidder to submit its Binding Offer on or before 17.06.2023. Eventually, the Binding Term Sheet for an amount of Rs. 65 Crore was received on 17.06.2023, along with a BG of Rs. 1.00 Crore. Finally, they backed out from the deal. Thereafter, the Management started exploring other Investors and Expressions of Interest during the FY 2024-25. The disinvestment of UPTL is under process again.

6. The Hon'ble Supreme Court, vide its order dated 18.05.2022, appointed Justice (Retd.) A. M. Sapre to be associated with every stage of tendering process and that the same be carried out under his supervision. Based on the ground-work done by PMCs, it was estimated that about 130-135 Tenders would be required to be floated for completion of all the 74 residential and 12 commercial projects. Since, it was practically not possible to float all the Tenders in one go, the Management decided to float these Tenders in four to five Lots, each Lot comprising about 30-35 Tenders, as also submitted before the Hon'ble Supreme court vide ATR-IV. As the Members are already aware, the Unitech Management after seeking the approval of the BoD and Justice (Retd.) A.M. 7. Separately, keeping in view that the works on various structures of buildings left incomplete by the erstwhile management had been lying stalled for a number of years, it was decided to get Health Safety Audit of all these buildings carried out from institutes of eminence. The Hon'ble Supreme Court was also apprised about the same through Action Taken report – III. Services of IIT Roorkee were availed for this purpose for all the under-construction buildings within NCR area, IIT Madras for the projects at Bangalore and Chennai, and JadHAVpur University for Kolkata based projects. In the process, the Health Safety Audit and proof-checking of structure designs of a total of 179 Towers and 13 basements were carried out in respect of 27 Projects. While the buildings have been found largely safe, the experts have pointed out the need for carrying out Retrofitting works to address the deficiencies observed during these tests. Accordingly, a total of 28 Tenders were floated for the Retrofitting Works along with the general Lot-3 Tenders. Contracts have been awarded in case of 25 Tenders pursuant to the approval of the BoD, Justice Sapre and the Hon'ble Supreme Court. The left over 07 Tenders have also been invited and the same are under process of technical and financial evaluation. The Revised Payment Plan, as approved by the Hon'ble Supreme Court, envisages payment of balance dues in quarterly installments linked with the tentative completion schedule of the project, and the last 5% payable on offer of possession. MANAGEMENT DISCUSSION AND ANALYSIS (MDA) – FY 2023-24

A. Global Economy

1. In 2023, the global economy faced a complex scenario which was characterized by persistent inflation, geopolitical tensions including the Russia-Ukraine conflict, tightening monetary policies, and ongoing pandemic repercussions, all contributing to a decline in growth. According to the World Economic Output (WEO) update, global growth slowed from 3.5% in CY 2022 to 3.0% in CY 2023. Despite various challenges such as supply chain disruptions and inflation driven factors, major economies received support from fiscal stimulus, monetary policies, trade agreements, international aid, green initiatives, and technological investments.
2. The baseline forecast for the world economy is to continue growing at 3.2 percent during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies—where growth is expected to rise from 1.6 percent in 2023 to 1.7 percent in 2024 and 1.8 percent in 2025 — will be offset by a modest slowdown in emerging markets and developing economies from 4.3 percent in 2023 to 4.2 percent in both 2024 and 2025. The forecast for global growth five years from now, at 3.1 percent, is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging markets and developing economies. Core inflation is generally projected to decline more gradually (Source: IMF).
3. The risks to global economic growth are balanced, with potential upside from quicker disinflation, slower withdrawal of fiscal support measures, and advancements in supply-side reforms. Conversely, downside risks include spikes in commodity prices due to geopolitical or weather-related disruptions, ongoing core inflation necessitating tighter monetary policies, potential slowdowns in Chinese growth, and potential disruptions from abrupt fiscal consolidations.

B. Overview of the Indian Economy

1. India is one of the fastest growing economies of the world and is poised to continue on this path, with aspirations to reach high middle-income status by 2047, the centenary of Indian independence. It is also committed to ensuring that its continued growth path is equipped to deal with the challenges of climate change, and in line with its goal of achieving net-zero emissions by 2070.
2. After real GDP contracted in FY 2020-21 due to the COVID-19 pandemic, growth bounced back in FY 2021-22, supported by accommodative monetary and fiscal

policies and wide vaccine coverage. Consequently, India emerged as one of the fastest growing economies in the world in 2022, despite significant challenges in the global environment – including renewed disruptions of supply lines following the rise in geopolitical tensions, the synchronized tightening of global monetary policies, and inflationary pressures.

3. Strong economic growth in the first quarter of FY 2023-24 India overtake the UK's economy to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 293.90 lakh Crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key drivers of the GDP in the first half of FY 24.
4. During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.
5. For FY 2024-25, growth, while still healthy, may see a moderation due to high interest rates and lower fiscal impulse which may temper demand and the net tax impact would normalize. Also, the uneven economic growth of some trading partners and escalation of geopolitical uncertainties can drag down exports.
6. However, support will come from other areas. Household consumption is expected to improve as continued disinflation will prop up the purchasing power of consumers. Secondly, healthy rabi sowing and good kharif output, assuming a normal monsoon, will support agricultural income. Thirdly, prospects of fixed investment remain bright owing to an upturn in the private capex cycle, improved business sentiments, healthy balance sheets of corporates and banks as well as the government's continued thrust on capital expenditure. A sustained economic growth is expected to lead India to becoming the 3rd largest and an upper middle-income economy in years to come.
7. Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalization of

MANAGEMENT DISCUSSION AND ANALYSIS

the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

8. India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships. India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy.

C. Real Estate Industry Structure and Development

1. The real estate sector is one of the globally most recognized sectors. It comprises of four sub-sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth in the corporate environment and the demand for office space as well as urban and semi-urban accommodation. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.
2. In India, the real estate sector is the second-highest employment generator, after the agriculture sector. It is also expected that this sector will incur some Non-Resident Indian (NRI) investment, both in the short term and the long term. Bengaluru is expected to be the most favored property investment destination for NRIs, followed by Ahmedabad, Pune, Chennai, Goa, Delhi and Dehradun.
3. India's real estate market is one of the most dynamic and fastest-growing in the world. While it has witnessed rapid growth in recent years, the unforeseen problems posed by the pandemic during the period 2020-22 brought about radical change in the sector, and ushered several challenges. However, it has made a fairly quick recovery in comparison to other real estate markets in the world, with demand gaining momentum.
4. According to a recent industry report, there will be \$1 trillion of real estate sales in India by 2030, contributing 13 per cent to the gross domestic product (GDP) by 2025. Some of the reasons attributable to the same are given below:

(i) Urbanization in full swing

As more and more people are relocating to metropolitan regions in search of employment and better opportunities in India, this trend is anticipated to continue in the upcoming years.

(ii) Rapid growth of the middle class

India's middle class is rapidly growing, with an increasing number of people having enough money to buy properties. As a result, housing demand is increasing, especially in the low and moderate-price categories.

(iii) Infrastructure push

Infrastructure development has been significantly funded by the government, which has made it simpler for people to live and work in cities. Due to people's increased willingness to purchase homes in locations with strong infrastructure, this is also increasing demand for real estate.

(iv) Foreign Investments

India is becoming a more popular real estate investment destination for foreign investors. This has been brought on by various factors, such as the nation's robust economic growth, increasing disposable incomes, and a favorable investment environment.

(v) Government Support

To stimulate the real estate market, the government has offered various incentives, including tax reductions and subsidies for homebuyers. This has contributed to improving the ecosystem for real estate investment.

(vi) Integrated lifestyle

The idea of integrated living is quickly taking on in the residential sector as home buyers have begun to favor developments with state-of-the-art amenities, including office buildings, parks, schools, hospitals, and shopping centers with multiplexes. The demand for township living is increasing positively and is certain to continue further.

(vii) Real Estate as potential investment

Homeownership as a long-term investment strategy is more appealing than ever. There was a spike in second-home purchases in 2021. People began to understand the advantages of real estate investing and began to view it as a solid and safe form of investment. This year is likely to see a

MANAGEMENT DISCUSSION AND ANALYSIS (MDA) – FY 2023-24

multi-fold growth in real estate investments since the real estate market is less volatile than other investment markets and delivers higher returns.

D. Developments

1. Indian real estate sector has witnessed high growth in the recent times. The Private Equity Investments in India's real estate sector stood at US\$ 4.2 billion in 2023. The Private Equity Investments in India's real estate sector, stood at US\$ 3.4 billion in 2022.

4. Construction is the third-largest sector in terms of FDI inflows. FDI in the sector (including construction development & activities) stood at US\$ 58.5 billion from April 2000-September 2023.

- (vii) Housing sales in top seven Indian cities stood at 1.14 lakh units in first quarter of 2023, an increase of over 99,500 units compared to the same period of 2022.

E. Government Initiatives

1. Government of India, along with the governments of respective States, has taken several initiatives to encourage development in the sector. The Smart City Project, with a plan to build 100 smart cities, is a prime opportunity for real estate companies. Below are some of the other major Government initiatives:
 - (i) In the 2024-25 interim Budget, Finance Minister announced a boost for India's affordable housing sector by adding 2 crores more houses to the flagship scheme PMAY-U.
 - (ii) In the Union Budget 2023-24, the Finance Ministry announced a commitment of Rs. 79,000 crore (US\$ 9.64 billion) for PM Awas Yojana, which represents a 66% increase compared to last year.
 - (iii) Under Union Budget 2021-22, tax deduction up to Rs. 1.5 lakh (US\$ 2,069.89) on interest on housing loan, and tax holiday for affordable housing projects have been extended until the end of fiscal 2021-22.

 - (vii) As of December 31, 2022, India had formally approved 425 SEZs, and as of January 2023, 270 SEZs are operational. Most special economic zones (SEZs) are in the IT/ BPM sector.

F. Industry Review

1. The post pandemic picture for the real estate sector is a paradigm shift from the past. The pandemic brought

MANAGEMENT DISCUSSION AND ANALYSIS

to light the importance of home ownership and the attitude of customers towards residential properties has also witnessed a substantial shift. The Indian Real Estate industry did very well in 2022. The year can be easily termed as the “turn-around year” for segments such as residential and retail, with all segments recovering from COVID-lows and recording strong year-on-year growth. While growth in India has slowed for multinational corporations, domestic demand has continued to remain steady.

2. India’s real estate market is expected to exhibit a growth rate (CAGR) of 9.2% during 2023-2028. Therefore, FY 2024-25 is expected to see a strong foundation as there will be more buyers, and home loan rates will be lower. Multiple rating agencies and the Economic Survey are indicative of a growth of 6 to 7%, which will ultimately drive the growth in the real estate market. This growth can be attributed to increasing business activity, improved job markets, and higher income levels, all of which will inevitably lead to a rise in real estate demand.
3. Along with important policy initiatives such as “Housing for All” and the Pradhan Mantri Awas Yojana, the government has been developing and constructing infrastructure mega-projects like highways, new airports, metros, etc. These factors will stimulate both the quantitative and qualitative growth of real estate holdings. Intriguingly, real estate in Tier 2 and Tier 3 markets will also grow rapidly, generating substantial returns for investors.
4. Tiers 2 and 3 cities are rapidly establishing themselves as real estate hubs where a thriving housing market continues to support the overall infrastructure construction. As we go along, these cities may be competitive with metropolitan areas and offer a variety of residential and commercial investment opportunities. The majority of demand is expected to continue to for housing, primarily ready-to-move-in. While rising interest rates are a cause for concern, the desire for larger, more luxurious homes is also likely to see a surge. The popularity of WFH and hybrid working arrangements has increased the demand for vacation houses. We anticipate that these trends will continue in 2024-25.
5. While the residential segment witnessed strong performance, commercial office sector continues to remain sluggish with demand not yet reaching the pre-pandemic levels. The main challenge to office space demand has been the ‘work from home’ trend and slowdown in global economic growth. The global slowdown directly impacts sectors like IT/ ITeS, which is the major occupier of office space in India.

6. Retail real estate sector though, is back to full swing with consumption recovering beyond pre-pandemic levels and should continue the momentum.

G. Opportunities and Challenges

1. Opportunities

- (i) Post pandemic, there has been a steep rise in housing demand with renewed interest and perspective of the homebuyers toward real estate. The pandemic has nudged a lot of fence-sitters to convert into first-time home buyers and the existing ones to upgrade to larger homes thus resulting in rising housing demand across segments. Key influencing elements comprising rising population, wealth growth and rapid urbanization are the key contributors to this growth. Hybrid working models will also continue to further drive the demand for larger homes. Employers are expected to continue to offer flexibility to their employees in order to attract and retain talent.
- (ii) Reports indicate a steady upward trend, with stable interest rates and escalating property prices driving demand, particularly in the residential segment. The government’s ‘Housing for All’ initiative exemplifies its commitment to accessibility and stability, aiming to address the housing deficit while stimulating economic activity through construction projects. Moreover, sustainability measures like the Green Rating for Integrated Habitat Assessment (GRIHA) signify a shift towards eco-friendly practices, aligning the industry with global trends and consumer preferences.
- (iii) The Indian real estate sector, characterized by its highly fragmented nature, has been undergoing a significant consolidation phase for several years. This consolidation has been accelerated by various factors, including the pandemic, which has effectively sidelined less robust participants. The current environment in the real estate industry poses challenges to the entry of new competitors leaning towards a smaller number of dominant developers in each region, this period of consolidation offers an attractive chance for current real estate firms to meet the increasing demand for housing.
- (iv) Digital marketing has become a key strategy for real estate developers to boost sales and connect with customers. Since the pandemic, their marketing efforts have expanded beyond attracting new customers and building brand awareness to include creating personal

MANAGEMENT DISCUSSION AND ANALYSIS (MDA) – FY 2023-24

connections digitally. Thanks to technology that allows property purchases online, developers have seen strong sales, even during lockdown periods. They're using digital tools to engage with potential buyers, present project details, offer virtual tours, and target Non-Resident Indians (NRIs) to increase sales. Advanced technologies like virtual reality, augmented reality, and AI-driven chatbots are increasingly employed to offer tailored services to potential clients. Moving forward, developers will need to keep up with technological advancements, as the share of real estate transactions conducted online is expected to grow.

- (v) The rise of dollar against Indian rupee along with favorable investment opportunities has also drawn the interest of NRIs towards Indian real estate.
- (vi) Affordable housing continues to remain a significant opportunity for developers and key focus area of the government. This segment could see a meaningful uptick in demand with an expected economic recovery and rising income levels.
- (vii) Increased role of RERAs set up in various states creates a very dependable purchase market with sidelining/ curbing of fly-by-night operators in the real estate sector.

2. Threats and Challenges

- (i) The Indian real estate market is going through a transformational phase. From witnessing the after-effects of COVID-19 to the emergence of new technologies to the heightened concern of a global recession, the industry is going through a lot.
- (ii) Real estate sector is a regulated sector and any unfavorable changes in government policies and the regulatory environment can adversely impact the performance of the sector. There are substantial procedural delays with regard to land acquisition, land use, project launches and construction related approvals.
- (iii) The time-taking nature of construction necessitates the need of funding for new small-scale developers. But developers have always faced difficulties in availing funds from banks and financial institutions. Decisions are framed on the basis of speculative cash flows. As a result, the financial institutions typically exercise great care and consume a lot of time while reviewing loan applications. Due to non-availability of funding

and insufficient finance, many realtors actually fail to execute projects on time.

- (iv) The construction sector is also heavily dependent on manual labour. During the Coronavirus pandemic, the sector was badly hit due to labor availability issues, which severely affected the project completion timelines. This emphasizes the need for development of technologically less labor-intensive alternative methods of construction.
- (v) Further, there has been a steep increase in the cost of construction materials, including the cost of essential materials like cement and steel. The global shortage of raw materials is the main factor contributing to the price increase. Moreover, rising fuel costs have driven up the logistics costs, pushing up the entire cost of the materials and as a result the real estate.

H. Unitech Specific

1. The Unitech Group has to be recognized as an exception in view of the peculiar facts and circumstances. The Group got into financial constraints and/or mismanagement, as has been alleged, sometime from 2013-2014 onwards, which resulted in non-delivery of sold units to the Homebuyers. This followed litigation at various fora and the promoters were lodged in jail in 2017. Finally, the Hon'ble Supreme Court intervened, which led to supersession of the erstwhile management, replaced by an independent Board of Directors in January 2020. The new management has been facing a plethora of challenges on various fronts. However, it has been working under the guidance and supervision of the Hon'ble Supreme Court.
2. Taking a leaf from the directions of the Hon'ble Supreme Court, the new management has taken up the construction and completion of various residential and commercial projects as its first priority. It has made plans for commencement of construction on 74 residential and 12 commercial projects, completion of which would facilitate delivery of completed units to more than 17,000 homebuyers. The Hon'ble Supreme Court, vide its order dated 18.05.2022, appointed Justice (Retd.) A. M. Sapre to be associated with every stage of tendering process to be carried out under his supervision. Based on the ground-work done by PMCs, it was estimated that about 130 to 135 Tenders would be required to be floated for completion of all the 74 residential and 12 commercial projects. Since, it was practically neither feasible nor advisable to float all the 130 tenders in one go, the Management decided to float these 130 odd tenders in four to five Lots with each Lot comprising about 30-35 tenders. As the Members are

MANAGEMENT DISCUSSION AND ANALYSIS

already aware, the Unitech Management after seeking the approval of the BoD and Justice (Retd.) A.M. Sapre in the month of December 2022, floated a total of 35 Tenders as part of Lot-1 on 02.01.2023. There was poor response from the contractor community as no bids were received against 18 Tenders. After the completion of Bid Management process and approval of BoD and Justice Sapre, a total of 15 Tenders were submitted to the Hon'ble Supreme Court in April 2023, seeking approval for award of Contracts. Further, after the approval of BoD and Justice (Retd.) A.M. Sapre, the Management floated a total of 51 Tenders as part of Lot-2 on its website on 08.05.2023 and 09.05.2023. After the completion of Bid Management Process for Lot-2 Tenders, a total of 34 Tenders were approved by the BoD and Justice Sapre on 18.08.2023, and the same were submitted in the Hon'ble Supreme Court for seeking its approval for awarding the Contracts to successful Bidders. The Hon'ble Supreme Court permitted the Unitech Management to award contracts in respect of 49 (15+34) Tenders of Lot-1 & Lot-2 on 03.11.2023. In furtherance to the aforesaid order dated 03.11.2023, the Management uploaded the list of 49 Tenders at the Company's website on 04.11.2023 and further issued Letters of Intent (Lols) to all the 23 Contractors to whom 49 Tenders of 39 Projects were awarded to fulfill the requisite formalities for signing of the Contract Agreements. Simultaneously, after seeking the approval of the BoD in its meeting held on 26.10.2023, the company floated 55 Tenders as part of Lot-3 on 07.11.2023/ 08.11.2023. After the completion of Bid Management Process for Lot-3 Tenders, BoD and Justice Sapre approved a total of 38 Tenders on 16.02.2024 and the same were submitted in the Hon'ble Supreme Court for its approval for awarding the Contracts to successful Bidders. After the permission granted by Hon'ble Supreme Court vide its order dated 26.04.2024, a total of 38 Tenders were awarded to successful bidders.

3. Separately, keeping in view that the works on various structures of buildings, left incomplete by the erstwhile management, had been lying stalled for a number of years, it was decided to get Health Safety Audit of all these buildings carried out from institutes of eminence. The Hon'ble Supreme Court was also apprised about the same through Action Taken Report – III. Services of IIT Roorkee were availed for this purpose for all the under-construction buildings within NCR area, IIT Madras for the projects at Bangalore and Chennai, and JadHAVpur University for Kolkata based projects. In the process, the Health Safety Audit and proof-checking of structure designs of a total of 179 buildings and 13 basements were carried out. While the buildings have been found largely safe, the experts have pointed

out the need for carrying out Retrofitting works to address the deficiencies observed during these tests. Accordingly, a total of 28 Tenders were floated for the Retrofitting Works along with the general Lot-3 Tenders. Contracts have been awarded in case of 25 Tenders pursuant to the approval of the BoD, Justice Sapre and the Hon'ble Supreme Court. The left over 07 Tenders have also been invited and the same are under process of technical and financial evaluation. Reports of the concerned institutes have also been uploaded on the Company's website.

4. Funds for completion of these projects are to be arranged from the balance receivables from the Homebuyers and proceeds from sale of unsold inventories.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT 2023-24

SECTION - A: GENERAL DISCLOSURES

Introduction:

- (a) Unitech Limited (Unitech or the Company), was incorporated on 09th February, 1971 under the Companies Act, 1956, and commenced its operations. It has been one of the leading real estate companies in India, with a well-diversified presence in real estate business comprising of commercial complexes and integrated residential development, Schools, Hotels, Malls and infrastructure projects. Unitech has projects across the price spectrum and several states in India.
- (b) The Company went through challenging times sometime around 2012-13 onwards due to various factors which led to a situation that it was not able to honour the commitments made to customers for timely delivery of the residential and commercial units sold to them. Due to numerous litigations by a large number of homebuyers and other stakeholders, the Hon'ble Supreme Court directed the Union Government vide its Order dated 18.12.2019 to propose the appointment of an independent Board of Directors of Unitech Limited.
- (c) In compliance thereto, the Central Government proposed the constitution of a new Board of Directors, which was approved by the Hon'ble Supreme Court vide its Order dated 20.01.2020 passed in the matter of Bhupinder Singh Vs. Unitech Limited in Civil Appeal No. 10856/2016. The Hon'ble Supreme Court was also pleased to direct the supersession of the erstwhile Management of Unitech Limited and its affiliates with the appointment of a new Board of Directors constituted under the chairmanship of Mr. Y. S. Malik, IAS (Retd.), formerly Secretary to Government of India.
- (d) The order inter alia, stated that -
"The existing Board of Directors of Unitech Limited is superseded with immediate effect in order to facilitate the taking over of management by the new Board of Directors constituted in terms of the proposal submitted by the Union Government."
- (e) In compliance of the order *ibid*, the new Management, as directed, prepared and submitted a Resolution Framework (RF) before the Hon'ble Supreme Court on 16.07.2020, followed by updated versions filed on 05.02.2021 and 08.08.2022, wherein a comprehensive approach for (i) completion of all incomplete projects, (ii) settlement of all other stakeholders has been proposed. The said RF is under consideration of the Hon'ble Supreme Court.
- (f) Further, the Hon'ble Supreme Court had requested Justice (Retd.) A. M. Sapre, vide its order dated 20.04.2022, to assist the Board of Management in monetization of the land assets under the auspices of the directions of Hon'ble Supreme Court. Subsequently, vide the order dated 18.05.2022, Justice (Retd.) A.M. Sapre was also associated with every stage of tendering process and that the same be carried out under his supervision.
- (g) It is pertinent to note that in view of the legacy issues confronting Unitech Group of Companies, several Unitech's Projects had been lying stalled since even before June 2017 when the promoters were sent to jail.
- (h) Based on the ground-work done by PMCs, it was estimated that about 130-135 Tenders would be required to be floated for completion of all the 74 residential and 12 commercial projects. Since, it was practically not possible to float all the Tenders in one go, the Management decided to float these Tenders in four to five Lots, each Lot comprising about 30-35 Tenders, as also submitted before the Hon'ble Supreme court vide ATR-IV. As the Members are already aware, the Unitech Management after seeking the approval of the BoD and Justice (Retd.) A.M. Sapre in the month of December 2022, floated a total of 35 Tenders as part of Lot-1 on 02.01.2023. After the completion of Bid Management process and approval of BoD and Justice Sapre, a total of 15 Tenders were submitted to the Hon'ble Supreme Court seeking directions for award of Contracts. Further, after the approval of BoD and Justice (Retd.) A.M. Sapre, the Management floated another set of 51 Tenders as part of Lot-2 on its website on 08.05.2023 and 09.05.2023. After the completion of Bid Management Process for Lot-2 Tenders, a total of 34 Tenders were approved by the BoD and Justice Sapre on 18.08.2023, and the same were submitted in the Hon'ble Supreme Court for seeking their approval for awarding the Contracts to successful Bidders. The Hon'ble Supreme Court permitted the Unitech Management to award contracts in respect of 49 (15+34) Tenders qua Lot-1 & Lot-2 vide its orders dated 03.11.2023. In furtherance to the aforesaid order dated 03.11.2023, the Management uploaded the list of these approved 49 Tenders at the Company's website on 04.11.2023 and issued Letters of Intent (Lols) to all the 23 Contractors to whom 49 Tenders of 39 Projects were awarded to comply with the requisite formalities for signing the Contract Agreements. Simultaneously, after seeking the approval of the BoD in its meeting held on 26.10.2023, the company floated another set of 55 Tenders as part of Lot-3 on 07.11.2023/ 08.11.2023. After the completion of Bid Management Process for Lot-3 Tenders, a total of 38 Tenders were approved by BoD and Justice Sapre on 16.02.2024 and the same were submitted in the Hon'ble Supreme Court for approval for award of Contracts to successful Bidders, which was allowed by the Hon'ble Court vide its orders dated 26.04.2024. Accordingly, the process for award of contracts in respect of the Lot-3, invitation of tenders for Lot-4 and Lot-5 Tenders has been continuing.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT 2023-24

- (i) Separately, keeping in view that the works on various structures of buildings left incomplete by the erstwhile management had been lying stalled for a number of years, it was decided to get the Health Safety Audit of all these buildings carried out from institutes of eminence. The Hon'ble Supreme Court was also apprised about the same through Action Taken Report – III. Services of IIT Roorkee were availed for this purpose for all the under-construction buildings within NCR area, IIT Madras for the projects at Bangalore and Chennai, and JadHAVpur University for Kolkata based projects. In the process, the Health Safety Audit and proof-checking of structure designs of a total of 179 Towers and 13 basements were carried out in respect of 27 Projects. While the buildings have been found largely safe, the experts have pointed out the need for carrying out Retrofitting works to address the deficiencies observed during these tests. Accordingly, a total of 28 Tenders were floated for the Retrofitting Works along with the general Lot-3 Tenders. Contracts have been awarded in case of 25 Tenders pursuant to the approval of the BoD, Justice Sapre and the Hon'ble Supreme Court. The left over 07 Tenders have also been invited and the same are under process of technical and financial evaluation. Reports of the concerned institutes have also been uploaded on the Company's website.
- (j) Award of contracts for commencement of construction is only one of the important milestones in the process of completion of projects. There are numerous other statutory obligations like Renewal of Licenses (in case of Haryana and Punjab based projects), Fire NOCs, NOCs from the Airport Authority of India (wherever applicable), Revalidation and approval of the Building Plans, preparation of cases for obtaining Environmental Clearances and thereafter obtaining the Consents to Establish (CTEs) from the concerned statutory authorities are equally onerous tasks. The new management has been working on obtaining all these statutory approvals in parallel and succeeded to a considerable extent. There are still projects where the Contracts have been awarded but the works on ground have not been commenced on account of pendency of these approvals. The management is aggressively working on all these fronts.
- (k) The new management, working under the overall guidance and supervision of Hon'ble Supreme Court, is committed to fulfilling the statutory and contractual obligations of the Company to adhere to the Sustainability and Economic Responsibilities of the Company's business for Environmental, Social and Governance aspects.
- (l) The recently revised format for BRSR is very exhaustive and requires details/ information which are not part of the normal data collection and reporting systems at the corporate level. Thus, the new format of BRSR necessitates establishing rigorous documentation processes and comprehensive data collection system across all the sites and departments of the Company, to ensure seamless compilation and flow of details for effective and accurate reporting. It also requires exhaustive training to employees at all levels of hierarchy, for a comprehensive understanding of the ESG objectives.
- (m) It is pertinent to note that the proposed Resolution Framework (RF) is pending adjudication before the Hon'ble Supreme Court of India. The Company endeavours to take the required measures to upgrade the reporting system in line with the proposals submitted in the Resolution Framework and directions of the Hon'ble Supreme Court from time to time, so that the gaps in reporting under the new framework of BRSR, may be effectively bridged. All efforts have been made to compile the BRSR with the data available, which itself remains a challenge in view of complete change of management, and a number old employees having left the company.
- (n) This Business Responsibility and Sustainability Report ('BRSR') of the Company describes the efforts of the Company towards adhering to implementation of the National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business' (NVG-SEE) framed by the Ministry of Corporate Affairs, Government of India. This report provides an overview of the activities carried out by the Company under each of the nine principles as outlined in the NVG-SEE in compliance with the Regulation 34(2)(f) of the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations 2015.

As at 31st March 2024, the Company has made provision for non-recoverability of assets and provision for write-back of trade liabilities in respect of the Libya branch office.

Our audit indicates that, because of the substantive nature and significance of the matter described below, we have not been able to obtain sufficient appropriate evidence to provide a basis for expressing an opinion on the statement as to whether these Standalone Financial Statements are prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other recognized accounting practices and policies generally accepted in India and has disclosed the information required to be disclosed under the Companies Act, 2013 including the manner in which it is to be disclosed, or that it does not contain any material misstatement.

Basis for Disclaimer of Opinion

We conducted our audit of the Standalone Financial Statements in accordance with standard on auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibility for the audit of the Standalone financial statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the institute of Chartered Accountant of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. Because of the significance of the matters described below we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We draw your attention to the following matters:

(i) We draw attention to Note no. 54 of the Standalone Financial Statements, which have made references to the Resolution Framework (RF) for Unitech group. The company has requested the Hon'ble Supreme Court to grant some

concessions and reliefs so that the company is able to fulfil its obligations towards the construction of the projects and meet other liabilities. Since the RF has not yet been approved by the Hon'ble Supreme Court, the impact of the proposed reliefs, concessions etc. have not been considered in the books of accounts.

(ii) Material uncertainty related to going concern

We draw attention to Note no. 38 of the Standalone Financial Statements wherein the management has represented that the Standalone Financial Statements have been prepared on a going concern basis, notwithstanding the fact that the Company has eroded its net worth and has incurred losses, both in the current and previous year, and has challenges in meeting its obligations, servicing its current liabilities including bank loans and public deposits. The Company also has various litigation matters which are pending before different forums, and further, various projects of the Company have stalled/slowed down.

In compliance of the directions of the Hon'ble Supreme Court, as contained in court's order dated 20th January 2020, the appointed Board of Directors has requested the ho'nble Supreme Court to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities.

These conditions indicate the existence of material uncertainty that may cast significant doubt about Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats.

Considering the above, we are unable to express an opinion on this matter.

(iii) The Management of the Company has not conducted any impairment assessment for the investments made by the erstwhile management in subsidiary companies, joint venture and associates having aggregate carrying value of Rs. 954,96.43 lakhs, despite strong indicators existing for impairment assessment, as required by Ind AS 36, 'Impairment of Assets'. In view of non-existence of any impairment study, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these investments and its consequential impact on the Standalone Financial Statements. (refer Note 5 of the Standalone Financial Statements)

(iv) We have not been provided with sufficient evidence about the recognition of fair value of the estimated loss allowance on loans and advance given by erstwhile management to subsidiary companies, joint ventures and associates amounting to Rs. 4461,93.80 lakhs and trade receivables from subsidiary companies, joint ventures and associates amounting to

INDEPENDENT AUDITORS' REPORT

Rs. 45,55.07 lakhs as required by Ind AS 109, 'Financial Instruments'. (refer Note 6, 13 and 45(v) of the Standalone Financial Statements)

We are therefore unable to express an opinion on the recoverability of the loans and trade receivables from subsidiary, joint ventures and associates, fair value of estimated loss allowance on loans, trade receivables and corporate guarantee given and the consequential impact on the Standalone Financial Statements.

- (v) We draw attention to note 49 of Standalone Financial Statements which contains details of corporate and bank guarantees issued by the erstwhile management for its subsidiaries and joint ventures. We have not been provided sufficient evidence regarding recognition of fair value of the estimated loss allowance on corporate guarantee given by erstwhile management on behalf of its subsidiary, joint ventures and associates amounting Rs. 1222,85 lakhs as required by Ind AS 109, 'Financial Instruments'. We are therefore unable to express an opinion on the fair value of estimated loss allowance on corporate and bank guarantee.
- (vi) The Management of the Company has not conducted any impairment assessment for the investments made and advances given for purchase of land by the erstwhile management in unrelated companies / entities having aggregate carrying value of Rs. 345,76.40 lakhs and Rs. 312,90.99 lakhs respectively, despite of strong indicators existing for impairment assessment, as required by Ind AS 36, 'Impairment of Assets'. In view of non-existence of any impairment study, we are unable to express an opinion upon the adjustments, if any, that may be required to the carrying value of these investments and its consequential impact on the Standalone Financial Statements. (refer Note 5 and 59 of the Standalone Financial Statements)
- (vii) We have not been provided with sufficient evidence about the recognition of fair value of the estimated loss allowance on loans given by erstwhile management to unrelated companies / entities amounting to Rs. 60,61.54 lakhs, trade receivables amounting Rs. 410,82.37 lakhs, inter corporate deposit amounting to Rs. 138,53.66 lakhs and security deposits given amounting Rs. 522,98.93 lakhs as required by Ind AS `109, 'Financial Instruments'. We are therefore unable to express an opinion on the recoverability of the loans given, trade receivables and security deposits given from unrelated companies / entities, fair value of estimated loss allowance on loans given, trade receivables and security deposits given, and the consequential impact on the Standalone Financial Statements. (refer Note 6, 7,10 and 14 of the Standalone Financial Statements)
- (viii) Balance of amounts due to / from trade receivables, trade payables, bank balances, borrowings, advance received from customers, advance to suppliers, security deposits, other loans and advances, advance for purchase of land, inter corporate deposits and other assets are pending for reconciliation / confirmation. The overall impact of the above and the consequential impact of same on standalone financial statements are not ascertainable and hence, we are unable to express an opinion on the same. (refer Note 51 and 64 of the Standalone Financial Statements)
- (ix) Amount recoverable from GNIDA amounting Rs. 183,39.80

lakhs is subject to confirmation / reconciliation. In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements. (refer Note 60 of the Standalone Financial Statements)

- (x) Variation of Rs. 934.15 lakhs has been observed between balance lying with Supreme Court registry and books of accounts and the same is under reconciliation. In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements. (refer Note 68 of the Standalone Financial Statements)

(xi) Refer note 49 of Standalone Financial Statements:-

A) Statutory dues related to Income-tax Act, 1962 amounting Rs. 102,46.88 lakhs, Professional Tax amounting Rs. 0.59 Lakhs, Employees Provident Funds and Miscellaneous Provisions Act, 1952 amounting to Rs. 24,42.87 Lakhs pertaining to the period of erstwhile management, are unpaid since long. In view of non-payment of statutory dues, possibility of levies, some penalties by the respective departments cannot be ruled out. On account of the above, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements.

B) In certain cases, we observed that Tax Deducted at Source (TDS) has not been deducted on estimated liability created by the Company based on memorandum statement of accounts received from lenders other than banks. Same is in contravention of the provisions of chapter XVII of Income-tax Act, 1961 which mandates deduction of tax at source at earlier of booking or payment.

C) Input credit receivable (GST) of Rs. 61,40.53 lakhs is subject to reconciliation with the balance of input credit claimable from GST department (in GST portal). In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements.

- (xii) In view of the instances of non compliance with certain debt covenants including interest & principal repayment defaults, we would like to draw attention to the fact that the Company has not obtained the balance confirmations on loans from lenders (including non-convertible debentures) amounting to Rs. 9337,02.50, lakhs (including interest accrued of Rs. 5930,97.85 lakhs). In the absence of adequate and sufficient audit evidence to establish the amounts payable to the lenders, we are unable to express an opinion on the correctness of these amounts reflected in the Standalone Financial Statement and also on their consequential impact including potential tax liabilities. (refer Note 53 of the Standalone Financial Statements)

- (xiii) Non-compliance of provisions of Indian Accounting Standards "IND AS" as prescribed under Section 133 of the Companies Act, 2013: -

- a) Revenue from real estate projects (IND AS 115)

We draw attention to Note no. 1.3 (x) (a) of the Standalone Financial Statements, stating that the Company is accounting for revenue under real estate projects using percentage of completion method (POCM) with an understanding that

INDEPENDENT AUDITORS' REPORT

performance obligations are satisfied over time whereas, the terms of the agreements entered by the Company with buyers of the property does not satisfy the conditions specified in paragraph 35 of Indian Accounting Standard 115 "Revenue from Contracts with Customers" in all the cases.

- b) We draw attention to Note no. 61 of the Standalone Financial Statements, The Company has accounted for its investment in one of its subsidiary M/s Unitech Power Transmission Limited, as non-current assets held for sale. Cost of investment as on 31st March, 2024 is Rs. 42,26.26 lakhs.

Non determination of fair value for asset held on sale, as on the date of reporting, is not in compliance with the provisions of Indian Accounting Standard 105 "Non-Current Assets Held for Sale and Discontinued Operations". Accordingly, we are unable to express an opinion upon the consequential impact, if any, on the carrying value of the asset held for sale and on the reported loss in the Standalone Financial Statements.

- c) Inventory and project in progress.

- 1) The management has not conducted any assessment of net realisable value of the inventory amounting Rs. 625,17.96 lakhs which is required as required in paragraph 9 of Indian Accounting Standard 2 "inventories". (refer Note 9 of the Standalone Financial Results)

- 3) Project wise breakup of expenditure incurred on project covered under "project in progress on which revenue is not recognized" not made available to us. Hence, we are unable to comment upon the accuracy of the amount disclosed thereunder. (refer Note no.16 of the Standalone Financial Results)
- 4) We draw attention to note 16 of the Standalone Financial Statements 'Other Current Assets' which include 'Amount Recoverable from Project in Progress (on which revenue is Recognized)' wherein no underlying documents for Rs. 107,08.78 lakhs, recognized as profit on sold property by erstwhile management is available for verification. In absence of the same, we are unable to comment on the correctness of the profit recognized on sold property.

In the absence thereof, we are unable to express an opinion upon the discrepancies if any and its consequential impact thereof.

- (xiv) We draw attention to Note no. 56 of the Financial Statements in respect of default in repayment of public deposits accepted by erstwhile management. As per the financial books, principal amount of deposit accepted for Rs. 534,87.75 lakhs is overdue for repayment. The Company has not created any provision for interest payable during the financial year amounting Rs.

65,26.69 lakhs (accumulated unaccounted interest is Rs. 483,22.14 lakhs). In our opinion, losses of the Company and value of public deposits are understated to extent of Rs. 483,22.14 lakhs. Further, the Company has not yet filed Form DPT 3 return with Ministry of Corporate Affairs since financial year 2020-21 onwards.

- (xv) We draw attention to note no 2 of the Standalone Financial Statements, the Company has conducted physical verification of its property plant and equipment. However, reconciliation between book balance and physical count is in progress. In the absence of such reconciliation, we are unable to express an opinion on the discrepancy between book record and physical counts, if any and its consequential impact of the financial statements. (refer Note 2 of the Standalone Financial Statements).

- (xvii) We draw attention to note 49 of standalone financial Statements which states that the Company has 2,456 litigation pending in Hon'ble Supreme Court of India. Based on the explanation provided by the Company, considering the number of litigations pending, it is not possible for the Company to compute the possible impact of the same. In view of above, we are unable to express an opinion on the accounting of potential liability on account of pending case and completeness of disclosure of contingent liability made by the company in the standalone financial statements.

All of the items mentioned in this para, we had given a disclaimer of opinion on the standalone financial statements for the year ended 31st March 2023, 2022 and 2021 in respect of these matters.

INDEPENDENT AUDITORS' REPORT

matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. As all material items are already described as a matter in the "Basis of Disclaimer of Opinion" para, there are no items which can be reported as key audit matters to be communicated separately.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The company's management and board of directors are responsible for the other information. The other information comprises the information included in Annual Report but does not include the Standalone Financial Statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit report of the Standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and if required issue a revised Audit report on Standalone Financial Statements.

RESPONSIBILITY OF MANAGEMENT FOR STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in sub-section 5 of Section 134 of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management

is responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the company or to cease operation, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained

INDEPENDENT AUDITORS' REPORT

up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and

- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the statements of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Emphasis of Matter:

We draw attention to Note no. 52 of the accompanying unaudited standalone financial statements which describes that the audited financial statements for the year ended 31st March 2023 have not been adopted in the Annual General Meeting held on 29th September 2023.

Our opinion is not modified in respect of this matter.

Other Matter:

We draw attention to Note no. 55 of the Standalone Financial Statements, A forensic audit of the Company was conducted as per directions of the Hon'ble Supreme Court. We have been informed that the report on the forensic audit is not available with the Company or its Board of Directors; hence impact of observations in the forensic audit report can be ascertained only after the same is obtained.

Our opinion is not modified in respect of this matter.

Matter 2

1	Details of Audit Qualifications:-
	<p>Material uncertainty related to going concern</p> <p>The management has represented that the Standalone Financial Results have been prepared on a going concern basis, notwithstanding the fact that the Company has eroded its net worth and has incurred losses, both in the current and previous year, and has challenges in meeting its obligations, servicing its current liabilities including bank loans and public deposits. The Company also has various litigation matters which are pending before different forums, and further, various projects of the Company have stalled/ slowed down.</p> <p>In compliance of the directions of the Hon'ble Supreme Court, as contained in court's order dated 20th January 2020, the appointed Board of Directors has requested the ho'nble Supreme Court to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities. These conditions indicate the existence of material uncertainty that may cast significant doubt about Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats.</p> <p>Considering the above, we are unable to express an opinion on this matter.</p>

4	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views	
5	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(i) Management's estimation on the impact of audit qualification:	
	(ii) If management is unable to estimate the impact, reasons for the same:	
	<p>The Management has already stated its position in the Resolution Framework submitted in the Hon'ble Supreme Court on 15.07.2020, followed by updated versions submitted on 05.02.2021 and on 08.08.2022, wherein the Hon'ble Supreme Court has been prayed to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of projects and meet other liabilities. The reasons for opting against winding up the Company or its reference under IBC have fully been explained in the application filed for submission of the Resolution Framework. The Management is hopeful that as per mandate given by Hon'ble Supreme Court, the company would be able to generate sufficient funds to complete the projects as per timelines notified in the award of contracts and, accordingly, no material uncertainty exists in the Company continuing as a going concern. As such, expressing doubts about the Company as an ongoing concern is rather pre-mature at this stage.</p>

	<p>Unitech Limited has 186 Indian subsidiary companies out of which 08 subsidiary Companies stood struck off by the Registrar of Companies, NCT Delhi and Haryana at the time when the new management joined. The Company has moved the National Company Law Tribunal (NCLT) for the revival of the said struck off subsidiaries, out of which 07 subsidiary companies have already been ordered for revival. The progress in audit of accounts of these 186 subsidiaries is as under:</p> <p>(a) Statutory Auditors appointed in respect of 156 Indian subsidiary companies so far;</p> <p>(b) Appointment of Statutory auditors under progress in case of 9 subsidiaries;</p> <p>(c) For the remaining 13 Subsidiaries, wherein there is a substantial foreign investment, necessary steps are being taken by the Company in this regard.</p> <p>As regards 32 foreign subsidiaries along with Libya Division and 03 foreign JVs, the management has listed down their available details. Moreover, it is pertinent to mention that, as per information available to the new management, the Central Investigating Agencies are believed to be engaged with the issues pertaining to these entities. The matter regarding investment in Carnoustie Management Pvt Ltd (CMPL) and CIG is under investigations by the Investigating Agencies and the Enforcement Directorate (ED) has issued various attachment orders. The Management has included the transactions with CMPL and CIG as avoidable in the Resolution Framework submitted before the Hon'ble Supreme Court. It is pertinent to mention here that Unitech Limited has also filed an IA in the Hon'ble Supreme Court for the recovery of the investments made in CMPL, which has been heard but the order is awaited. However, keeping in view the investigations being carried out by the ED, approval of the Provisional Attachment Orders (PAOs) by the Adjudicating Authority and the ED having filed Prosecution Complaints before the Special Court under the PMLA, the Company is left with no option but to await the final outcome in these matters.</p> <p>In view of the position explained above, it is neither possible nor feasible at this stage to undertake any impairment assessment. The impairment assessment can be got conducted by the company through some expert in accordance with applicable Accounting Standards (Ind As 36), only after having in possession the complete details / documents / reports etc"</p>

However, the fair estimation w.r.t. the recognition of fair value of the estimated loss allowance on loans given by the erstwhile management to subsidiary companies, joint ventures and associates and trade receivables from subsidiary companies, joint ventures and associates, is not feasible as of now, because of the ongoing investigations by the ED, and the ED having filed charge-sheets before the Adjudicating Authority under PMLA and the matter being sub-judice. 	There are a number of secured, unsecured and operational creditors qua the company and its subsidiaries, JVs and other affiliates. Further, the Company and promoters have also given various kinds of Guarantees, including Bank Guarantees and Corporate Guarantees, the lists whereof (to the extent of availability of records), surviving or matured, have been shared with Statutory Auditors. 	It is stated that as per Standards on Auditing (SA)-505 prescribed by the Institute of Chartered Accountants of India (ICAI), the process of external confirmation is to be initiated by the Statutory Auditors for directly obtaining the evidence from the confirming parties at their level. However, the Management would initiate and follow-up on this exercise keeping the Statutory Auditors in loop with respect to the outstanding balances as on 31.03.2024. It would therefore be appropriate that the Statutory Auditors take up external confirmations based on random sampling basis since obtaining confirmation from all the parties would be a time consuming exercise.

	A) Statutory dues related to Income-tax Act, 1962 amounting Rs. 102,46.88 lakhs, Professional Tax amounting Rs. 0.59 Lakhs, Employees Provident Funds and Miscellaneous Provisions Act, 1952 amounting to Rs. 24,42.87 Lakhs pertaining to the period of erstwhile management, are unpaid since long. In view of non-payment of statutory dues, possibility of levies, some penalties by the respective departments cannot be ruled out. On account of the above, we are unable to express an opinion on the consequential impact of same on standalone financial statements.
	B) In certain cases, we observed that Tax Deducted at Source (TDS) has not been deducted on estimated liability created by the Company based on memorandum statement of accounts received from lenders other than banks. Same is in contravention of the provisions of chapter XVII of Income-tax Act, 1961 which mandates deduction of tax at source at earlier of booking or payment.
	C) Input credit receivable (GST) of Rs. 61,40.53 lakhs is subject to reconciliation with the balance of input credit claimable from GST department (in GST portal). In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements.

	(i) Management's estimation on the impact of audit qualification:
	(ii) If management is unable to estimate the impact, reasons for the same:
	A) (a) The Government appointed Board of Directors has already submitted its Resolution Framework (RF) before the Hon'ble Supreme Court on 16.07.2020, followed by updated versions dated 02.05.2021 and 08.08.2022, wherein the Company has sought various reliefs on account of penalties, interest liabilities etc., among others, due to be paid by the company to the Statutory Authorities, Banks, Financial Institutions etc.
	(A) (b) Since a definitive view on various reliefs sought in the RF is yet to be taken by the Hon'ble Supreme Court, it is not feasible at this stage to assess the overall impact of its outstanding statutory liabilities.
	(A) (c) The New Management is committed to make the company compliant in terms of various provisions contained in the Companies Act 2013 and other related Acts, Rules, Regulations etc.
	(B) (a) The Management has taken an independent opinion on Tax Deduction at Source (TDS) on estimated liability created by the Company based on memorandum statement of accounts received from lenders other than banks. The opinion given by the Expert is on the following lines: Query
	(i) Whether TDS under section 194 A of Income Tax Act, 1961 (TDS deduction on Interest payments to residents), should be deducted or not on interest on Inter Corporate Deposits/ Additional Term Loan facilities availed by Unitech Limited from Financial Institutions/ ARCs which are Non-Performing Assets as declared by Financial Institutions/ ARCs as per the RBI Guidelines. Reply
	(ii) It is opined that the interest on NPA accounts are not falling in the definition of income and income tax is not payable on such amounts and no constructive credit can be said to be payable to NBFCs and ARCs as the realization of the interest and principal component will depend upon the restructuring or settlement of loan accounts. The company is providing unpaid interest in its books of account to satisfy the requirements of accounting standards as prescribed by the Companies Act, 2013.

	Thus, TDS under section 194 A of Income Tax Act, 1961, in respect of aforesaid amounts, should not be deducted.
	(B) (b) However, the Company is providing unpaid interest in its books of accounts in order to remain compliant with the requirements of the Accounting Standards, as prescribed by Companies Act and not deducting TDS on the provision of interest.”
	(C) Due to various litigations, notices from GST Department, non-availability of old data/ records and non-compliances during the period of erstwhile management, cancellations and restorations of various GST Numbers and other complex issues, there are serious difficulties in completing the reconciliation process. Despite various challenges, it is planned to complete the Reconciliation Process during FY 2024-25.

	Non-compliance of provisions of Indian Accounting Standards "IND AS" as prescribed under Section 133 of the Companies Act, 2013: -

	b) The Company has accounted for its investment in one of its subsidiary M/s Unitech Power Transmission Limited, as non-current assets held for sale. Cost of investment as on 31 st March, 2024 is Rs. 42,26.26 lakhs.
	Non determination of fair value for asset held on sale, as on the date of reporting, is not in compliance with the provisions of Indian Accounting Standard 105 "Non-Current Assets Held for Sale and Discontinued Operations". Accordingly, we are unable to express an opinion upon the consequential impact, if any, on the carrying value of the asset held for sale and on the reported loss in the standalone financial results.
	c) Inventory and project in progress.
	1) The management has not conducted any assessment of net realisable value of the inventory amounting Rs. 625,17.96 lakhs which is required as required in paragraph 9 of Indian Accounting Standard 2 "inventories".
	2) Reconciliation of sub-ledger records for advance received from homebuyers and trade receivables is in progress. In view of absence of the reconciliation, we are unable to express an opinion on the consequential impact of same on Standalone Financial Statements.
	3) Project wise breakup of expenditure incurred on project covered under "project in progress on which revenue is not recognized" not made available to us. Hence, we are unable to comment upon the accuracy of the amount disclosed thereunder.
	4) We draw attention to note no. 16 of the Standalone Financial Statements 'Other Current Assets' which include 'Amount Recoverable from Project in Progress (on which revenue is Recognized)' wherein no underlying documents for Rs. 107,08.78 lakhs, recognised as profit on sold property by erstwhile management is available for verification. 	(i) Management's estimation on the impact of audit qualification:	
	(ii) If management is unable to estimate the impact, reasons for the same:	
	<p>(A). (a) The Company recognizes revenue over time if one of the following criteria of Paragraph 35 of Ind AS 115 is met, particularly 35 (c), 36 and 37, as given below:</p> <p>(i) Paragraph 35(c): the entity's performance does not create an asset with an alternative use to the entity (paragraph 36) and the entity has an enforceable right to payment for performance completed to date (paragraph 37)</p> <p>(ii) Paragraph 36: An asset created by an entity's performance does not have an alternative use to an entity if the entity is either restricted contractually from readily directing the asset for another use during the creation or enhancement of that asset or limited practically from readily directing the asset in its completed state for another use. The assessment of whether an asset has an alternative use to the entity is made at contract inception. After contract inception, an entity shall not update the assessment of the alternative use of an asset unless the parties to the contract the contract approve a contract modification that substantively changes the performance obligation.</p> <p>(iii) Paragraph 37: - An entity shall consider the terms of the contract, as well as any laws that apply to the contract, when evaluating whether it has an enforceable right to payment for performance completed to date in accordance with paragraph 35(c). The right to payment for performance completed to date does not need to be for a fixed amount. However, at all times throughout the duration of the contract, the entity must be entitled to an amount that at least compensates the entity for performance completed to date if the contract is terminated by the customer or another party for reasons other than the entity's failure to perform as promised.</p> <p>(A) (b) Following points are also considered by the company at the time of Revenue Recognition of revenue under POCM:</p> <p>(i) The company has an enforceable right to claim the payment from Customer for performance completed which has been agreed by customers in the Agreements to Sell (Builders-Buyer Agreements).</p> <p>(ii) The Company cannot change or substitute the residential/ commercial unit specified in the Builder-Buyer Agreement ("The contract") entered with the customer, and thus the customer could enforce his/her rights to the residential/ commercial unit if the Company sought to direct the asset for another use. In the opinion of the Management of the Company, the contractual restriction is substantive, and the real estate unit does not have an alternative use to the Company.</p> <p>(iii) Further, the Company has the right to claim the installments of the Residential/ Commercial properties from the buyers based on the milestones given in Builder Buyers Agreement and in case of defaults by the customers, said unit is not freely transferrable to another customer. The unit is not available for alternate use of the Company until cancelled.</p> <p>(iv) In certain cases, buyers of the property have availed bank finance against the property purchased by them and the Company has entered into the "Tripartite Agreement". Under this arrangement, the Company has given all original documents to the Bank. It indicates that the Company is not having any alternate use of the property sold to the buyer and the buyers have full right over the property purchased from the Company till the time, the buyers commit any breach towards the bank and /or does not repay its dues to the Bank in full or in part and/or the buyers commit breach of agreement with the Company.</p>	
	<p>(A) (c) Customer i.e. buyer of the unit is the beneficial owner of the unit purchased from the Company and is entitled to avail the loan from Banks. In the event of defaults by Customer in repayment of any installment, the Company has the right to cancel the allotment and forfeit the entire amount of Earnest Money deposited by the Allottees and the allottee shall be left with no right or lien on said property and the developer i.e. Company shall be free to sell the same to any other person in its sole discretion as it may deem fit.</p> <p>In the opinion of the Company, customer i.e. buyer of the unit is the beneficial owner of the unit purchased till the time of cancellation of the allotment of the unit on account of defaults in repayment schedule of the installments agreed in Builder Buyer's agreement.</p> <p>(A) (d) Further, we would like to submit that majority of the projects are brown-field projects at different stages of construction.</p> <p>(A) (e) We have relied on the clarification issued by ICAI on 20th July 2018 w.r.t. Revenue from Contracts in context of Real Estate Sector wherein it was clarified that Ind AS 115 does allow recognition of revenue using Percentage of Completion Method (POCM).</p> <p>(A) (f) Prior to FY 2020-21, there was no qualification on revenue recognition under POCM by the earlier statutory auditor. Further, the company has sought an opinion from Expert Advisory Committee of ICAI.</p> <p>(B) Although, a fair valuation report as per provisions under section 56 of Income Tax Act, 1961, read with Rule 11UA of Income Tax rules, 1962, was obtained from a Registered Merchant Banker, the statutory auditors have asked for getting the fair valuation report from an IBBI registered Valuer as required under the provisions of Indian Accounting Standard 105 – "Non-current Assets held for sale and discontinued operations". It is submitted that fair valuation has not been got done from IBBI Registered Valuer so far. It is proposed to get the same done now before the process of disinvestment is completed.</p> <p>(C) (1) The exercise is planned to be completed during the FY 2024-25.</p> <p>(C) (2)The Commercial Division has complete data available on the amount received from the customers and the balance receivables from them in respect of each of the units sold. As a matter of fact, the customers are also being allowed access to their individual Accounts Ledgers in a phased manner as the management raises demands for balance payments on an ongoing basis as per the Revised Payment Plan approved by the Hon'ble supreme Court. Reconciliation of the same with the data available with the Finance & Accounts Division is planned to be completed during FY 2024-25 itself.</p> <p>(C) (3)The details to the extent available have been shared with Statutory Auditors. Further, project wise breakup will be worked out in FY 24-25 to the extent feasible.</p> <p>(C) (4)This figure represents the Estimated Profit Recognized (share of Unitech Limited) in JV Projects comprising of Sohna Road Project, Executive Floors, Independent House, Executive Floor (Maruti), Independent Floor, Singleton Floor, Shopping Arcade and Nirvana Country. After receiving the Completion Certificate from DTCP of Haryana Government, the project will be treated as Completed and actual Profit/ Loss Account will be prepared for final closing.</p>

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

1.1 Company Overview

M/s Unitech Limited (the "Company"), having CIN: L74899DL1971 PLC009720, was incorporated on 9th February 1971 with its Registered Office at 6, Community Centre, Saket, New Delhi-110017. The Company is a Real Estate Developer in India and also has interest in the business of Power Transmission and Hospitality, among others. The Company's main line of business is Real Estate Development and related activities, including Construction and allied Services. The Company's equity shares are listed on The Bombay Stock Exchange Limited (BSE) and The National Stock Exchange of India Limited (NSE).

1.2 Basis of preparation, measurement and material accounting policy information

(i) Basis of preparation

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as notified by Ministry of Corporate Affairs (MCA) under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

The preparation of the Company's Financial Statements, in conformity with Ind AS, requires the Company to exercise its judgment in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities as on the date of the Financial Statements. These estimates and assumptions are assessed on an ongoing basis and are based on past experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances and presented under the historical cost convention on accrual basis of accounting. Accounting Policies have been applied consistently to all periods presented in these Financial Statements. All assets and liabilities have been classified as current or non-current as per the operating cycle of the Company as per the General Instructions for preparation of Balance Sheet and Statement of Profit and Loss of a Company set out in Schedule III to the Companies Act, 2013.

(ii) Use of estimates

The preparation of Financial Statements, in conformity with generally accepted Accounting Principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the Financial Statements and the result of operations during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results could differ

from these estimates. Significant estimates used by the Management in the preparation of these Financial Statements include project revenue, project cost, saleable area, economic useful lives of fixed assets, accrual of allowance for bad and doubtful receivables, loans and advances and current and deferred taxes. Any revision to accounting estimates is recognized prospectively in accordance with the applicable Accounting Standards.

Significant management judgments

Recognition of Deferred Tax Assets - The extent to which deferred tax assets can be recognized is based on an assessment of the probability of future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets - The evaluation of applicability of indicators of impairment of assets requires determination of cash generating units and assessment of several external and internal factors, which could result in deterioration of recoverable amount of assets.

Impairment of financial assets - At each Balance Sheet date, based on historical default rates observed over expected life, the Management assesses the expected credit loss on outstanding financial assets.

Provisions - At each Balance Sheet date, based on the Management's judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgment.

Significant estimates

Revenue and Inventories - Inventory recognition requires forecasts to be made of the total Real Estate Development Costs with the outcomes of underlying construction and service contracts which require assessment and judgment to be made on changes in Scope of Work, claims (compensation, rebates, etc.) and other payments to the extent they are probable and they are capable of being reliably measured.

Useful lives of depreciable/ amortizable assets - Management reviews its estimate of the useful lives of depreciable/ amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of the assets.

Defined Benefit Obligations (DBO) - Management's estimates of the DBO is based on a number of underlying assumptions, such as, standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair market value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

1.3 Material accounting policy information

(i) Property, Plant and Equipment & Depreciation

Transition to Ind AS

The Company has elected to use a previous Generally Accepted Accounting Principles (GAAP) cost {Cost (-) accumulated depreciation and impairment losses, if any,} of an item of property, plant and equipment at or before the date of transition to Ind AS as deemed cost at the date of transition in accordance with the option provided under Ind AS-101.

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The initial cost of PPE is the cost of acquisition or construction, inclusive of freight, erection & commissioning charges and any directly attributable costs of bringing an asset to working condition and location for its intended use, including borrowing costs relating to the qualified asset over the period up to the date the asset is ready to commence commercial production. The carrying amount of a PPE is de-recognized when no future economic benefits are expected from its use or on disposal.

The Property, plant and equipment are subsequently measured at cost net of accumulated depreciation and accumulated impairment losses, if any. Depreciation on property, plant and equipment is provided on a straight-line basis over the estimated useful lives of the assets, as prescribed in Part C of Schedule II of the Companies Act, 2013.

The PPE acquired under finance leases, if any, is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term, if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term. Freehold land is not depreciated. Borrowing costs relating to acquisition of PPE which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Depreciation on PPE is provided based on useful lives of the assets assigned to each asset in accordance with Schedule II to the Companies Act, 2013 on straight-line method. Fixtures and lease hold improvements installed in leased buildings are amortized over the initial period of lease.

(ii) Intangible assets under development

'Intangible assets under development' represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes land, related acquisition expenses, development/ construction costs, borrowing costs and other direct expenditure.

(iii) Intangibles and amortization

Intangible assets are recognized when it is probable that future economic benefits attributable to asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets (acquired or developed in-house) are measured on initial recognition at cost. The cost of an intangible asset includes purchase cost (net of rebates and discounts), including any import duties and non-refundable taxes, and any directly attributable costs on making the asset ready for its intended use. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, which meet capitalization criteria, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred. Cost of software is amortized over a period of 05 years, being the estimated useful life as per the Management's estimates.

(iv) Impairment of assets

The amortization period and method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Management at each Balance Sheet date assesses using external and/ or internal sources whether there is an indication that an asset or group of assets or a cash generating unit, as the case may be, may become impaired. Impairment exists where the carrying amount exceeds the fair market value of the asset, represented by the present value of future cash flows expected to arise from the continuing use of the asset and its realizable value. The impairment loss, if any, is charged off to statement of profit and loss.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use. Gains and losses arising from de-recognition of an intangible asset are

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the statement of profit and loss when the asset is de-recognized or on disposal.

(v) Lease accounting

At the inception of a contract, the Company assesses whether a contract is or it contains a lease agreement or a contract is or it contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an asset the Company assesses whether:

- (a) The contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capability of a physical distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- (b) The Company has the right to substantially obtain all of the economic benefits from use of the asset throughout the period of use; and
- (c) The Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changes how and for what purpose the asset is used.

Company as a lessee*(i) Right-of-use asset*

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee, and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

(ii) Lease Liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

(iii) Short-term lease and leases of low-value assets

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right of use relates. A class of underlying asset is a grouping of underlying assets of a similar nature and use in Company's operations. The election for leases, for which the underlying asset is of low value, can be made on a lease-by-lease basis.

Company as a lessor

Leases in which the Company does not substantially transfer all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred by lessors in negotiating and arranging an operating lease shall be added to the carrying amount of the leased asset and recognized as an expense over the lease term on the same basis as the lease income. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee.

(vi) Investment property*(i) Recognition and initial measurement*

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. On transition to IND AS, the Company had elected to measure all of its investment properties at the previous GAAP carrying value (deemed cost). The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in the statement of profit or loss as incurred.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(ii) Subsequent measurement (depreciation and useful lives)

Investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation on investment properties is provided on the straight-line method over the useful lives of the assets as follows:

Asset Category	Useful life (in years)	Estimated useful life as per Schedule II to the Companies Act, 2013 (in years)
Land & Building	60	60

The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on evaluation performed by an accredited external independent valuer applying valuation model acceptable internationally.

(iii) De-recognition

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefits are expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of profit or loss in the period of de-recognition.

(vii) Inventories

- (i) The cost of inventories comprises the cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Inventories are valued at cost or net realizable value, whichever is lower on the basis of first-in-first-out method, average cost method or specific identification, as the case may be.
- (ii) Finished stock of completed Real Estate Projects, land and land development rights are valued at

lower of the cost or net realizable value on the basis of actual identified units.

(viii) Projects in progress

Projects in progress disclosed as at reporting date in respect of Real Estate development and related activities includes aggregate amount of project costs incurred and recognized profit (less recognized losses) including unbilled revenue and project costs that relate to future activity on the contract where it is probable that these costs will be recovered in future upto the reporting date less amount received from customers, for all projects.

Project costs include cost of land, land development rights, construction costs, job work, allocated borrowing costs and other incidental costs including the cost of any delayed penalty, already committed to the customers that are attributable to project and such other costs as are specifically chargeable to the customer being costs incurred upto the reporting date.

Unbilled revenue represents revenue recognized on percentage of completion method to the extent not billed to customers as per contractual payment plan/ milestones. The application of IND AS 115 has impact on Projects in Progress and must be read along with 'Significant accounting policy no. XII below.

(ix) Borrowing costs

Borrowing cost relating to acquisition/ construction development of qualifying assets of the Company are not capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is the one that necessarily takes substantial period of time to get ready for its intended use/ sale. Borrowing costs that are attributable to the project in progress and qualifying land advances as well as any capital work in progress are charged to respective qualifying asset. Borrowing costs incurred/ proportioned on projects, otherwise qualified for capitalization, where ultimate expected profitability is expected to be negative, is not capitalized, and is charged to statement of profit and loss. All other borrowing costs, not eligible for capitalization, are charged to the statement of profit and loss.

(x) Revenue recognition

The Company derives revenues primarily from the business of Real Estate development and related activities including construction, consultancy and rentals etc. Further, most of the business conducted is within the geographical boundaries of India.

Revenue is recognized in accordance with the principles laid down under IND AS-115.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(a) Real Estate Projects

The Company recognizes revenue using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.

Performance obligations are satisfied over time when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (i) the Company's performance creates or enhances the asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (ii) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

Revenues in excess of invoicing are classified as contract assets (also referred to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (also referred to as unearned revenues).

The amount of contract revenue may increase or decrease from one period to the next on account of:

- (i) Variations or claims contractually agreed that increase or decrease contract revenue in a period subsequent to that in which the contract with customers was initially agreed; and
- (ii) Penalties arising from delays caused by the Company in the completion of the contract where such penalties are certain. These penalties do not include those which have not yet been committed to the customers where the possession of the unit has not been handed over.

Further, the Company recognizes revenue on Percentage of Completion Method (POCM) on completion of the following events:

- (i) All critical approvals necessary for commencement of the project have been obtained including, wherever applicable - environmental & other clearances, approval of plans, designs etc., title to land or other rights of development/ construction & change in land use;
- (ii) The expenditure incurred on construction & development is not less than 25% of the construction and development costs;
- (iii) At least 25% of the saleable project area is secured by contracts or agreements with

buyers;

- (iv) The Company starts giving possession in that project and has qualified for the criterion as stated in IND AS 115; and
- (v) At least 10% of the total revenue as per the agreements of sale or any other legally enforceable document are realized at the reporting date in respect of each of the contracts & it is reasonable to expect that the parties to such contracts will comply with the payment terms as defined in the contracts.

When it is probable that total costs will exceed total project revenue, the expected loss is recognized as an expense immediately.

An entity shall account for a contract with a customer that is within the scope of this Standard only when all of the following criteria are met:

- (i) The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- (ii) The entity can identify each party's rights regarding the goods or services to be transferred;
- (iii) The entity can identify the payment terms for the goods or services to be transferred;
- (iv) The contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- (v) It is probable that the entity will conduct the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

(b) Construction contracts

The Company recognizes revenue from construction contracts using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Performance obligations are satisfied over time when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (a) the Company's performance creates or enhances an asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (b) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

- (i) The stage of completion under the POC method is measured on the basis of percentage that actual costs incurred on construction contracts to the total estimated cost of the contract.
- (ii) Revenue on account of contract variations, claims and incentives are recognized/ adjusted upon settlement or when it becomes reasonably certain that such variations, claims and incentives are both measurable and recoverable/ adjustable.

Contract revenue is measured at fair value of the consideration received or receivable. The measurement of contract revenue is affected by a variety of uncertainties that depend on the outcome of future events. The estimates often need to be revised as events occur and uncertainties are resolved. Therefore, the amount of contract revenue may increase or decrease from one period to the next.

(c) Accounting of projects with co-developers (JVs)

All the development expenses and sale proceeds booked during the year are transferred to the co-developer at the year-end as per the mutual agreement with each such co-developer.

(d) Sale of land and land development rights

Revenue from sale of land and development rights is recognized upon transfer of all significant risks and rewards of ownership of such real estate/ property, as per the terms of the contracts entered into with buyers, which generally coincides with the firming of the sales contracts/ agreements.

(e) Sale of construction material

Revenue from sale of construction material is recognized when transfer of significant risk and rewards of such material takes place. Such sale is recognized net of taxes.

(f) Sale of investment

Net sale proceeds of the investments including

the investment in subsidiaries, joint ventures and associates developing real estate projects, are recognized on completion of sale of such investment.

(g) Consultancy income

Consultancy income is recognized on accrual basis based on contractual terms on the performance of such services. Revenue is recognized proportionately by reference to the performance of acts defined contractually. The revenue is recognized when it is reasonably sure that the Company has completed its performance obligation and the revenue shall ultimately be realized. The revenue recognized is determined on the basis of contract value, associated costs, number of acts or other suitable basis.

(h) Interest income

Interest income is recognized only when no significant uncertainty as to measurability or collectability exists. Income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income from financial Assets is recognized using E.I.R. method.

(i) Dividend income

Dividend income is recognized when the right to receive the same is established.

(j) Income from interest on delayed payment by customers

The revenue on account of interest on delayed payment by customers is accounted for at the time of acceptance/ settlement with customers due to uncertainties with regard to determination of amount receivable until then.

(xi) Foreign currency transactions

These Financial Statements are presented in Indian Rupees (INR), which is the Company's functional currency. A foreign currency transaction is recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency on the date of the transaction. Monetary items denominated in a foreign currency are reported using the closing rate or at the amount which is likely to be realized from, or required to disburse such items at the balance sheet date as the situation demands. Non-monetary items carried in term of historical cost denominated in foreign currency, are reported using exchange rate at the date of transaction. Exchange differences arising on the settlement of monetary items or on reporting an enterprise's monetary items at rates different from those at which they were initially

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

recorded during the period, or reported in previous financial statements, are recognized as income or as expenses in the period in which they arise. Exchange differences arising on reporting of long term monetary assets at rates different from those at which they were initially reported during the period or previous periods in so far they relate to the acquisition of depreciable capital asset is added to or deducted from the cost of assets.

The Financial Statement of an integral operation is translated using the above principle and procedures. In translating the Financial Statement of a non-integral foreign operation for incorporation in its Financial Statement, the following principles and procedures are followed:

- (i) Assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate.
- (ii) Income and expense items of the non-integral foreign operation are translated at exchange rates at the date of the transactions.
- (iii) All resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment.

(xii) Taxes on income

Tax Expenses have been computed as per the provisions contained in IND AS 12. The tax expense for the period comprises the sum of current tax and deferred income tax. Tax is recognized in the statement of Profit & Loss, except to the extent that it relates to items recognized in the other comprehensive income or in equity, in which case, the tax is also recognized in Other Comprehensive income.

(i) Current tax

Current tax assets & liabilities are measured at the amount expected to be recovered from or paid to the income tax authorities, based on tax rates and laws that are enacted at balance sheet date.

(ii) Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets & liabilities in the Financial Statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax assets & liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted

by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(xiii) Employee benefits

Employee benefits have been computed as per the provisions contained in IND AS 19

(i) Short-term employee benefits

The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered by employees as -

- (a) a liability (accrued expense) after deducting any amount already paid. Excess of amounts paid over liability incurred is treated as prepaid expenses; or
- (b) an expense unless it is eligible to be charged to project in progress or capital work in progress or fixed asset as the case may be.

(ii) Post-employment benefits

(a) Defined contribution plans

The Company, as per details hereunder, operates defined contribution plans pertaining to Employees State Insurance scheme, Government administered Pension Fund scheme, Provident Fund plan and Superannuation scheme for eligible employees.

The above defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities (funds) or to financial institutions or state managed benefit schemes. The Company's contribution to defined contribution plans are recognized in the statement of profit and loss in the financial year to which they relate.

❖ Employees State Insurance/ Pension Fund scheme: The Company makes specified monthly contribution towards Employees State Insurance scheme and government administrated pension fund scheme.

❖ Provident Fund Plan: The Company is obliged to make specified monthly contributions towards Employee Provident Fund registered with the Regional Provident Fund Commissioner.

(b) Defined benefit obligations

The cost of providing benefits i.e. gratuity

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

and leave encashment is determined using the projected unit credit method, with actuarial valuations carried out annually as at the balance sheet date. Actuarial gains and losses are recognized immediately in the statement of profit and loss. The fair value of the plan assets is reduced from the gross obligation under the defined benefit plan, to recognize the obligation on net basis. Past service cost is recognized as expense on a straight-line basis over the average period until the benefits become vested.

(xiv) Provisions, contingent liabilities and contingent assets

Provisions: Provisions are recognized in respect of liabilities, which can be measured only by using a substantial degree of estimates when:

- (i) the Company has a present obligation as a result of a past event;
- (ii) a probable outflow of resources embodying economic benefits will be required to settle the obligation; and
- (iii) the amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent Liability: Contingent liability is disclosed in the case of:

- (i) a present obligation arising from a past event, when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- (ii) a possible obligation, that arises out of past events and the existence of which will be confirmed only by one or more uncertain future events unless the probability of outflow of resources is remote.

Contingent Assets: Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

(xv) Cash & cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of twelve months or less. Cash flow statement is prepared using the indirect method.

(xvi) Earnings per share

Basic earnings per share is calculated by dividing the

net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue, a share split and share warrants conversion.

Diluted earnings per share is calculated by adjusting net profit or loss for the period attributable to equity shareholders and the weighted number of shares outstanding during the period for the effect of all dilutive potential equity shares.

Further, where the statement of profit and loss includes extraordinary items, the Company discloses basic and diluted earnings per share computed on the basis of earnings excluding extraordinary items (net of tax expenses).

(xvii) Fair value measurement

The Company is required to measure the financial instruments at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities, for which fair value is measured or disclosed in the financial statements, are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

(xviii) Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets includes trade receivable, loan to body corporate, loan to employees, security deposits and other eligible current and non-current assets. Financial liabilities include Loans, trade payables and eligible current and non-current liabilities.

(1) Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (i) the entity's business model for managing the financial assets; and
- (ii) the contractual cash flow characteristics of the financial asset.

A financial asset is measured at amortized cost if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income.

All financial liabilities are subsequently measured at amortized cost using the effective interest method or fair value through profit or loss.

(2) Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value at initial recognition, plus or minus, any transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss.

(3) Financial assets subsequent measurement

Financial assets are subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL), as the case may be, except for the investments where no information is available with the Company. Such investments are subsequently measured at cost. Financial liabilities are subsequently measured at amortized cost or fair value through profit or loss.

(4) Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

(5) Trade receivables

Trade receivables are the contractual right to receive cash or other financial assets and recognized initially at fair value. These are subsequently measured at amortized cost (Initial fair value less expected credit loss). Expected credit loss is the difference between all contractual cash flows that are due to the Company and all that the Company expects to receive (i.e. all cash shortfall), discounted at the effective interest rate.

(6) Equity investments

All equity investments in the scope of IND AS 109 are measured at fair value other than investments

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

in subsidiary, associate & Joint Venture which are stated at cost as per IND AS 27 'separate financial statement'. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument – by - instrument basis. For other equity instrument due to non-availability of sufficient and recent information, cost is taken as appropriate estimate of fair value with reference to IND AS 109 'financial instrument'.

(7) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

(8) Financial liabilities

Financial liabilities are recognized initially at fair value less any directly attributable transaction costs. These are subsequently carried at amortized cost using the effective interest method or fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(9) Trade payables

Trade payables represent liabilities for goods and services provided to the Company prior to the end of financial year and which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period or not paid/ payable within operating cycle. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

(10) Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan.

Borrowings are classified as current liabilities

unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the Company does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(11) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of Company after deducting all of its liabilities. Equity instruments are recognized at the proceeds received, net of direct issue costs.

(12) Derecognition of financial instrument

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(13) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(14) Financial guarantee

Financial guarantee contracts issued by the entities are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of IND AS 109 and the amount recognized less cumulative amortization.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(xix) Non-current assets held for sale/ distribution to owners and discontinued operations

The Company classifies non-current assets (or disposal groups) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Held for sale is classified only if the asset (or disposal group) is available for immediate sale in its present condition subject only to the terms that are usual and customary for sale for such assets (or disposal group) and its sale is highly probable i.e. management is committed to sale, which is expected to be completed within the period of contract, as may have been extended by the term of the contract or otherwise. Sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. Non-current assets (or disposal group) that is to be abandoned are not classified as held for sale. Non-current assets held for sale and disposal groups are measured at cost as the fair value is not available with the Company the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Interest and other expenses attributable to the liabilities of a disposal group classified as 'held for sale' will continue to be recognized.

Non-current asset (or disposal group) is reclassified from 'held to sale' if the criteria are no longer met and measured at lower of:

- (i) Its carrying amount before the asset (or Disposal group) was classified as held for sale, adjusted for any depreciation, amortization or revaluations that would have been recognized had the asset (or disposal group) not been classified as held for sale; and
- (ii) Its recoverable amount at the date of the subsequent decision not to sell.

Any adjustment to the carrying amount of a non-current asset that ceases to be classified as held for sale is charged to profit or loss from continuing operations in the period in which criteria are no longer met.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed-off, or is classified as held for sale, and:

- (i) represents a separate major line of business or geographical area of operations;
- (ii) is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or
- (iii) is a subsidiary acquired exclusively with a view to re-sell.

38. GOING CONCERN

The Company has incurred losses in the current and previous years. The Company has huge challenges in meeting its operational obligations, current liabilities including outstanding dues to the statutory authorities, Bank Loans and Public Deposits. The Board of Directors of the Company, as appointed by the Union of India with the approval of Hon'ble Supreme Court, is in the process of estimating the contractual liabilities and the final outcome of contingent liabilities from the realizable value of available assets at the contracted value in the current form, which is an on-going activity.

In compliance of the directions of the Hon'ble Supreme Court, as contained in its order dated 20th January 2020, the newly appointed Board of Directors has already stated its position in the Resolution Framework submitted in the Hon'ble Supreme Court on 15.07.2020, followed by updated versions submitted before the Hon'ble Supreme Court on 05.02.2021 and 08.08.2022, vide which the Hon'ble Supreme Court has been requested to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities. Apart from the mandate of completion of various projects and handing over the completed units to the Homebuyers, the Government appointed Board of Directors has taken a comprehensive view of all pending and other projects and made proposals qua other issues which have a bearing on the Company operating as a going concern. These include various other liabilities and suggested a road map for addressing the same. Though the Hon'ble Supreme Court has yet to take decisions in principle on these issues, clear messages have been given on issues like treatment of refunds to Homebuyers and resultant units becoming a part of the unsold inventory of Unitech, the FD holders being released only the principal amounts of their FDs, and so on and so forth. Even in the case of Noida and Greater Noida Authorities, the Hon'ble Court has deferred the issue of determination of their outstanding dues after hearing the new management and the authorities. As regards the dues of secured creditors, it is important to keep in view that they are having rights over land assets mortgaged to them, the monetization of which in due course should help in meeting a considerable part of their dues. The reasons for opting against the winding up of the Company or its reference under IBC have also been explained in the application filed with the Resolution Framework. Pending a final decision of the Hon'ble Supreme Court, the Financial Statements have, accordingly, been drawn on an on-going basis.

BASIS FOR DISCLAIMER OF OPINION

We conducted our audit of the Consolidated Financial Statements in accordance with standard on auditing

specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibility for the audit of the Consolidated Financial statements section of our report. We are independent of the Holding company in accordance with the Code of Ethics issued by the institute of Chartered Accountant of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfil our ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. Because of the significance of the matters described below we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion

We draw your attention to the following matters:

- (i) A) We draw attention to Note no. 69 of the audited Consolidated Financial Statements, we did not audit the Financial Statements of 218 subsidiaries (including foreign subsidiaries) included in the audited Consolidated Financial Statements, whose unaudited financial Statements reflects total assets of Rs. 26520,15.32 Lakhs (63.16 % of consolidates assets), total revenue of Rs. 322,85.46 Lakhs (37.36 % of consolidates revenue), net loss after tax of Rs. 1244,47.08 Lakhs (67.31 % of consolidates loss after tax) and total comprehensive loss of Rs.1244,66.54 Lakhs (67.31% of consolidates total comprehensive loss) for the year ended 31st March, 2024. For the purpose of consolidation, management has considered unaudited accounts available with them for these subsidiaries. In case of 32 foreign subsidiaries, the management has incorporated the last available financial information.
- B) No financials statements of 17 joint ventures and 4 associates for year ended 31st March 2024 are available with the holding company and accordingly the same have not been considered for consolidation. In accordance with the provisions of Indian Accounting Standard 110 Consolidated Financial Statements, the same are required to be Consolidated in the Financial Statements.
- C) Pursuant to regulation 33(3)(h) of the Listing Obligations and Disclosure Requirements of Securities and Exchange Board of India, the holding company shall ensure that, for the purposes of annually Consolidated Financial statements, at least 80% of each of the consolidated revenue, assets and profits, respectively, shall have been subject to audit or in case of unaudited statements, subjected to limited review. The Consolidated Financial statements of the holding company

INDEPENDENT AUDITORS' REPORT

consist of 37.36% of the consolidated revenue, 64.50% of the consolidated assets and 67.31% of the consolidated loss that have been audited by auditors of holding company. Accordingly, the holding company is in noncompliance of the requirements of Listing Obligations and Disclosure Requirements of Securities and Exchange Board of India.

In view of the above, we are unable to express an opinion on this matter.

(ii) We draw attention to Note no. 55 of the audited Consolidated Financial Statement, which have made references to the Resolution Framework (RF) for Unitech group. The company has requested the Hon'ble Supreme Court to grant some concessions and reliefs so that the company is able to fulfil its obligations towards the construction of the projects and meet other liabilities. Since the RF has not yet been approved by the Hon'ble Supreme Court, the impact of the proposed reliefs, concessions etc. have not been considered in the books of accounts.

(iii) Material uncertainty related to going concern

We draw attention to Note no. 42 of the Consolidated Financial Statements wherein the management has represented that the Consolidated Financial Statements have been prepared on a going concern basis, notwithstanding the fact that the Holding Company has eroded its net worth and has incurred losses, both in the current and previous year, and has challenges in meeting its obligations, servicing its current liabilities including bank loans and public deposits. The Holding Company also has various litigation matters which are pending before different forums, and further, various projects of the Company have stalled/ slowed down.

In compliance of the directions of the Hon'ble Supreme Court, as contained in court's order dated 20th January 2020, the appointed Board of Directors has requested the ho'nble Supreme Court to grant certain concessions and reliefs so that the Holding Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities.

These conditions indicate the existence of material uncertainty that may cast significant doubt about Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Holding Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring

various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats.

Considering the above, we are unable to express an opinion on this matter

(iv) The Management of the Group Companies has not conducted any impairment assessment for the investments made by the erstwhile management in joint venture and associates having aggregate carrying value of Rs. 458,75.35 lakhs, despite of strong indicators existing for impairment assessment, as required by Ind AS 36, 'Impairment of Assets'. In view of non-existence of any impairment study, we are unable to conclude upon the adjustments, if any, that may be required to the carrying value of these investments and its consequential impact on the Unaudited Consolidated Financial Statements s. (refer Note 6 of the Consolidated Financial Statements)

(v) We have not been provided with sufficient evidence about the recognition of fair value of the estimated loss allowance on loans given by erstwhile management to joint ventures and associates amounting to Rs. 83,81.00 lakhs and trade receivables from joint ventures and associates amounting to Rs. 18,68.59 lakhs as required by Ind AS 109, 'Financial Instruments'. (vi) We draw attention to note 50 (v) of Consolidated Financial Statement which contains details of corporate and bank guarantees issued by the erstwhile management for its joint ventures. We are therefore unable to express an opinion on the fair value of estimated loss allowance on corporate and bank guarantee.

(vii) The Management of the Group Companies has not conducted any impairment assessment for the investments made and advances given for purchase of land by the erstwhile management in unrelated companies / entities having aggregate carrying value of Rs. 483,57.46 lakhs and Rs. 785,46.62 lakhs respectively, despite of strong indicators existing for impairment assessment, as required by Ind AS

INDEPENDENT AUDITORS' REPORT

36, 'Impairment of Assets'. In view of non-existence of any impairment study, we are unable to conclude upon the adjustments, if any, that may be required to the carrying value of these investments and its consequential impact on the Unaudited Consolidated Financial Statements s. (refer Note 6, 11 and 59) of the Consolidated Financial Statement)

(viii) We have not been provided with sufficient evidence about the recognition of fair value of the estimated loss allowance on loans given by erstwhile management to unrelated companies / entities amounting to Rs. 76,30.73 lakhs, trade receivables amounting Rs 662,95.32 lakhs, inter corporate deposit amounting to Rs. 247,98.45 lakhs and security deposits given amounting Rs. 206,92.64 lakhs, as required by Ind AS 109, 'Financial Instruments'. In absence thereof, we are unable to comment upon the appropriateness of the carrying value of goodwill and its consequential impact on the audited Consolidated Financial Statements s. (refer Note 79 of the Consolidated Financial Statement)

Further, non-controlling interest includes gain of Rs. 114,70.61 lakhs for which no underlying documents were made available to us. It was explained to us that this was pertaining to the period of erstwhile management. In absence of proper explanation and underlying documents, we are unable to comment upon the correctness of non-controlling interest and aggregate losses of the group.

(x) Balance of amounts due to / from trade receivables, trade payables, bank balances, borrowings, advance received from customers, advance to suppliers, security deposits, other loans and advances, advance for purchase of land, inter corporate deposits and other assets are pending for reconciliation / confirmation. The overall impact of the above and the consequential impact of same on Consolidated Financial Statements s are not ascertainable and can not be concluded upon. (refer Note 70 of the Consolidated Financial Statement)

(xi) Amount recoverable from GNIDA amounting

Rs.1,83,39.80 lakhs is subject to confirmation / reconciliation. In view of absence of the reconciliation, we are unable to conclude on the consequential impact of same on Consolidated Financial Statements s (refer note no 60 of Consolidated Financial Statements).

(xii) Variation of Rs. 934.15 lakhs has been observed between balance lying with Supreme Court registry and books of accounts and the same is under reconciliation. In view of absence of the reconciliation, we are unable to conclude on the consequential impact of same on Consolidated Financial Statements s. (refer Note 74) of the Consolidated Financial Statements)

(xiii) Refer note 50 of Consolidated Financial Statement: -

A) Statutory dues, in the books of holding company, related to Income-tax Act, 1962 amounting Rs. 102,46.88 lakhs, Professional Tax amounting Rs. 0.59 Lakhs, Employees Provident Funds and Miscellaneous Provisions Act, 1952 amounting to Rs. 24,42.87 lakhs pertaining to the period of erstwhile management, are unpaid since long. In view of non-payment of statutory dues, possibility of levies, some penalties by the respective departments cannot be ruled out. On account of the above, we are unable to conclude on the consequential impact of same on Consolidated Financial Statements s. (refer Note 50 of the Consolidated Financial Statements)

B) In certain cases, we observed that Tax Deducted at Source (TDS) has not been deducted on estimated liability created by the Holding Company based on memorandum statement of accounts received from lenders other than banks. Same is in contravention of the provisions of chapter XVII of Income-tax Act, 1961 which mandates deduction of tax at source at earlier of booking or payment.

C) Input credit receivable (GST), in the books of Holding Company, of Rs. 61,40.53 lakhs is subject to reconciliation with the balance of input credit claimable from GST department (in GST portal). In view of absence of the reconciliation, we are unable to conclude on the consequential impact of same on Consolidated Financial Statements.

(xiv) In view of the instances of noncompliance by the Holding Company with certain debt covenants including interest & principal repayment defaults, we would like to draw attention to the fact that the Holding Company has not obtained the balance confirmations on loans from lenders (including non-convertible debentures) amounting to Rs. 9337,02.50 lakhs (including interest accrued of Rs 5930,97.85 lakhs). INDEPENDENT AUDITORS' REPORT

these amounts reflected in the Consolidated Financial statement and also on their consequential impact including potential tax liabilities. (Refer note no. 54 of the Consolidated Financial Statements)

(xv) Non-compliance of provisions of Indian Accounting Standards "IND AS" as prescribed under Section 133 of the Companies Act, 2013: -

a) Revenue from real estate projects (IND AS 115)

We draw attention to Note no. 1.2 (l)(i) of the Consolidated Financial Statements, stating that the Group Companies is accounting for revenue under real estate projects using percentage of completion method (POCM) with an understanding that performance obligations are satisfied over time whereas, the terms of the agreements entered by the group Companies with buyers of the property does not satisfy the conditions specified in paragraph 35 of Indian Accounting Standard 115 "revenue from contracts with customers" in all the cases.

b) We draw attention to Note no. 65 of the Unaudited Consolidated Financial Statements s, the Holding Company has accounted for its investment in one of its subsidiary M/s Unitech Power Transmission Limited, as non-current assets held for sale. Cost of investment as on 31st March, 2024 is Rs. 42,26.26 lakhs.

Non determination of fair value for asset held on sale, as on the date of reporting, is not in compliance with the provisions of Indian Accounting Standard 105 "Non-Current Assets Held for Sale and Discontinued Operations". Accordingly, we are unable to comment upon the consequential impact, if any, on the carrying value of the asset held for sale and on the reported loss in the Consolidated financial Statements s.

c) Inventory and project in progress.

1) The Holding Company has not conducted any assessment of net realisable value of the inventory amounting Rs. 625,17.96 lakhs which is required as required in paragraph 9 of Indian Accounting Standard 2 "inventories".

2) Reconciliation of sub-ledger records for advance received from homebuyers and trade receivables is in progress. In view of absence of the reconciliation, we are unable to conclude on the consequential impact of same on Consolidated Financial Results.

3) Project wise breakup of expenditure incurred on project covered under "project in progress on which revenue is not recognized" not made

available to us by the Holding Company. Hence, we are unable to comment upon the accuracy of the amount disclosed thereunder. Also, aggregate figure of net revenue accounted for as per financial books does not reconcile with the consolidated figure of project wise working of revenue recognition under percentage of completion method.

4) We draw attention to note no. 17 of the Consolidated Financial Statements 'Other Current Assets' which include 'Amount Recoverable from Project in Progress (on which revenue is Recognized)' wherein no underlying documents for Rs. 107,08.78 lakhs, recognised as profit on sold property by erstwhile management, of the Holding Company, is available for verification. In absence of the same, we are unable to comment on the correctness of the profit recognised on sold property.

In absence thereof, we are unable to comment upon the discrepancies if any and its consequential impact thereof. (refer Note 10 and 17) of the Consolidated Financial Statements)

(xvi) We draw attention to Note no. 57 of the Consolidated Financial Statements in respect of default in repayment of public deposits accepted by erstwhile management of Holding Company. As per the financial books, principal amount of deposit accepted for Rs. 534,87.75 lakhs is overdue for repayment. The Company has not created any provision for interest payable during the year amounting Rs. 6526.69 lakhs (accumulated unaccounted interest is Rs. 483,22.14 lakhs). In our opinion, losses of the Holding Company and value of public deposits are understated to extent of Rs. 48322.14 lakhs.

(xvii) The Holding Company has conducted physical verification of its property plant and equipment and the reconciliation of the same with books of accounts is in progress. In absence of the reconciliation, we are unable to comment on the discrepancy between book record and physical counts, if any and its consequential impact of the Consolidated financial Statements. (refer Note 2 of the Consolidated Financial Statement)

(xviii) We draw attention to note 50 of Consolidated financial results which states that the Holding Company has 2,456 litigation pending in Hon'ble Supreme Court of India. Based on the explanation provided by the Holding Company, considering the number of litigations pending, it is not possible for the Holding Company to compute the possible impact of the same. In view of above, we are unable to express an opinion on the accounting of potential liability on account of pending case and completeness of disclosure of contingent liability made by the group in the consolidated financial

KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. As all material items are already described as a matter in the "Basis of Disclaimer of Opinion" para, there are no items which can be reported as key audit matters to be communicated separately.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's management and board of directors are responsible for the other information. The other information comprises the information included in Annual Report but does not include the Consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit report of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and if required issue a revised Audit report on Consolidated Financial Statements.

RESPONSIBILITY OF MANAGEMENT FOR CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in sub-section 5 of Section 134 of the Companies Act, 2013 ("the Act") for the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Holding Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.

The respective board of directors of the Group, its associates and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Holding Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

INDEPENDENT AUDITORS' REPORT

In preparing the Consolidated Financial Statements, respective board of directors of the Group, its associates and joint ventures are responsible for assessing the Holding Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the company or to cease operation, or has no realistic alternative but to do so.

The respective board of directors of Group and its associates and joint ventures are also responsible for overseeing the Group and its associates and joint venture's financial reporting process.

AUDITORS' RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for explaining our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures

made by management;

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Holding Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Holding Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Emphasis of Matter:

We draw attention to Note no. 53 of the accompanying unaudited Consolidated Financial Statements which describes that the audited financial statements for the year ended 31st March 2023 have not been adopted in the Annual General Meeting held on 29th September 2023.

Our opinion is not modified in respect of this matter.

ANNEXURE - A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in clause (f) of paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Unitech Limited ("the Holding Company") (in which are incorporated the Returns for the year ended on that date which are not yet audited by the branch auditor of the Company's branch office at Libya.) and its Subsidiaries (collectively referred to as "the Group"), and its associates and joint ventures as of 31st March, 2024 in conjunction with our audit of the Consolidated Financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("The ICAI"). Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected

depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial statements, whether due to fraud or error.

Because of the matter described in Disclaimer of Opinion paragraph below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls system over financial reporting of the Holding Company.

Matter 3		
1	<u>Details of Audit Qualifications:-</u>	
	Material uncertainty related to going concern The management has represented that the Consolidated Financial Results have been prepared on a going concern basis, notwithstanding the fact that the Holding Company has eroded its net worth and has incurred losses, both in the current and previous year, and has challenges in meeting its obligations, servicing its current liabilities including bank loans and public deposits. The Holding Company also has various litigation matters which are pending before different forums, and further, various projects of the Holding Company have stalled/ slowed down. In compliance of the directions of the Hon'ble Supreme Court, as contained in court's order dated 20th January 2020, the appointed Board of Directors has requested the hon'ble Supreme Court to grant certain concessions and reliefs so that the Holding Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities. These conditions indicate the existence of material uncertainty that may cast significant doubt about Company's ability to continue as a going concern. The appropriateness of assumption of going concern is critically dependent upon the Company's ability to raise finance and generate cash flows in future to meet its obligations, and also on the final decision of the Hon'ble Supreme Court on the Resolution Framework. Also, the Board of Directors are exploring various possible options for completion of ongoing projects and are trying to generate additional possible revenues by construction of new flats. Considering the above, we are unable to express an opinion on this matter.

	(ii) If management is unable to estimate the impact, reasons for the same:	
	The Management has already stated its position in the Resolution Framework submitted in the Hon'ble Supreme Court on 15.07.2020, followed by updated versions submitted on 05.02.2021 and on 08.08.2022, wherein the Hon'ble Supreme Court has been prayed to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of projects and meet other liabilities.	
	The reasons for opting against winding up the Company or its reference under IBC have fully been explained in the application filed for submission of the Resolution Framework. The Management is hopeful that as per mandate given by Hon'ble Supreme Court, the company would be able to generate sufficient funds to complete the projects as per timelines notified in the award of contracts and, accordingly, no material uncertainty exists in the Company continuing as a going concern. As such, expressing doubts about the Company as an ongoing concern is rather pre-mature at this stage.

	The matter regarding investment in Carnoustie Management Pvt Ltd (CMPL) and CIG is under investigations by the Investigating Agencies and the Enforcement Directorate (ED) has issued various attachment orders. The Management has included the transactions with CMPL and CIG as avoidable in the Resolution Framework submitted before the Hon'ble Supreme Court. However, the Management would initiate and follow-up on this exercise keeping the Statutory Auditors in loop with respect to the outstanding balances as on 31.03.2024. In view of non-payment of statutory dues, possibility of levies, some penalties by the respective departments cannot be ruled out. On account of the above, we are unable to conclude on the consequential impact of same on Consolidated financial results.	
	B) In certain cases, we observed that Tax Deducted at Source (TDS) has not been deducted on estimated liability created by the Holding Company based on memorandum statement of accounts received from lenders other than banks. Same is in contravention of the provisions of chapter XVII of Income-tax Act, 1961 which mandates deduction of tax at source at earlier of booking or payment.

	<p>(A) (a) The Government appointed Board of Directors has already submitted its Resolution Framework (RF) before the Hon'ble Supreme Court on 16.07.2020, followed by updated versions dated 02.05.2021 and 08.08.2022, wherein the Company has sought various reliefs on account of penalties, interest liabilities etc., among others, due to be paid by the company to the Statutory Authorities, Banks, Financial Institutions etc.</p> <p>(b) Since a definitive view on various reliefs sought in the RF is yet to be taken by the Hon'ble Supreme Court, it is not feasible at this stage to assess the overall impact of its outstanding statutory liabilities.</p> <p>(c) The New Management is committed to make the company compliant in terms of various provisions contained in the Companies Act 2013 and other related Acts, Rules, Regulations etc.</p>
	<p>(B) The Management has taken an independent opinion on Tax Deduction at Source (TDS) on estimated liability created by the Company based on memorandum statement of accounts received from lenders other than banks. The opinion given by the Expert is on the following lines:</p> <p>Query</p> <p>(i) Whether TDS under section 194 A of Income Tax Act, 1961 (TDS deduction on Interest payments to residents), should be deducted or not on interest on Inter Corporate Deposits/ Additional Term Loan facilities availed by Unitech Limited from Financial Institutions/ ARCs which are Non-Performing Assets as declared by Financial Institutions/ ARCs as per the RBI Guidelines.</p> <p>Reply</p> <p>(ii) It is opined that the interest on NPA accounts are not falling in the definition of income and income tax is not payable on such amounts and no constructive credit can be said to be payable to NBFCs and ARCs as the realization of the interest and principal component will depend upon the restructuring or settlement of loan accounts. The company is providing unpaid interest in its books of account to satisfy the requirements of accounting standards as prescribed by Companies Act, 2013.</p> <p>Thus, TDS under section 194 A of Income Tax Act, 1961, in respect of aforesaid amounts, should not be deducted.</p> <p>However, the Company is providing unpaid interest in its books of accounts in order to remain compliant with requirements of the Accounting Standards, as prescribed by Companies Act and not deducting TDS on the provision of interest.</p>
	<p>(C) Due to various litigations, notices from GST Department, non-availability of old data/ records and non-compliances during the period of erstwhile management, cancellations and restorations of various GST Numbers and other complex issues, there are serious difficulties in completing the reconciliation process. Despite various challenges, it is planned to complete the Reconciliation Process during FY 2024-25.</p>

	<p>(A) (a) The Company recognizes revenue over time if one of the following criteria of Paragraph 35 of Ind AS 115 is met, particularly 35 (c), 36 and 37, as given below:</p> <p>(i) Paragraph 35(c): the entity’s performance does not create an asset with an alternative use to the entity (paragraph 36) and the entity has an enforceable right to payment for performance completed to date (paragraph 37).</p> <p>(ii) Paragraph 36: An asset created by an entity’s performance does not have an alternative use to an entity if the entity is either restricted contractually from readily directing the asset for another use during the creation or enhancement of that asset or limited practically from readily directing the asset in its completed state for another use. The assessment of whether an asset has an alternative use to the entity is made at contract inception.</p> <p>After contract inception, an entity shall not update the assessment of the alternative use of an asset unless the parties to the contract the contract approve a contract modification that substantively changes the performance obligation.</p>				
	<p>(iii) Paragraph 37: - An entity shall consider the terms of the contract, as well as any laws that apply to the contract, when evaluating whether it has an enforceable right to payment for performance completed to date in accordance with paragraph 35(c).</p> <p>The right to payment for performance completed to date does not need to be for a fixed amount. However, at all times throughout the duration of the contract, the entity must be entitled to an amount that at least compensates the entity for performance completed to date if the contract is terminated by the customer or another party for reasons other than the entity’s failure to perform as promised.</p>				
	<p>(A) (b) Following points are also considered by the company at the time of Revenue Recognition of revenue under POCM:</p> <p>(i) The company has an enforceable right to claim the payment from Customer for performance completed which has been agreed by customers in the Agreements to Sell (Builders-Buyer Agreements).</p> <p>(ii) The Company cannot change or substitute the residential/ commercial unit specified in the Builder-Buyer Agreement (“The contract”) entered with the customer, and thus the customer could enforce his/her rights to the residential/ commercial unit if the Company sought to direct the asset for another use. In the opinion of the Management of the Company, the contractual restriction is substantive, and the real estate unit does not have alternative use to the Company.</p>				

	<p>(iii) Further, the Company has the right to claim the installments of the Residential/ Commercial properties from the buyers based on the milestones given in Builder Buyers Agreement and in case of defaults by the customers, said unit is not freely transferrable to another customer. The unit is not available for alternate use of the Company until cancelled.</p> <p>(iv) In certain cases, buyers of the property have availed bank finance against the property purchased by them and the Company has entered into the "Tripartite Agreement". Under this arrangement, the Company has given all original documents to the Bank. It indicates that the Company is not having any alternate use of property sold to the buyer and the buyers have full right over the property purchased from the Company till time, the buyers commit any breach towards the bank and /or does not repay its dues to Bank in full or in part and/or buyers commit breach of agreement with the Company.</p>
	<p>(A) (c) Customer i.e. buyer of the unit is the beneficial owner of the unit purchased from the Company and is entitled to avail the loan from Banks. 1.2 Basis of preparation, measurement and material accounting policy information

(a) Basis of presentation

Compliance with Indian Accounting Standards (Ind AS)

- (i) The Holding Company and its Subsidiaries included in the Group ("Group" has been defined under "Principles of Consolidation" herein below) have adopted accounting policies that comply with Indian Accounting Standards (IND AS) notified by the Ministry of Corporate Affairs, vide notification dated 16 February 2015, under section 133 of the Companies Act, 2013. The Holding Company has adopted "IND AS 115, Revenue from Contract with Customers" with effect from 1st April, 2018 which has been detailed in Significant Accounting Policy No. XII below. While applying the new Standards, the Holding Company has applied the modified retrospective approach to such contracts with customers where the Holding Company has not commenced delivery of housing units as yet and, accordingly, adjusted and re-stated the comparatives, as per performance obligations satisfied over a period of time (Percentage of Completion Method).
- (ii) These Financial Statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as notified by Ministry of Corporate Affairs (MCA) under section 133 of the Companies Act, 2013, read with Companies (Indian Accounting Standards) Rules as amended from time to time.
- (iii) The Group's Financial Statements have been prepared in accordance with the prescribed IND AS. The preparation of the Group's Financial Statements in conformity with Indian Accounting Standard (IND AS) requires the Group to exercise its judgment in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements. These estimates and assumptions are assessed on an ongoing basis and are based on past experience and relevant factors, including expectations of future events that are believed to be

reasonable under the circumstances and presented under the historical cost convention on accrual basis of accounting. Accounting policies have been applied consistently to all periods presented in these consolidated Financial Statements.

- (iv) All assets and liabilities have been classified as current or non-current as per the operating cycle of the Holding Company as per the general Instructions for preparation of Balance Sheet and Profit and Loss of a Company set out in Schedule III to the Companies Act, 2013.

Principles of Consolidation

The Consolidated Financial Statements (CFS) relate to Holding Company and its subsidiaries (Group) described in "Details of Subsidiaries" in Note-62 and Note-80 below. In the preparation of the CFS, investments in Subsidiaries, Associates and Joint Ventures are accounted for in accordance with the requirements of Ind AS 110 (Consolidated Financial Statements) and Ind AS 28 (Investments in Associates and Joint Ventures) notified under section 133 of the Companies Act, 2013.

Investment in Subsidiaries

- (i) The Consolidated Financial Statements incorporate the Financial Statements of the Holding Company and its subsidiaries (including structured entities) controlled by the Holding Company and its subsidiaries. Control is achieved when the Holding Company:
 - (a) has power over the investee;
 - (b) is exposed, or has rights, to variable returns from its involvement with the investee; and
 - (c) has the ability to use its power to affect its returns.
- (ii) The Holding Company re-assesses whether or not it controls an investee if facts and circumstances indicate there are changes to one or more of the three elements of control listed above.
- (iii) When the Holding Company has less than a majority of the voting rights of an investee, it has power over investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Holding Company considers all relevant facts and circumstances assessing whether or not the Holding Company's voting rights in an investee are sufficient to give it power including:
 - (a) The contractual arrangement with the other vote holders of the investee;
 - (b) Rights arising from other contractual arrangements;
 - (c) Group's voting rights and potential voting rights; and
 - (d) The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

- (iv) Consolidation of a Subsidiary begins when the Holding Company obtains control over the Subsidiary and ceases when the Holding Company loses control thereof. Specifically, income and expenses of a Subsidiary acquired or disposed of during the year are included in the Consolidated Statement of Profit and Loss from the date the Holding Company gains control until the date when the Holding Company ceases to control the Subsidiary.
- (v) The CFS is prepared on the following basis:
 - (a) Combining items of assets, liabilities, equity, income, expenses and cash flows of the Holding Company with those of its Subsidiaries on a line-by-line basis.
 - (b) Eliminating in full intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group.
 - (c) Offsetting (eliminating) the carrying amount of Holding Company's investment in each Subsidiary (directly or indirectly) and the Holding Company's portion of equity of each Subsidiary.
 - (d) Profit or Loss and each component of other comprehensive income are attributed to the Holding Company and to the non-controlling interests. Total comprehensive income of Subsidiaries attributed to the Holding Company and to the non-controlling interests even if this results in non-controlling interests having a deficit balance.
 - (e) Necessary adjustments are made to the Financial Statements of Subsidiaries to bring accounting policies into line with the Group's accounting policies.
 - (f) The Holding Company presents non-controlling interests in the Consolidated Balance Sheet within equity, separately from the equity of the Holding Company. Changes in a Holding Company's ownership interest in a Subsidiary that do not result in the Holding Company losing control of the Subsidiary are considered as equity transactions.
 - (g) As far as possible, the CFS are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Holding Company's separate Financial Statements, where it is not practical to use uniform accounting policies, adjustments are made to the Financial Statements of Subsidiaries to bring accounting policies into line with the Group's accounting policies.
 - (h) The Financial Statements of the Group entities used for the purpose of consolidation are drawn up to the same reporting date as that of the Holding Company.

Investments in Joint Ventures & Associates

- (i) An Associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not in a position to control or have joint control over those policies.
- (ii) A Joint Venture is a joint arrangement whereby the parties that have joint control have rights to the net assets of the joint arrangement. Joint control is the contractually-agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.
- (iii) The results and assets and liabilities of Associates or Joint Ventures are incorporated in these Consolidated Financial Statements using the equity method of accounting. Under the equity method, an investment in an Associate or a Joint Venture is initially recognized in the Consolidated Balance Sheet at cost and adjusted thereafter to recognize the Group's share of the Profit or Loss and other comprehensive income of the Associate or Joint Venture. When the Group's share of losses of an Associate or a Joint Venture exceeds the Group's interest in that Associate or Joint Venture, the Group discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on their behalf.
- (iv) On acquisition of the investment in an Associate or a Joint Venture, any excess of the cost of the investment over the Group's share of the Net Fair Value of the identifiable assets and liabilities of the investee is recognized as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the Net Fair Value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognized directly in equity as capital reserve during the period in which the investment is acquired.
- (v) When there is any objective evidence of impairment, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with IND AS 36 'Impairment of Assets' as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognized forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognized in accordance with IND AS 36 to the extent that the recoverable amount of the investment subsequently increases.
- (vi) The Group discontinues the use of the equity method from the date when the investment ceases to be an Associate or a Joint Venture, or when the investment is classified as held for sale. When the investment becomes a Subsidiary, the Group accounts for its

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

investment in accordance with IND AS 103 'Business Combination'. When the Group retains an interest in the former Associate or Joint Venture and the retained interest is a financial asset, the Group measures it at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with IND AS 109. The difference between the carrying amount of the Associate or Joint Venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest is included in the determination of the gain or loss on disposal of the Associate or Joint Venture.

(b) Use of estimates

The preparation of Financial Statements in conformity with generally accepted accounting principles requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the Financial Statements and the result of operations during the reporting period. Although these estimates are based upon Management's best knowledge of current events and actions, actual results could differ from these estimates. Significant estimates used by the Management in the preparation of these Financial Statements include project revenue, project cost, saleable area, economic useful lives of fixed assets, accrual of allowance for bad and doubtful receivables, loans and advances and current and deferred taxes. Any revision to accounting estimates is recognized prospectively in accordance with applicable Accounting Standards.

Significant Management judgments

Recognition of Deferred Tax Assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires determination of cash generating units and assessment of several external and internal factors, which could result in deterioration of recoverable amount of assets.

Impairment of financial assets – At each Balance Sheet date, based on historical default rates observed over expected life, the Management assesses the expected credit loss on outstanding financial assets.

Provisions – At each Balance Sheet date based on the Management's judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgment.

Significant estimates

Revenue and Inventories – Inventory recognition requires forecasts to be made of the total Real Estate Development costs with the outcomes of underlying construction and service contracts which require assessment and

judgment to be made on changes in scope of work, claim (compensation, rebates, etc.) and other payments to the extent they are probable and they are capable of being reliably measured.

Useful lives of depreciable/ amortizable assets – Management reviews its estimate of the useful lives of depreciable/ amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of the assets.

Defined Benefit Obligations (DBO) – Management's estimates of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair market value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

(c) Property, plant and equipment & depreciation

Transition to Ind AS

The Company has elected to use a previous GAAP cost (cost (-) accumulated depreciation and impairment losses (if any)) of an item of property, plant and equipment at, or before, the date of transition to Ind AS as deemed cost at the date of transition in accordance with option provided under Ind AS 101.

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The initial cost of PPE is the cost of acquisition or construction, inclusive of freight, erection & commissioning charges and any directly attributable costs of bringing an asset to working condition and location for its intended use, including borrowing costs relating to the qualified asset over the period up to the date the asset is ready to commence commercial production. The carrying amount of a PPE is de-recognized when no future economic benefits are expected from its use or on disposal.

The Property, plant and equipment are subsequently measured at cost net of accumulated depreciation and accumulated impairment losses, if any. Depreciation on property, plant and equipment is provided on a straight-line basis over the estimated useful lives of the assets, as prescribed in Part C of Schedule II of the Companies Act, 2013.

The PPE acquired under finance leases, if any, is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term, if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term. Freehold land is not depreciated. Borrowing costs relating to acquisition of PPE which takes substantial period of time to get ready for its intended use are also included to the extent they

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

relate to the period till such assets are ready to be put to use. Depreciation on PPE is provided based on useful lives of the assets assigned to each asset in accordance with Schedule II to the Companies Act, 2013 on straight-line method. Fixtures and lease hold improvements installed in leased buildings are amortized over the initial period of lease.

(d) Capital work-in-progress and intangible assets under development

Capital work-in-progress and intangible assets under development represents expenditure incurred in respect of capital projects/ intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes land, related acquisition expenses, development/ construction costs, borrowing costs and other direct expenditure.

(e) Intangibles and amortization

Intangible assets are recognized when it is probable that future economic benefits that are attributable to asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets (acquired or developed in-house) are measured on initial recognition at cost. The cost of an intangible asset includes purchase cost (net of rebates and discounts), including any import duties and non-refundable taxes, and any directly attributable costs on making the asset ready for its intended use. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs which meet capitalization criteria, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred. Cost of software is amortized over a period of 05 years, being the estimated useful life as per the Management's estimates.

(f) Impairment of assets

The amortization period and method are reviewed at least at each financial year-end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Management at each Balance Sheet date assesses using external and/ or internal sources whether there is an indication that an asset or group of assets or a cash generating unit as the case may be, may become impaired. Impairment exists where the carrying amount exceeds the fair market value of the asset, represented by the present value of future cash flows expected to arise from the continuing use of the asset and its realizable value. The impairment loss (if any) is charged off to statement of profit and loss.

An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use. Gains and losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the statement of profit and loss when the asset is de-recognized or on disposal.

(g) Lease accounting

At the inception of a contract, the Company assesses whether a contract is or contains a lease agreement or a contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an asset the Company assesses whether:

- (i) The contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represents substantially all of the capability of a physical distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- (ii) The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- (iii) The Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changes how and for what purpose the asset is used.

Company as a lessee

(i) Right of use Asset

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

(ii) Lease Liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

(iii) Short-term lease and leases of low-value assets

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right of use relates. A class of underlying asset is a grouping

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

of underlying assets of a similar nature and use in Company's operations. The election for leases for which the underlying asset is of low value can be made on a lease-by-lease basis.

Company as a lessor

Leases in which the Company does not substantially transfer all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred by lessors in negotiating and arranging an operating lease shall be added to the carrying amount of the leased asset and recognized as an expense over the lease term on the same basis as the lease income. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee.

(h) Investment property

(i) Recognition and initial measurement

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. On transition to IND AS, the Company had elected to measure all of its investment properties at the previous GAAP carrying value (deemed cost). The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

(ii) Subsequent measurement (depreciation and useful lives)

Investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation on investment properties is provided on the straight-line method over the useful lives of the assets as follows:

Asset Category	Useful life (in years)	Estimated useful life as per Schedule II to the Companies Act, 2013 (in years)
Land & Building	60	60

The Company, based on technical assessment made by technical expert and/or Management estimate, depreciates certain items of building,

plant and equipment over estimated useful lives, which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying valuation model acceptable internationally.

(iii) De-recognition

Investment properties are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefits expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of profit or loss in the period of de-recognition.

(i) Inventories

(i) The cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Inventories are valued at cost or net realizable value, whichever is lower on the basis of first in first out method, average cost method or specific identification; as the case may be.

(ii) Finished stock of completed real estate projects, land and land development rights are valued at lower of cost or net realizable value on the basis of actual identified units.

(j) Projects in progress

Projects in progress disclosed as at reporting date in respect of Real Estate Development and related activities includes aggregate amount of project costs incurred and recognized profit (less recognized losses) including unbilled revenue and project costs that relate to future activity on the contract where it is probable that these costs will be recovered in future up to the reporting date less amount received from customers, for all projects.

Project costs include cost of land, land development rights, construction costs, job work, allocated borrowing costs and other incidental costs including the cost of any delayed penalty, already committed to the customers that are attributable to project and such other costs as are specifically chargeable to the customer being costs incurred upto the reporting date.

Unbilled revenue represents revenue recognized on percentage of completion method to the extent not billed to customers as per contractual payment plan/ milestones. The application of IND AS 115 has impact

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

on Projects in Progress and must be read along with 'Significant accounting policy no. XII below.

(k) Borrowing Costs

Borrowing cost relating to acquisition/construction development of qualifying assets of the Company are not capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is the one that necessarily takes substantial period of time to get ready for its intended use/sale. Borrowing cost that are attributable to the project in progress and qualifying land advances as well as any capital work in progress are charged to respective qualifying asset. Borrowings costs incurred/proportioned on projects, otherwise qualified for capitalization, where ultimate expected profitability is expected to be negative, is not capitalized, and is charged to statement of profit and loss. All other borrowing costs, not eligible for capitalization, are charged to the statement of profit and loss.

(l) Revenue recognition

The Company derives revenues primarily from the business of Real Estate Development and related activities including construction, consultancy and rentals etc. Further, most of the business conducted is within the geographical boundaries of India. Revenue is recognized in accordance with the principles laid down under IND AS-115.

(i) Real Estate Projects

The Company recognizes revenue using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.

Performance obligations are satisfied over time when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (i) the Company's performance creates or enhances the asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (ii) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

Revenues in excess of invoicing are classified as contract assets (also referred to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (also referred to as unearned revenues).

The amount of contract revenue may increase or decrease from one period to the next on account of:

- (a) Variations or claims contractually agreed that increase or decrease contract revenue in a period subsequent to that in which the contract with customers was initially agreed;
- (b) Penalties arising from delays caused by the Company in the completion of the contract, where such penalties are certain. These

penalties do not include those which have not yet been committed to the customers where the possession of the unit has not been handed over.

Further, the Company recognizes revenue on Percentage of Completion Method (POCM) on completion of the following events:-

- (a) All critical approvals necessary for commencement of the project have been obtained including, wherever applicable - environmental & other clearances, approval of plans, designs etc., title to land or other rights of development / construction & change in land use.
- (b) The expenditure incurred on construction & development is not less than 25% of the construction and development costs.
- (c) At least, 25% of the saleable project area is secured by contracts or agreements with buyers.
- (d) The Company starts giving possession in that project and has qualified for the criterion as stated in POCM 115.
- (e) At least, 10% of the total revenue as per the agreements of sale or any other legally enforceable document are realized at the reporting date in respect of each of the contracts & it is reasonable to expect that the parties to such contracts will comply with the payment terms as defined in the contracts.

When it is probable that total costs will exceed total project revenue, the expected loss is recognized as an expense immediately.

An entity shall account for a contract with a customer that is within the scope of this Standard only when all of the following criteria are met:

- (a) the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- (b) the entity can identify each party's rights regarding the goods or services to be transferred;
- (c) the entity can identify the payment terms for the goods or services to be transferred;
- (d) the contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- (e) It is probable that the entity will conduct the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

- intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.
- (ii) **Construction contracts**
The Company recognizes revenue from construction contracts using Percentage of Completion Method (POCM), where performance obligation is satisfied over a period of time.
- Performance obligations are satisfied over time when the Company transfers control of goods over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if (i) the Company's performance creates or enhances an asset, viz. projects in progress, that the customer controls as the asset is created or enhanced, or (ii) the Company's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.
- (a) The stage of completion under the POC method is measured on the basis of percentage that actual costs incurred on construction contracts to the total estimated cost of the contract.
- (b) Revenue on account of contract variations, claims and incentives are recognized/adjusted upon settlement or when it becomes reasonably certain that such variations, claims and incentives are both measurable and recoverable/adjustable.
- (c) Contract revenue is measured at the fair value of the consideration received or receivable. The measurement of contract revenue is affected by a variety of uncertainties that depend on the outcome of future events. The estimates often need to be revised as events occur and uncertainties are resolved. Therefore, the amount of contract revenue may increase or decrease from one period to the next.
- (iii) **Accounting of projects with co-developers (JVs)**
All the development expenses and sale proceeds booked during the year are transferred to the co-developer at the year-end as per the mutual agreement with each such co-developer.
- (iv) **Sale of land and land development rights**
Revenue from sale of land and development rights is recognized upon transfer of all significant risks and rewards of ownership of such real estate/property, as per the terms of the contracts entered into with buyers, which generally coincides with the firming of the sales contracts/ agreements.
- (v) **Sale of construction material**
Revenue from sale of construction material is recognized when transfer of significant risk and rewards of such material takes place. Such sale is recognized net of taxes.
- (vi) **Sale of investment**
Net sale proceeds of the investments including the investment in subsidiaries, joint ventures and associates developing real estate projects are recognized on completion of sale of such investment.
- (vii) **Consultancy income**
Consultancy income is recognized on accrual basis based on contractual terms on the performance of such services. Revenue is recognized proportionately by reference to the performance of acts defined contractually. The revenue is recognized when it is reasonable sure that Company has completed its performance obligation and the revenue shall ultimately be realized. The revenue recognized is determined on the basis of contract value, associated costs, number of acts or other suitable basis.
- (viii) **Interest income**
Interest income is recognized only when no significant uncertainty as to measurability or collectability exists. Income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income from financial Assets is recognized using E.I.R. method.
- (ix) **Dividend income**
Dividend income is recognized when the right to receive the same is established.
- (x) **Income from interest on delayed payment by customers**
The revenue on account of interest on delayed payment by customers is accounted for at the time of acceptance / settlement with customers due to uncertainties with regard to determination of amount receivable until then.
- (m) Foreign Currency Transactions**
These Financial Statements are presented in Indian Rs. (INR) which is the Company's functional currency. A foreign currency transaction is recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Monetary items denominated in a foreign currency are reported using the closing rate or at the amount which is likely to be realized from, or required to disburse such items at the Balance Sheet date as the situation demands. Non-monetary items carried in term of historical cost denominated in foreign currency, are reported using exchange rate at the date of transaction. Exchange differences arising on the settlement of monetary items or on reporting an enterprise's monetary items at rates different from those at which they were initially recorded during the period, or reported in previous Financial Statements, are recognized as income

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

or as expenses in the period in which they arise. Exchange differences arising on reporting of long-term monetary assets at rates different from those at which they were initially reported during the period or previous periods in so far they relate to the acquisition of depreciable capital asset is added to or deducted from the cost of assets.

The financial statement of an integral operation is translated using the above principle and procedures. In translating the financial statement of a non-integral foreign operation for incorporation in its financial statement, the following principles and procedures are followed:

- (i) Assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate.
- (ii) Income and expense items of the non-integral foreign operation are translated at exchange rates at the date of the transactions.
- (iii) All resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment.

(n) Taxes on income

Tax Expense have been computed as per the provisions contained in IND AS 12. The tax expense for the period comprises the sum of current tax and deferred income tax. Tax is recognized in the statement of Profit & Loss, except to the extent that it relates to items recognized in the other comprehensive income or in equity, in which case, the tax is also recognized in Other Comprehensive income.

(i) Current tax

Current tax assets & liabilities are measured at the amount expected to be recovered from or paid to the income tax authorities, based on tax rates and laws that are enacted at Balance Sheet date.

(ii) Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets & liabilities in the Financial Statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax asset & liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(o) Employee benefits

Employee benefits have been computed as per the provisions contained in IND AS 19

(i) Short-term employee benefits

The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered by employees as

- (a) a liability (accrued expense) after deducting any amount already paid. Excess of amounts paid over liability incurred is treated as prepaid expenses; or
- (b) an expense unless it is eligible to be charged to project in progress or capital work in progress or fixed asset as the case may be.

(ii) Post-employment benefits

(a) Defined contribution plans

The Company, as per detail hereunder, operates defined contribution plans pertaining to Employees State Insurance scheme, Government administered Pension Fund scheme, Provident Fund plan and Superannuation scheme for eligible employees.

The above defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities (funds) or to financial institutions or state managed benefit schemes. Company's contribution to defined contribution plans are recognized in the statement of profit and loss in the financial year to which they relate.

- Employees State Insurance/ Pension Fund scheme:

The Company makes specified monthly contribution towards Employees State Insurance scheme and government administrated pension fund scheme.

- Provident Fund plan:

The Company is obliged to make specified monthly contributions towards employee Provident Fund registered with Regional Provident Fund Commissioner.

(b) Defined benefit obligations

The cost of providing benefits i.e. gratuity and leave encashment is determined using the projected unit credit method, with actuarial valuations carried out annually as at the Balance Sheet date. Actuarial gains and losses are recognized immediately in the statement of profit and loss. The fair value of the plan assets is reduced from the gross obligation under the defined benefit plan, to recognize the obligation on net basis. Past service cost is recognized as expense on a straight-line basis over the average period until the benefits become vested.

(p) Provisions, contingent liabilities and contingent assets

Provisions: Provisions are recognized in respect of liabilities which can be measured only by using a substantial degree of estimates when:

- (i) the Company has a present obligation as a result of a past event;

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

- (ii) a probable outflow of resources embodying economic benefits will be required to settle the obligation; and
- (iii) the amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent Liability: Contingent liability is disclosed in the case of:

- (i) a present obligation arising from a past event, when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- (ii) a possible obligation, that arises out of past events and the existence of which will be confirmed only by one or more uncertain future events unless the probability of outflow of resources is remote.

Contingent Assets: Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

(q) Cash & cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of twelve months or less. Cash flow statement is prepared using the indirect method.

(r) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue, a share split and share warrants conversion.

Diluted earnings per share is calculated by adjusting net profit or loss for the period attributable to equity shareholders and the weighted number of shares outstanding during the period for the effect of all dilutive potential equity shares.

Further where the statement of profit and loss includes extraordinary items, the Company discloses basic and diluted earnings per share computed on the basis of earnings excluding extraordinary items (net of tax expenses).

(s) Fair value measurement

The Company is required to measure the financial instruments at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the Financial Statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

(t) Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets includes trade receivable, loan to body corporate, loan to employees, security deposits and other eligible current and non-current assets. Financial liabilities includes Loans, trade payable and eligible current and non-current liabilities

(i) Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets, and
- (b) the contractual cash flow characteristics of the financial asset.

A financial asset is measured at amortized cost if both of the following conditions are met:

- (a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

- (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- (a) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income.

All financial liabilities are subsequently measured at amortized cost using the effective interest method or fair value through profit or loss.

(ii) Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value at initial recognition, plus or minus, any transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss.

(iii) Financial assets subsequent measurement

Financial assets are subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) as the case may be except for the investment where no information available with the Company. Such investments are subsequently measured at cost. Financial liabilities are subsequently measured at amortized cost or fair value through profit or loss.

(iv) Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

(v) Trade receivables

Trade receivables are the contractual right to receive cash or other financial assets and recognized initially at fair value. Subsequently measured at amortized cost (Initial fair value less expected credit loss). Expected credit loss is the difference between all contractual cash flows that are due to the Company and all that the Company expects to receive (i.e. all cash shortfall), discounted at the effective interest rate.

(vi) Equity investments

All equity investments in scope of IND AS 109 are measured at fair value other than investment in subsidiary, associate & Joint Venture which are stated at cost as per IND AS 27 'separate financial statement'. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by- instrument basis. For other equity instrument due to non-availability of sufficient and recent information, cost is taken as appropriate estimate of fair value with reference to IND AS 109 'financial instruments'.

(vii) Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

(viii) Financial liabilities

Financial liabilities are recognized initially at fair value less any directly attributable transaction costs. These are subsequently carried at amortized cost using the effective interest method or fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(ix) Trade payables

Trade payables represent liabilities for goods and services provided to the Company prior to the end of financial year and which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period or not paid/payable within operating cycle. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

(x) Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2024

the establishment of loan facilities are recognized as transaction costs of the loan.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the Company does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the Financial Statements for issue, not to demand payment as a consequence of the breach.

(xi) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of Company after deducting all of its liabilities. Equity instruments are recognized at the proceeds received, net of direct issue costs.

(xii) De-recognition of financial instrument

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under IND AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(xiii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(xiv) Financial guarantee

Financial guarantee contracts issued by the entities are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of IND AS 109 and the amount recognized less cumulative amortization.

(u) **Non-current assets held for sale/ distribution to owners and discontinued operations**

The Company classifies non-current assets (or disposal groups) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Held for sale is classified only if the asset (or disposal group) is available for immediate sale in its present condition subject only to the terms that are usual and customary for sale for such assets (or disposal group) and its sale is highly probable i.e. Management is committed to sale, which is expected to be completed within the period of contract, as may have been extended by the term of the contract or otherwise. Sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. Non-current assets (or disposal group) that is to be abandoned are not classified as held for sale. Non-current assets held for sale and disposal groups are measured at cost as the fair value is not available with the Company the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the Balance Sheet.

Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale will continue to be recognized.

Non-current asset (or disposal group) is reclassified from held to sale if the criteria are no longer met and measured at lower of:

- (i) Its carrying amount before the asset (or Disposal group) was classified as held for sale, adjusted for any depreciation, amortization or revaluations that would have been recognized had the asset (or disposal group) not been classified as held for sale; and
- (ii) Its recoverable amount at the date of the subsequent decision not to sell.

Any adjustment to the carrying amount of a noncurrent asset that ceases to be classified as held for sale is charged to profit or loss from continuing operations in the period in which criteria are no longer met.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed-off, or is classified as held for sale, and:

- (i) represents a separate major line of business or geographical area of operations;
- (ii) is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or
- (iii) is a subsidiary acquired exclusively with a view to resell.

42. Going concern

The Holding Company has incurred losses in the current and previous years. The Holding Company has huge challenges in meeting its operational obligations, current liabilities including outstanding dues to the Statutory Authorities, Bank Loans and Public Deposits. The Board of Directors of the Holding Company, as appointed by Union of India with the approval of Hon'ble Supreme Court, is in the process of estimating the contractual liabilities and the final outcome of contingent liabilities from the realizable value of the available assets at the contracted value in the current form, which is an on-going activity.

In compliance of the directions of the Hon'ble Supreme Court, as contained in its order dated 20th January 2020, the newly appointed Board of Directors has already stated its position in the Resolution Framework submitted in the Hon'ble Supreme Court on 15.07.2020, followed by updated versions submitted before the Hon'ble Supreme Court on 05.02.2021 and 08.08.2022, vide which the Hon'ble Supreme Court has been requested to grant certain concessions and reliefs so that the Company is able to fulfill its obligations towards the construction and completion of in-complete projects and meet other liabilities. Apart from the mandate of completion of various projects and handing over the completed units to the Homebuyers, the Government appointed Board of Directors has taken a comprehensive view of all pending and other projects and made proposals qua other issues which have a bearing on the Company operating as a going concern. These include various other liabilities and suggested a road map for addressing the same. Though the Hon'ble Supreme Court has yet to take decisions in principle on these issues, clear messages have been given on issues like treatment of refunds to Homebuyers and resultant units becoming a part of the unsold inventory of Unitech, the FD holders being released only the principal amounts of their FDs, and so on and so forth. Even in the case of Noida and Greater Noida Authorities, the Hon'ble Court has deferred the issue of determination of their outstanding dues after hearing the new management and the authorities. As regards the dues of secured creditors, it is important to keep in view that they are having rights over land assets mortgaged to them, the monetization of which in due course should help in meeting a considerable part of their dues. The reasons for opting against the winding up of the Company or its reference under IBC have also been explained in the application filed with the Resolution Framework. Pending a final decision of the Hon'ble Supreme Court, the Financial Statements have, accordingly, been drawn on an on-going basis.
